

2026 SCHOOL CATALOG AND VETERANS' INFORMATION BULLETIN

January 1, 2026 – December 31, 2026

Our Mission

To prepare students for entry-level employment full-time, part-time, temporary agency placement, self-employment, and/or to enhance current job skills in accounting and bookkeeping and related fields by providing a hands-on, real-world, and practical education and training programs in a positive, professional, and supportive environment.

*“Some people dream of success...
while others wake up and work at it.”*

The Value of Career/Vocational Training

Many people feel their best option after high school is to go to a college or university and earn a bachelor's degree. While this isn't a bad plan, there may be a better option. A career training school offers several benefits that a four-year curriculum cannot...and it is often the more logical choice.

When someone graduates from college after four years, they get a degree and are ready to look for a job. The only problem is, they don't know where to start...their college courses did not give them the practical knowledge and skills employers look for in an applicant. They were never fully prepared for their chosen career.

How can a career training school help you get around this? There are numerous ways a career training school, or vocational college, will better prepare you for the real world.

- **Practical Classes** - Vocational schools offer a shorter program because they don't require you to take general education classes...the same ones you had in high school. The courses are highly focused and concentrate on a particular trade or skill set.

- **Career Programs** - Career schools offer you classes where you actually learn how to perform a job instead of just giving you a general idea. They offer hands-on experience; the kind employers require. Courses offer real-world education, not theories and concepts.

- **Time** - Career colleges train you in a significantly shorter period of time so that you spend less time in the classroom and more time getting a job and earning a salary.

- **Job Placement** - Career training schools make sure you're prepared to get a job and keep that job. They give you the skills to step into your career immediately, with minimal on-the-job training.

Career training schools ensure you will succeed in a real-world environment. Their main goal is to get you trained and into a well-paying job. The programs are practical and ensure that you have the knowledge and skills to succeed in your chosen field.

If you're unsure about the time and cost commitment of a four-year college curriculum, consider a more practical alternative: consider a career training school.

Welcome to The Accounting Academy School Catalog and Veteran Bulletin!

Like many people, you're probably wondering...

- ▶ Why learn accounting, bookkeeping, administrative assistant, and tax preparation business office job skills?
- ▶ Don't I need a college degree to do this type of work?
- ▶ Are these careers I would like and be good at?

Why learn accounting, bookkeeping, administrative assistant, tax preparation job skills?

These job skills are the foundation of business, and no matter what your occupation, it is important to understand the fundamentals of finance and office production. However, the best reason to develop these skills is to make it your life's work. A career in these fields offer a strong potential for advancement, interesting work, job security and mobility, choice of industries and businesses, good working conditions, and...excellent monetary rewards over the long-term.

Don't I need a college degree to get hired in these jobs?

No, definitely not. There are numerous entry and staff-level, accounting, bookkeeping, administrative assistant, and tax-related jobs that don't require a college degree: accounting technician; accounts receivable/billing clerk; accounts payable clerk; payroll clerk; bookkeeper; accounting clerk; and auditing clerk. Or you could start your own small business accounting and bookkeeping service. In fact, a college curriculum is not really designed to teach students hands-on, real-world, practical vocational job skills.

Are these careers I would like and be good at?

Accounting, bookkeeping, administrative assistant, and tax business office jobs are not for everyone. It demands high standards and above-average abilities. You must be reasonably intelligent and be willing to think and use reason and rationality, and to act independently with integrity and honesty. In addition, the nature of the work requires strict attention to detail, an affinity for numbers, a high level of productivity, an ability to maintain confidentiality, and good technical and communication skills. You'll also need to know or be able to develop basic typing and computer skills in the areas of data entry, word processing and spreadsheet preparation.

A different career plan for success

Instead of a making a long-term, significant financial commitment to attend college, consider a different plan: quickly learn in-demand accounting, bookkeeping, and administrative assistant office skills in our low-cost short programs. Immediately start earning good pay while gaining real-world experience. Then, while working and gaining knowhow on-the-job, continue your education by earning the first two years of college credits on a part-time basis at a local community college. It's common knowledge that the first two years of college consists primarily of required general education courses and the specialized major courses are in the last two years. It may take longer to get your degree working at it part-time, but when you do get that degree, you'll have supported yourself and gained years of valuable experience.

THE ACCOUNTING ACADEMY

School Information

Institution Mission Statement

The Accounting Academy's mission is to prepare students for entry-level employment full-time, part-time, temporary agency placement, self-employment, and/or to enhance current job skills in accounting and bookkeeping and related fields by providing a hands-on, real-world, and practical education and training program in a positive, professional, and supportive environment.

Institution Goals and Objectives

- To provide a program of study and training that is educationally sound, current, high quality and real-world effective.
- To maintain a clear and consistent admissions process that accurately represents the program and the institution while producing sufficient enrollments to sustain and maintain the program.
- To provide effective student services that recognize individual differences and to ensure successful student retention, graduation, and employability where applicable.
- To establish and maintain employer relationships to ensure industry contacts are necessary for student success.
- To demonstrate the effectiveness of private educational training, thereby providing essential skills to support a productive workforce.
- To ensure proper and ethical administration of all financial aspects of the institution.

Institution Planning and Management

The institution has sound, written, one-year and multi-year plans that encompass both its educational and business objectives. The plans support the mission, facilitate the accomplishment of the institutional goals, and are updated at least annually. The plans include clearly defined specific objectives and operational strategies with time frames, resources, and measurable results identified for subsequent evaluation.

Institution Ethics and Integrity Policy

The institution's policy is to conduct its affairs with the highest standards of honesty and integrity. It will never intentionally misrepresent itself with its stakeholders, including students, employers, employees, federal, state, and local government entities, and our accreditation agency. The institution pledges to meet all lawful obligations, including those obligations arising from participation in federal and state student financial aid programs.

Institution Student Recruitment Policy

The institution's student recruitment activities will always be truthful and avoid any false or misleading impressions of the institution, its programs and services, or employment. It will ensure that its admission policies and procedures to programs are made available to prospective students prior to enrollment and communicated within a time frame that is sensitive to deadlines for enrollment and completion of programs should changes to the information occur.

In addition, the institution's recruitment policy is to ensure that prospective students are informed of the costs, equipment, services, time, and technical competencies, if any, required by its programs, including personal data collection and processes, and charges associated with verification of student identity, prior to enrollment. Full responsibility for all representations made by its recruiting personnel or other employees in recruiting students on its behalf is the responsibility of the President/Chief Administrative Officer of the institution.

Statement of Non-Discrimination

General Policy

Nondiscrimination has been a fundamental policy of the institution since its founding in 2006. The school does not discriminate on the basis of race, sex, age, religion, national or ethnic origin, sexual orientation, disability, marital status, employment status, or prior military service in connection with admission to the facility, or in the administration of the school, or in its education and student services.

The school does not discriminate on the basis of handicaps that would not preclude employment or enrollment in the school. No qualified individual with a disability shall be denied access to and/or participation in services, programs, and activities of the school.

Specific Policy

The school is committed to providing equal educational opportunities for qualified candidates with disabilities in accordance with state and federal laws and regulations, including the American Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973.

To provide equal access for students with disabilities, the school will provide accommodation to the extent necessary to comply with state and federal laws. For each student, these accommodations will specifically address the functional limitations of the disability that adversely affect equal opportunity. Student applicants who would like to request disability accommodation must make a request to the School Director.

School Calendar

The school academic calendar begins January 1st and ends December 31st. There are no formal school vacation or break periods during the school academic calendar year other than federal and state sectioned holidays.

Student registration and enrollment is continuous as new classes begin immediately after a class of students complete and graduate from a program. Thus, the dates vary throughout the school year.

There are no formal school events other than graduation ceremonies at the completion of each training session.

There may be early student release days at an instructor's discretion as required for teacher planning and/or professional development.

Grades, progress and attendance reports are distributed at the end of each month, and Certificates of Completion are awarded on the last day of class.

Unscheduled short-term school holidays of one to two days occur during the academic year as a result of governmental audits and regulatory requirements. These breaks will always be announced in advance.

School History and Major Milestones

Overview

The development of the school curriculum and related educational and training materials began in 2000 and the initial application for approval was submitted to the California Department of Consumer Affairs' Bureau for Private and Post- Secondary Education in 2004. The Bureau awarded the school an approval to operate in 2005 and subsequently five-year annual approvals to operate through January 4, 2026.

Major Milestones

- 2004 - Obtained business license to operate as The Accounting Academy.
- 2004 - Submitted application for approval to operate to the BPPVE.
- 2005 - Opened San Marcos location in San Diego County.
- 2005 - Received temporary approval from BPPVE to operate.
- 2006 - Received permanent approval from BPPVE to operate.
- 2006 - Incorporated in California as American Business College, Inc.
- 2007 - Approved as a training provider by California Workers Compensation.
- 2007 - Approved as a training provider by San Diego Workforce Partnership.
- 2008 - Approved as a training provider by VA GI Bill & Defense Dept. MyCAA.
- 2009 - Branch location established in City of San Diego.
- 2010 - San Diego branch location approved by BPPE.
- 2011 - San Marcos campus temporarily closed pending new larger site.
- 2013 - New Carlsbad branch campus opened six miles from old San Marcos campus.
- 2014 - San Diego Branch converted to Main campus.
- 2016 - Carlsbad branch campus closed.
- 2016 - Filed application to SEVIS to train international students.
- 2017 - Added new administrative assistant and tax programs.
- 2018 - Application to SEVIS to train international students approved.
- 2020 - Received BPPE for three new programs.
- 2021 – Received BPPE approval to offer online education.
- 2023 – Implemented student information and learning systems.
- 2024 – Received Veteran Affairs 85-15 rule waiver.

Bureau for Private Postsecondary Education Approval to Operate

School catalog disclosures and how to contact the Bureau
regarding any unanswered questions about this catalog

Approval Disclosure Statement

The Accounting Academy, a division of American Business College, Inc., is a private educational institution, incorporated in the State of California. The school is approved to operate in the State of California based on provisions of the California Private Postsecondary Education Act of 2009. Approval to operate means compliance with state standards as set forth in the California Education Code and 5, California Code of Regulations. The institution was approved August 31, 2005 as a non-degree granting program and it has been continuously approved to date and through December 31, 2024.

Accreditation and Degree Program Disclosure

The Accounting Academy is not accredited by an accrediting agency recognized by the United States Department of Education. The Accounting Academy does not offer degree programs. Accordingly, the disclosures required for unaccredited degree programs are not applicable, including disclosures regarding: eligibility to sit for applicable licensure examinations in California or other states; recognition of an unaccredited degree for certain employment positions, including positions with the State of California; and eligibility for federal financial aid programs.

Approximate Number Of Days Between the School's Receipt Of Student Quizzes, Exercises, Practice Sets, Etc. And The School's Distribution Or Mailing Of Evaluations

The approximate time or number of days that will elapse between a student's completion of quizzes, exercises, and practice sets, and the school's reporting of the results to each student is as follows: for quizzes, students receive their results immediately after completing true/false, multiple-choice, or fill-in quizzes; for exercises, it varies from one to several hours depending on the type of exercise assigned; and, for practice sets, reporting back evaluation results to students can range from two to three days.

Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at:

Address: 1747 N. Market Blvd. Suite 225, Sacramento, CA 95834.

P.O. Box 980818, West Sacramento, CA 95798-0818 Web site Address: www.bppe.ca.gov

Telephone and Fax #'s: (888) 370-7589 or by fax (916) 263-1897

(916) 574-8900 or by fax (916) 263-1897

As a prospective student, you are encouraged to review this **School Catalog** prior to signing an **Enrollment Agreement**. You are also encouraged to review the **School Performance Fact Sheet**, which must be provided to you prior to signing an enrollment agreement. A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling toll- free number (888) 370-7589 or by completing a complaint form, which can be obtained on the bureau's internet website at: www.bppe.ca.gov.

OSAR Statement

“The Office of Student Assistance and Relief is available to support prospective students, current students, or past students of private postsecondary educational institutions in making informed decisions, understanding their rights, and navigating available services and relief options. The office may be reached by calling (888) 370-7589, option #5 or by visiting osar.bppe.ca.gov”

School Pre-Enrollment Disclosures

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at the Accounting Academy is at the complete discretion of the institution to which you may seek to transfer. Acceptance of the Certificate you earn in the institution's vocational training programs is at the complete discretion of the institution to which you may seek to transfer. If the certificates you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending the Accounting Academy to determine if your certificates will transfer.

Other Pre-Enrollment Disclosures

- The institution received its approval to operate from the California Bureau for Private Postsecondary Education in 2005. The approval is required to be renewed every four years. The current approval expires January 4, 2026.
- The school makes no expressed or implied claim and/or any assurance that the program will guarantee employment subsequent to graduation.
- The school makes no expressed or implied claim and/or any assurance that the program will guarantee accounting g and bookkeeping clients subsequent to completion of training.
- These training programs do not provide English-as-a-Second Language instruction.
- We make no expressed or implied claim about the salary you may earn after completing the programs of instruction, or any claim that you may be able to repay a student loan from the salary received at a job obtained following completion of these training programs.
- We do not represent in any manner that these training programs might lead to employment in an occupation or job title for which a state licensing examination is required.
- We do not offer state or federal student loan guarantees or other federal financial grant-in-aid programs at the present time.
- If a student obtains a loan to pay for the courses of instruction, the student is personally responsible for repayment of the full amount of the loan plus interest, less the amount of any refund.
- The Accounting Academy is a private institution and is not affiliated with any public educational institution.
- The Accounting Academy has never filed, nor has it ever had filed against it, a petition in bankruptcy. The institution does not have a pending petition in bankruptcy, is not operating as a debtor in possession, has not filed a petition within the preceding five years, nor has it had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization Chapter 11 of the United States Bankruptcy Code.

Notice of eligibility for licensure

The Accounting Academy programs are not designed to lead to positions in a profession, occupation, trade, or career field requiring licensure in California.

Facilities, Faculty and Instructional Equipment

Overview of Facility

The school's training center is located in the Mission Valley area of San Diego. The site is located in a professionally maintained business park in a central area of the city with sufficient student parking and special needs access. The inside of the school is configured in a modern, clean, and professional office setting with adequate heating and cooling systems, natural light, etc.

The institution maintains all valid permits applicable to the location of the institution, including a current business license, fire inspection clearance, etc.

Overview of Equipment

The Accounting Academy provides sufficient equipment, technology, and instructional resources to support all approved programs. Facilities include classrooms with appropriate seating, instructor workstations, computers with internet access, presentation equipment, printers, and standard office equipment. Students have access to applicable software, online learning platforms, digital resources, and program-specific materials needed to complete classroom instruction, practical exercises, assessments, and assigned coursework. Equipment is maintained in working conditions and is available in quantities adequate for the number of students enrolled.

The school maintains state-of-the-art general office and specialized business equipment, including large, professional-grade desks and chairs; computers; monitors; keyboards and mice; printers; heavy-duty ten-key calculators; scanners; electronic hole-punch and pencil sharpeners.

Library and Other Learning Resources

The Accounting Academy maintains library and learning resources sufficient to support the programs offered. Available resources include a limited collection of relevant books, periodicals, instructional videos, digital resources, software, online learning platforms, and other training materials. Students may check out available learning resources for a maximum of one week after signing out the materials with an instructor. Instructors also provide guidance to help students identify and use appropriate resources for their coursework and skill development.

Our faculty

The Accounting Academy Faculty

Our faculty members are selected based on their academic credentials, professional experience, teaching ability, and commitment to student success. Faculty possess degrees appropriate to the disciplines they teach and maintain relevant industry certifications and practical experience to ensure students receive current, career-focused instruction.

Minimum Faculty Qualifications

- Bachelor's, master's, or doctoral degree in the teaching discipline or closely related field, as appropriate.
- Relevant industry experience.
- Current professional certifications when applicable (e.g., CompTIA, Microsoft Office Specialist, Certified Billing and Coding Specialist, Certified Medical Administrative Assistant, CPA).
- Demonstrated instructional competency.
- Compliance with institutional, state, and accreditor qualification requirements.

Faculty	Position	Department Program	Degrees	Professional Experience

Schedule of Total Charges for a Period of Attendance and Estimated Total Charges for Entire Program

The following schedule identifies the total charges for a period of attendance and the estimated total charges for the entire educational program. "Total charges" means the sum of institutional and noninstitutional charges, including tuition, registration fee, books, supplies, and the Student Tuition Recovery Fund assessment, if applicable.

The registration fee is a non-refundable institutional charge. The Student Tuition Recovery Fund assessment is a nonrefundable state-imposed charge. The current STRF assessment is \$0.00 per \$1,000 of institutional charges.

Small Business Accounting & Bookkeeping Training Program Objectives

Course Description/Academic Competencies

Appropriate, applicable, and relevant academic competencies are integrated into this occupational program. The program curriculum and material are covered at a basic to intermediate level. Students are not required to have any prerequisite courses or training. The applicable academic competencies are integrated into the occupational program. They will learn and master the practical, real-world knowledge and skills they will encounter on the job.

Educational/Occupational Objectives and Skills

The program provides instruction in the occupational skills essential to success in the occupation, including job knowledge, work habits, and attitudes. The training program specializes in preparing adult students for entry and middle-level positions in the accounting and bookkeeping field as accounting clerks and bookkeepers trained for jobs in the areas of general accounting, bookkeeping, billing, and collection, accounts payable, payroll, and professional work habits and attitudes.

Sequence of Instruction/Student Learning Outcomes

The program provides applicable instruction required for completion determined by desired student learning outcomes. The proprietary curriculum consists of a mountain of training materials, including over fifty comprehensive PowerPoint lectures and many quizzes, tests, exercises, study guides, manuals, etc. covering all the major bookkeeping and accounting areas. Students learn real-world knowledge by working on and completing multiple manual and QuickBooks accounting practice sets consisting of realistic-looking and colorful source documents: customer sales invoices, vendor invoices, cash receipts and disbursements, employee time sheets and paychecks, bank statements, etc. They learn how to

reconcile bank statements, prepare financial statements, and more. In addition, students master keyboarding and ten-key at an advanced level of proficiency, and learn professional work habits and attitudes.

Program Descriptions/Requirements/Student Assessments

The program includes course descriptions, learning objectives, course requirements and learning outcomes in order to facilitate quality assurance and the assessment of student learning. The student's program progress of the required detailed above and their attendance are monitored and recorded at the end of each session. Their grades and scores are entered into their transcript and attendance record the following day. Student reports of progress, attendance, and grades are summarized and published at the end of each month. Copies are distributed to the students and entered into the student's records. Requirements for Completion: (1) 90% or greater cumulative attendance; (2) minimum cumulative grade-point average of 75%; and (3) completion of all exercises/practice sets; and (4) minimum 75% grade on two final exams.

Program Curriculum/Outcomes and Achievement of Objectives

The organization of syllabi, lesson plans, competency tests, and other instructional materials is used to define a sequence for the achievement of objectives. The program is 432 clock hours: evenings Mon-Thurs, 4.5 hours per day, mornings Tues-Thurs 6 hours per day, 18 clock hours per week. Total length is 24 weeks (432 clock hours ÷ 18 clock hours per week) covering 168 calendar days and 6 months. Each week of instruction builds on the accumulative knowledge and skills acquired by the previous weeks to attain the desired student educational and occupational objectives and skills.

Program Organization

The program is organized to guide the delivery of instruction. The program should be designed to effectively guide the delivery of instruction by following a structured framework. It is based on the institution's assessment and identification of the specific skills and knowledge required by the target industry or occupation. The curriculum development is tailored to meet these needs, incorporating both theoretical and hands-on training components.

Clear learning objectives, aligned with industry standards, are established for the program. Additionally, the program incorporates progressive skill-building, allowing our students to start with foundational concepts and gradually advance to more complex, hands-on tasks. Lastly, assessments methods are integrated to measure student progress and ensure mastery of skills.

Program Directs Learning Activities/Methods of Instruction

The program is conducted by an in-class instructor who engages directly with the students and curriculum under his or her guidance or supervision. These activities are designed to facilitate the acquisition of knowledge and skills through direct interaction with the learning materials or required skills. These direct learning activities include lectures, reading materials, hands-on activities, quizzes, exercises, interactive multimedia, real-world practice, and more.

Student Program Progress Benchmarks

The program includes specific benchmarks to measure and evaluate student progress and this information is entered into each student's permanent record. There are two primary records that document these benchmarks: the student transcript and the student attendance record.

Program Practice with Equipment and Materials

To develop skill proficiency, the program requires sufficient practice is provided with equipment and materials similar to those currently used in the occupation. In order to attain their certificate, a student is required to attain keyboard skills of 40wpm and 100% accuracy, and ten-key skills of 100kpm and 100% accuracy. In addition, students must complete all required hands-on, real-world exercises and practice sets.

Job-Related Health, Safety, and Fire Prevention

The work environment for graduates of this program will involve working in an office. Although office-related health, safety, and fire-prevention is not critical factor in this occupation, the institution's program orientation lecture includes general information in this regard. The school Chief Administrative Officer is responsible for overall policy implementation, resource allocation, and oversight of the institution's health and safety program.

Our instructors are responsible for educating students about health and safety protocols specific to office work environments and for referring them to the institution's Health and Safety Manual in the media room.

Program Technology and Technical Support

The program encompasses technical knowledge and skills required in an office setting. This technical support is provided by the instructor as part of the program. Prior to enrollment, each student must complete a Technology Knowledge Survey in order to assess the student's general computer and software skills. Based on the results of this survey, the instructor will adjust the student's instruction and practice according to his or her skill level. The program also includes intensive instruction and daily hands-on keyboarding and ten-key practice, as well as multiple computer-related exercises.

Evaluating Student Achievement

The program includes a systematic, objective, and equitable method of evaluating student achievement based on learning objectives and required competencies. Student reports of progress, attendance, and grades are summarized daily and at the end of each month. Copies are distributed to the students and appropriate agencies and entered into the student's records monthly. Requirements for Completion: (1) 90% or greater cumulative attendance; (2) minimum cumulative grade-point average of 75%; (3) completion of all exercises/practice sets; and (4) minimum 75% grade on two final exams.

Instructional Plan of Academic Competencies and Occupational Skills

WEEKS 1 & 2: ORIENTATION; WORLD OF ACCOUNTING; MASTERING THE CALCULATOR; TEN-KEY-BY-TOUCH; BUSINESS AND MENTAL MATH; SIMPLE AND COMPOUND INTEREST

Student Orientation; School Disclosures; Student Rights; Career Goals; Health and Safety; World of Accounting; Tools of the Trade; Ten-Key by Touch; Ten-Key Worksheets; Mastering the Calculator; Sales Tax Keys; Sale/Cost/Margin Keys; Percentage Keys; Basic Math Review; Basic Math Quizzes; Mastering Mental Math; Mental Math Exercises; Understanding Simple and Compound Interest.

WEEKS 3 & 4: INTRODUCTION TO ACCOUNTING; ACCOUNTING EQUATION, DEBITS AND CREDITS

Introduction to Accounting; The Accounting Equation; Introduction to Debits and Credits; Entering Debits and Credits into General Accounts; T Accounts: A Debit and Credit Memory Tool; Transactions Using Debits and Credits and the General Ledger; Instructor-Led Debit & Credit Worksheets; and Multiple Debit and Credit Comprehensive Debit and Credit Practice Sets.

WEEKS 5 & 6: ACCOUNTING PRINCIPLES, CONCEPTS, PROCESS; ACCOUNTING FOR TIME, CALENDAR, DATES; WORLD OF ACCOUNTS; THE SIX JOURNALS; GENERAL LEDGER; FINANCIAL STATEMENTS

Accounting Principles, Concepts and Process; Accounting for Time, Calendar, Dates; The World of Accounts; The Chart of Accounts; The Six Journals; The General Ledger; The Five General Ledger Account Types; General Ledger Account; Financial Statements; Financial Ratio Analysis; Accounting for Cash; Accounts Receivable.

WEEKS 7 & 8: ACCOUNTING FOR CASH AND ACCOUNTS RECEIVABLE

Definition, Importance, and Nature of Cash; Types of Cash and Cash Equivalents; Importance of Controlling Cash; Cash Receipt and Disbursement journals; General Ledger Cash Account; Cash Receipt and Payment Transactions; Petty Cash; Bank Reconciliations; Definition and Nature of Accounts Receivable; Types of Accounts Associated with Accounts Receivable; Record Accounts Receivable Transactions into Journals and Ledgers; Calculate the Value of Accounts Receivable.

WEEK 9: FIRST MANUAL PRACTICE SET – JS LANDSCAPING COMPANY

Read and Review Step-By-Step Instructions; Review Chart of Accounts; Set Up General Ledger; Enter Transactions into the Six Journals Using Debits and Credits; Foot and Cross Foot the Journals to Verify the Debits and Credits Equal; Post the Journal Total Debits and Credits to the General Ledger Accounts; Update the General Ledger Account Balances; Prepare Trial Balance; Reconcile the Bank Account; Prepare the Balance Sheet, Income Statement, and Financial Ratio Analysis.

WEEKS 10 & 11: INVENTORY, PREPAIDS, FIXED ASSETS, AND DEPRECIATION

Accounting for Inventory; Definition, Nature of inventory; Basic Inventory Transactions; Inventory Operating Cycle; Three Types of Inventory; Four Methods of Valuing Inventory; Inventory Turnover Rate; Markup and Margin Definitions; Selling Price Equation; Markdowns; Accounting for Prepaid Expenses; Definition of a Prepaid Expense; the Prepaid Expense Worksheet; Accounting for Fixed Assets and Depreciation; Definition and Types of Fixed Assets; Determine Cost; Definition and Purpose of Depreciation; the Four Depreciation Methods; Disposition of fixed assets

WEEK 12: SECOND MANUAL PRACTICE SET – ANDERSON LAW FIRM

Read and Review Step-By-Step Instructions; Review Chart of Accounts; Set Up General Ledger; Enter Transactions into the Six Journals Using Debits and Credits; Foot and Cross Foot the Journals to Verify the Debits and Credits Equal; Post the Journal Total Debits and Credits to the General Ledger Accounts; Update the General Ledger Account Balances; Prepare Trial Balance; Reconcile the Bank Account; Prepare the Balance Sheet, Income Statement, and Financial Ratio Analysis.

WEEK 13: ACCOUNTS PAYABLE, ACCRUED EXPENSES, ACCOUNTING FOR ERRORS

Accounting for Accounts Payable; Accounts Payable Concepts, Definitions, Functions, and Processes; Infinite Variety of Suppliers, Goods, and Services Affecting the AP Process; AP Purchasing/Payment Cycle; AP Payment Terms and Discounts; Manual AP Processing vs Computerized AP Processing; Basic Tools of An AP Clerk; Definition of Accrued; Definition of Accrued Expenses/Liabilities; Effect of Accrued Expenses/Liabilities on Financial Statements; Types of Accrued Expenses; Purpose and Method of Recording Accrued Expenses/Liabilities; How to Maintain Control Over Accrued Expenses/Liabilities; Definition of an Accounting Error; How Accounting Errors Occur; Different Types of Errors; How to Find Accounting Errors; How and When to Correct an Error.

WEEKS 14: THIRD MANUAL PRACTICE SET – ATLAS ARCHITECT

Read and Review Step-By-Step Instructions; Practice Set Includes Two Months of Activity; Complete One Full Month Before Moving On To the Next Month; Review Chart of Accounts; Set Up General Ledger; Enter Transactions into the Six Journals Using Debits and Credits; Foot and Cross Foot the Journals to Verify the Debits and Credits Equal; Post the Journal Total Debits and Credits to the General Ledger Accounts; Update the General Ledger Account Balances; Prepare Trial Balance; Reconcile the Bank Account; Prepare the Balance Sheet, Income Statement, and Financial Ratio Analysis.

WEEK 15: ACCOUNTING FOR PAYROLL AND PAYROLL TAXES

Introduction and Overview of Payroll; Payroll History and Laws; Importance of Thorough Payroll Records; Employee hiring procedures; Typical Payroll Processes and Procedures. Six Categories of Workers; Employees vs Independent Contractors; Exempt vs Non-Exempt Employees; Four Categories of Exempt Employees; Payroll Transactions; Payroll Definitions, and Records Used in Payroll Accounting; How to Calculate Regular and Overtime Pay; Comp-time; Federal and State Tax Deductions; When Wages are Taxable; Rules for Depositing Federal and State Payroll Tax Deposits; Payroll Tax Forms; Complete a Full Manual Payroll Practice Set

WEEKS 16: MID-TERM GENERAL JOURNAL ENTRY EXAM; KEYBOARDING AND TEN-KEY PROFICIENCY TESTING; COMPREHENSIVE ACCOUNTING REVIEW OF PREVIOUS SECTIONS

Mid-Term General Journal Entry Exam; Keyboarding/10-Key Proficiency; Review of Accounting Principles and Process; Chart of Accounts; Six Journals; General Ledger.

WEEKS 17: FOURTH MANUAL PRACTICE SET – FREEDOM FURNITURE STORE

Read and Review Step-By-Step Instructions; Review Chart of Accounts; Set Up General Ledger; Enter Transactions into the Six Journals Using Debits and Credits; Foot and Cross Foot the Journals to Verify the Debits and Credits Equal; Post the Journal Total Debits and Credits to the General Ledger Accounts; Update the General Ledger Account Balances; Prepare Trial Balance; Reconcile the Bank Account; Prepare the Balance Sheet, Income Statement, and Financial Ratio Analysis.

WEEKS 18 & 19: FIFTH MANUAL PRACTICE SET – BETTY’S BAKERY

Read and Review Step-By-Step Instructions; Review Chart of Accounts; Set Up General Ledger; Enter Transactions into the Six Journals Using Debits and Credits; Foot and Cross Foot the Journals to Verify the Debits and Credits Equal; Post the Journal Total Debits and Credits to the General Ledger Accounts; Post Individual Customer and Vendor Debit and Credit Transactions to the AR and AP Subsidiary Ledgers; Update the General Ledger Account Balances and AR/AP Subsidiary Account Balance; Prepare Trial Balance; Reconcile the Bank Account; Prepare the Balance Sheet, Income Statement, and Financial Ratio Analysis.

WEEKS 20 & 21: INTRODUCTION TO QUICKBOOKS AND FIRST QUICKBOOKS ACCOUNTING PRACTICE SET - JS LANDSCAPING COMPANY

Introduction to QuickBooks; First QuickBooks Accounting Practice Set; Follow Step-By-Step Instructions; Create a New Company; Set Up Chart of Accounts, Customers, Set Up Charge Item List; Set Up Vendors, Configure QuickBooks for Manual Payroll; Set Up Employees, Enter Transactions; Prepare Trial Balance; Reconcile the Bank Account; Prepare the Balance Sheet, Income Statement, and Financial Ratio Analysis.

WEEKS 22 & 23: SECOND QUICKBOOKS ACCOUNTING PRACTICE SET - ANDERSON LAW FIRM

Second QuickBooks Accounting Practice; Follow Step-By-Step Instructions; Create a New Company; Set Up Chart of Accounts, Customers, Set Up Charge Item List; Set Up Vendors, Configure QuickBooks for Manual Payroll; Set Up Employees, Enter Transactions; Prepare Trial Balance; Reconcile the Bank Account; Prepare the Balance Sheet, Income Statement, and Financial Ratio Analysis.

WEEK 24 : THIRD QUICKBOOKS ACCOUNTING PRACTICE SET – ATLAS ARCHITECTS

Third QuickBooks Accounting Practice; Follow Step-By-Step Instructions; Create a New Company; Set Up Chart of Accounts, Customers, Set Up Charge Item List; Set Up Vendors, Configure QuickBooks for Manual Payroll; Set Up Employees, Enter Transactions; Prepare Trial Balance; Reconcile the Bank Account; Prepare the Balance Sheet, Income Statement, and Financial Ratio Analysis.

Course Description/Academic Competencies

Appropriate, applicable, and relevant academic competencies are integrated into this occupational program. The program curriculum and material are covered at a basic to intermediate level. Students are not required to have any prerequisite courses or training. The applicable academic competencies are integrated into the occupational program. They will learn and master the practical, real-world knowledge and skills they will encounter on the job.

The program offers job training in basic and technical office skills, as well as a variety of general and specialized clerical duties required by every business. This includes, but is not limited to typing, ten-key, computer hardware and software concepts, Microsoft Office suite, and good written, oral, telephone, and email communication skills. In addition, the program will teach students how to create and maintain organized files and records, learn good telephone habits, develop strong proofreading and editing skills for grammar and spelling, become competent in the use of basic business math, and acquire a basic knowledge of bookkeeping. The program also covers other key administrative assistant soft skills such as maintaining a positive attitude at work, time management, and business etiquette.

Educational/Occupational Objectives and Skills

This training program offers a practical, real-world, hands-on learning experience for those who are seeking to acquire the job skills required to become an administrative assistant. The role of an administrative assistant goes beyond the traditional stereotype of a secretary. These professionals may be responsible for managing calendars, taking meeting minutes, preparing travel arrangements and handling expense reports. The curriculum and materials are covered at a basic level. Students will learn basic administrative assistant skills by performing the actual hands-on, real-world, practical work they would encounter on the job.

Sequence of Instruction/Student Learning Outcomes

The program provides applicable instruction required for completion determined by desired student learning outcomes. The proprietary curriculum consists of a mountain of training materials, including over fifty comprehensive PowerPoint lectures and many quizzes, tests, exercises, study guides, manuals, etc. covering all the major bookkeeping and accounting areas. Students learn real-world knowledge by working on and completing multiple manual and QuickBooks accounting practice sets consisting of realistic-looking and colorful source documents: customer sales invoices, vendor invoices, cash receipts and disbursements, employee time sheets and paychecks, bank statements, etc. They learn how to reconcile bank statements, prepare financial statements, and more. In addition, students master keyboarding and ten-key at an advanced level of proficiency, and learn professional work habits and attitudes.

Program Descriptions/Requirements/Student Assessments

The program includes course descriptions, learning objectives, course requirements and learning outcomes in order to facilitate quality assurance and the assessment of student learning. The student's program progress of the required detailed above and their attendance are monitored and recorded at the end of each session. Their grades and scores are entered into their transcript and attendance record the following day. Student reports of progress, attendance, and grades are summarized and published at the end of each month. Copies are distributed to the students and entered into the student's records. Requirements for Completion: (1) 90% or greater cumulative attendance; (2) minimum cumulative grade-point average of 75%; and (3) completion of all exercises/practice sets; and (4) minimum 75% grade on two final exams.

Program Curriculum/Outcomes and Achievement of Objectives

The organization of syllabi, lesson plans, competency tests, and other instructional materials is used to define a sequence for the achievement of objectives. The program is 288 clock hours: evenings Mon-

Thurs, 4.5 hours per day, mornings Tues-Thurs 6 hours per day, 18 clock hours per week. Total length is 16 weeks (288 clock hours ÷ 18 clock hours per week) covering 112 calendar days and 4 months. Each week of instruction builds on the accumulative knowledge and skills acquired by the previous weeks to attain the desired student educational and occupational objectives and skills.

Program Organization

The program is organized to guide the delivery of instruction. The program should be designed to effectively guide the delivery of instruction by following a structured framework. It is based on the institution's assessment and identification of the specific skills and knowledge required by the target industry or occupation. The curriculum development is tailored to meet these needs, incorporating both theoretical and hands-on training components.

Clear learning objectives, aligned with industry standards, are established for the program. Additionally, the program incorporates progressive skill-building, allowing our students to start with foundational concepts and gradually advance to more complex, hands-on tasks. Lastly, assessments methods are integrated to measure student progress and ensure mastery of skills.

Program Directs Learning Activities/Methods of Instruction

The program is conducted by an in-class instructor who engages directly with the students and curriculum under his or her guidance or supervision. These activities are designed to facilitate the acquisition of knowledge and skills through direct interaction with the learning materials or required skills. These direct learning activities include lectures, reading materials, hands-on activities, quizzes, exercises, interactive multimedia, real-world practice, and more.

Student Program Progress Benchmarks

The program includes specific benchmarks to measure and evaluate student progress and this information is entered into each student's permanent record. There are two primary records that document these benchmarks: the student transcript and the student attendance record.

Program Practice with Equipment and Materials

To develop skill proficiency, the program requires sufficient practice is provided with equipment and materials similar to those currently used in the occupation. In order to attain their certificate, a student is required to attain keyboard skills of 40wpm and 100% accuracy, and ten-key skills of 100kmp and 100% accuracy. In addition, students must complete all required hands-on, real-world exercises and practice sets.

Job-Related Health, Safety, and Fire Prevention

The work environment for graduates of this program will involve working in an office. Although office-related health, safety, and fire-prevention is not critical factor in this occupation, the institution's program orientation lecture includes general information in this regard. The school Chief Administrative Officer is responsible for overall policy implementation, resource allocation, and oversight of the institution's health and safety program.

Our instructors are responsible for educating students about health and safety protocols specific to office work environments and for referring them to the institution's Health and Safety Manual in the media room.

Program Technology and Technical Support

The program encompasses technical knowledge and skills required in an office setting. This technical support is provided by the instructor as part of the program. Prior to enrollment, each student must complete a Technology Knowledge Survey in order to assess the student's general computer and software skills. Based on the results of this survey, the instructor will adjust the student's instruction and practice according to his or her skill level. The program also includes intensive instruction and daily hands-on

keyboarding and ten-key practice, as well as multiple computer-related exercises.

Evaluating Student Achievement

The program includes a systematic, objective, and equitable method of evaluating student achievement based on learning objectives and required competencies. Student reports of progress, attendance, and grades are summarized daily and at the end of each month. Copies are distributed to the students and appropriate agencies and entered into the student's records monthly. Requirements for Completion: (1) 90% or greater cumulative attendance; (2) minimum cumulative grade-point average of 75%; (3) completion of all exercises/practice sets; and (4) minimum 75% grade on two final exams.

Instructional Plan of Academic Competencies and Occupational Skills

WEEK 1: STUDENT ORIENTATION, WORLD OF ADMIN ASSISTANT, KEYBOARDING, TYPING, COMPUTER CONCEPTS, HARDWARE, SOFTWARE, AND WINDOWS BASICS

Student Orientation; School Disclosures; Student Rights; Career Goals; World of Administrative Assistant; Tools of Trade; Review Training Program Syllabus and Manual; Skills and Responsibilities of an Administrative Assistant; Mastering keyboarding and Typing Skills; basic organization skills; Key Computer System Components and Computer Terms; Hardware Components of the Computer; Software and Operating systems and Applications; User Files.

WEEK 2: ORGANIZATION SKILLS AT WORK, WINDOWS PROGRAM AND FILE MANAGMENT

Organization Skills at Work; The Windows operating system; Launching Windows Programs; Logging On; Sizing and Moving Windows; Running Multiple Programs; Switching Between Programs; Shutting Down Windows; Manage Files; Create and Use Folders; Rename Files and Folders; The Recycle Bin; Back Up Files.

WEEK 3: WORKING WITH WORD BASICS, CREATING AND EDITING BUSINESS LETTERS

Overview of Microsoft Word; How to Start Word and Work with Word's Ribbon interface; the Quick Access Toolbar and the Mini Toolbar; Open and Close Documents; Navigate Through Documents; Use Word's Help Feature; Exit Word. Business Letter Styles; Letter Formatting; Entering and Editing Text; Word Wrap; Text Selection; Drag and Drop; Undo and Redo; Copy and Move Text; Switch Between Documents; Save and Print Documents; AutoCorrect and Automatically Correct Common Errors.

WEEK 4: CREATING A MEMORANDUM AND A PRESS RELEASE

Create a Memorandum; Learn About Tabs; Insert and Format Dates; Insert Symbols; Automatic and Manual Page Breaks; Basic Proofreading Tools; Formatting Text; Format Painter; Find and Replace Text and Formats.

WEEK 5: MICROSOFT WORD

Complete multiple beginner, intermediate, and advanced Microsoft Word exercises.

WEEK 6: TIME MANAGEMENT SKILLS, INTRODUCTION OF MICROSOFT EXCEL

Time Management Skills at Work; Introduction to Microsoft Excel; How to Use and Launch Excel; How to Navigate an Excel Worksheet; Entering Text and Numbers into Cells; Difference Between Worksheets and Workbooks; How to Save Worksheets and Workbooks.

WEEK 7: MICROSOFT EXCEL-EDITING, VIEWING, AND PRINTING WORKSHEETS

Select Cells and Ranges; Edit a Worksheet; Replace and Delete Entries; Use Undo and Redo; Using AutoCorrect, AutoFill, and AutoComplete; Use Different Views Before Printing a Worksheet.

WEEK 8: MICROSOFT EXCEL-WORKING WITH FORMULAS AND FUNCTIONS

Formulas and Functions; Create and Modify Basic Formulas and Functions; AutoSum; Relative, Absolute, and Mixed Cell References; Copy Functions and Formulas; Display Cell formulas Rather Than Values.

WEEK 9: MICROSOFT EXCEL

Complete multiple beginner, intermediate, and advanced Microsoft Excel exercises.

WEEK 10: TELEPHONE SKILLS, MICROSOFT POWERPOINT-CREATING, PRESENTATIONS

Telephone Skills at Work; Basics of PowerPoint; Navigating the PowerPoint Window; Inserting Text; Applying Themes; The PowerPoint Ribbon; Inserting Slides; Automated Bulleted List Feature; Create a Basic presentation; Appropriate Slide Layout; Present a Slide Show and Save.

WEEK 11: MICROSOFT POWERPOINT-DESIGNING THE PRESENTATION

Presentation Design; Improve Consistency; Format and Organize Text; Add slides; Outline Panel; Practice Using Slide Sorter View; Create Outline in Word; Import to PowerPoint to Automate Slide Creation; Format Painter; Organize Slides by Sections; Page Set Up; Print Preview; Print Set Up; Output Formats.

WEEK 12: POSITIVE ATTITUDE AT WORK, BUSINESSMICROSOFT ACCESS-OVERVIEW

Positive Attitude at Work; introduction to Access Database Program; Basics of Database Structure; Launch Access 2010; Elements of Access Welcome Window; Open Actual Database; Learning the Navigation Pane;

WEEK 13 BUSINESS ETIQUETTE, VOCABULARY, SPELLING, BASIC ACCOUNTING & BOOKKEEPING- Business Etiquette; Business Vocabulary; Business Spelling and Grammar; Introduction to Basic Accounting and Bookkeeping.

Accounts Payable Specialist Program Objectives

Course Description/Academic Competencies

Appropriate, applicable, and relevant academic competencies are integrated into this occupational program. The program curriculum and material are covered at a basic to intermediate level. Students are not required to have any prerequisite courses or training. The applicable academic competencies are integrated into the occupational program. They will learn and master the practical, real-world knowledge and skills they will encounter on the job.

This training program is a non-degree certificate program designed to provide practical, hands-on, and real- world job skills as an Accounts Payable Specialist. Accounts payable functions include the processing, recording and payment of vendor invoices, employee expense reimbursements and petty cash account reimbursements in a complete, accurate, and timely manner.

Educational/Occupational Objectives and Skills

This training program offers a practical, real-world, hands-on learning experience for those who are seeking to acquire the job skills required to become an accounts payable specialist.

Keyboard and ten-key efficiency
Basic math and mental math skills
Understand basic accounting concepts
Set up new vendor accounts
Maintain accurate files and ledgers
Process/record vendor invoices
Process payments and debit memos

Unpaid and open balances follow up
Resolve vendor disputed charges
Conduct account research and analysis
Periodically audit vendor ledgers
Reconcile vendor statements
Prepare monthly AP aging reports
Reconcile AP to the General Ledger

Sequence of Instruction/Student Learning Outcomes

The program provides applicable instruction required for completion determined by desired student learning outcomes. The proprietary curriculum consists of a mountain of training materials, including over fifty comprehensive PowerPoint lectures and many quizzes, tests, exercises, study guides, manuals, etc. covering all the major bookkeeping and accounting areas. Instructional Plan of Academic Competencies and Occupational Skills

WEEK 1: STUDENT ORIENTATION, TYPING/KEYBOARDING, TEN-KEY-BY-TOUCH, BASIC MATH

Student Orientation; School Disclosures; Student Rights; Career Goals; Tools of the Trade; Typing and Keyboarding; Ten-Key-by-Touch; Ten-Key Worksheets; Basic Math Review; Mastering Mental Math; Simple and Compound Interest.

WEEK 2: COMPLETE WEEK 1 AND THE WORLD OF ACCOUNTING

Complete Work from Week 1; The World of Accounting; Accounting Rules and Concepts; the Accounting Equation; the Two Methods of Accounting;

WEEK 3: ACCOUNTING PROCESS, ACCOUNTS, JOURNALS, LEDGERS, FINANCIAL STATEMENTS

The Accounting Process; the World of Accounts; the Chart of Accounts; Journals; the General Ledger; the Balance Sheet and Income Statement.

WEEK 4: OVERVIEW OF ACCOUNTS PAYABLE

Introduction to Accounts Payable; the Accounts Payable Profession and Career Profile; Accounts Payable Concepts, Definitions, Functions, and Processes; the Infinite Variety of Suppliers of Goods and Services; the Accounts Payable Cycle; How the Two Functions of Accounts Payable are Recorded Using Debits and Credits; Understanding AP Payment Terms and Discounts; Manual AP Processing vs Computer AP Processing; Vendor Master File; the Basic Tools of the Accounts Payable Specialist.

WEEK 5: ACCOUNTS PAYABLE TRANSACTION PROCESSING

The Importance of Time, Dates, and the Calendar; Vendor Invoices and statements; Vendor Payments and Adjustments; the Purchases Journal; the Cash Payments Journal; the General Journal; Entering Vendor Invoices, Payments, and Adjustments into Journals Exercise.

WEEK 6: ACCOUNTING FOR INVENTORY

Definition and Nature of Inventory; Basic Inventory Transactions; the Inventory Operating Cycle; the Three Types of Inventories; Typical Inventory Invoice; Accounting for Shipping Costs; the Four Methods of Valuing Inventory; the Inventory Turnover Rate.

WEEK 7: MARGINS, MARKUPS, AND THE SELLING PRICE EQUATION

Importance of Margins and Markups to the Success of a Business; Misunderstanding Margins and Markups in Setting Sales Price Can Have Dire Consequences; Understanding Margin and Markup Definitions and the Difference Between the Two; Mastering the Selling Price Equation; Understanding Markdowns.

WEEK 8: ACCOUNTING FOR DEPRECIABLE FIXED ASSETS (PROPERTY, PLANT AND EQUIPMENT)

The Definition and Nature of Fixed Assets; Applicable Accounting Concepts; Types of Fixed Assets; Cost Basis and Generally Accepted Accounting Principles; Recording the Purchase of Fixed Assets; Determining When a Repair Becomes a Fixed Asset; Definition and Purpose of Depreciation; Recording Depreciation Expense; the Four GAAP Depreciation Methods; Disposition of a Fixed Asset.

WEEK 9: ACCOUNTING FOR PREPAID EXPENSES

Definition of a Prepaid Expense; Accounting Principles Applicable to Prepaid Expenses; Various Types of Prepaid Expenses; Recording the Purchase of Prepaid Expenses; Maintaining and Controlling Prepaid Expenses.

WEEK 10: ACCOUNTS PAYABLE VENDOR INVOICE PROCESSING, RECORDING, AND PAYMENT

Processing, Recording, and Payment of Vendor Invoices Exercise; Accounts Payable Month-end Aging of Accounts Exercise; Calculating Average Daily Unpaid Credit Purchases Outstanding Exercise.

WEEK 11: ACCOUNTING FOR CASH

Definition, Importance, and Nature of Cash; Types of Cash and Cash Equivalents; Controlling Cash; Cash Receipt and Payment Journals; the General Ledger Cash Account; Cash Receipt and Payments Processing Using Debits and Credits.

WEEK 12: SALES AND USE TAXES

Introduction to Sales and Use Taxes; Definitions of Sales and Use Tax; History and Purpose; the Difference between Sales and Uses Taxes; Bookkeeping for Sales and Use Taxes; Overview of State Laws and Regulations; Sales and Use Tax Return Exercise.

WEEK 13: CREDIT POLICIES AND PROCEDURES

The Importance of Credit in Business; Definition, Types, and Uses of Credit; Business Credit vs. Consumer Credit; Credit Ratings, Credit Scores, and Credit Rating Agencies; Laws and Regulations Controlling the Credit Industry.

WEEK 14: COLLECTION POLICIES AND PROCEDURES

The Art and Principles of Collection; the Collection Process and Methods for Improving Collections; Collection Rules According to the Federal Fair Debt Collection Practice Act; Preparing Friendly, Diplomatic, Demand Collection Letters; Collection Agencies and How they Work; Skip Tracing; Credit and Collection Professional and Trade Associations.

WEEK 15: BUSINESS LAW

The Legal Structure and Nature of Business Entities; Sole Proprietors; Partnerships; Corporations; Understanding Basics of Business Entity Legal Liability; Becoming Familiar with the Uniform Commercial Code.

WEEK 16: INTERNAL CONTROL, ETHICS, RECORD RETENTION

Sequence of Instruction/Student Learning Outcomes

The program provides applicable instruction required for completion determined by desired student learning outcomes. The proprietary curriculum consists of a mountain of training materials, including over fifty comprehensive PowerPoint lectures and many quizzes, tests, exercises, study guides, manuals, etc. covering all the major bookkeeping and accounting areas. Students learn real-world knowledge by working on and completing multiple manual and QuickBooks accounting practice sets consisting of realistic-looking and colorful source documents: customer sales invoices, vendor invoices, cash receipts

and disbursements, employee time sheets and paychecks, bank statements, etc. They learn how to reconcile bank statements, prepare financial statements, and more. In addition, students master keyboarding and ten-key at an advanced level of proficiency, and learn professional work habits and attitudes.

Program Descriptions/Requirements/Student Assessments

The program includes course descriptions, learning objectives, course requirements and learning outcomes in order to facilitate quality assurance and the assessment of student learning. The student's program progress of the required detailed above and their attendance are monitored and recorded at the end of each session. Their grades and scores are entered into their transcript and attendance record the following day. Student reports of progress, attendance, and grades are summarized and published at the end of each month. Copies are distributed to the students and entered into the student's records. Requirements for Completion: (1) 90% or greater cumulative attendance; (2) minimum cumulative grade-point average of 75%; and (3) completion of all exercises/practice sets; and (4) minimum 75% grade on two final exams.

Program Curriculum/Outcomes and Achievement of Objectives

The organization of syllabi, lesson plans, competency tests, and other instructional materials is used to define a sequence for the achievement of objectives. The program is 288 clock hours: evenings Mon-Thurs, 4.5 hours per day, mornings Tues-Thurs 6 hours per day, 18 clock hours per week. Total length is 16 weeks (288 clock hours ÷ 18 clock hours per week) covering 112 calendar days and 4 months. Each week of instruction builds on the accumulative knowledge and skills acquired by the previous weeks to attain the desired student educational and occupational objectives and skills.

Program Organization

The program is organized to guide the delivery of instruction. The program should be designed to effectively guide the delivery of instruction by following a structured framework. It is based on the institution's assessment and identification of the specific skills and knowledge required by the target industry or occupation. The curriculum development is tailored to meet these needs, incorporating both theoretical and hands-on training components. Clear learning objectives, aligned with industry standards, are established for the program. Additionally, the program incorporates progressive skill-building, allowing our students to start with foundational concepts and gradually advance to more complex, hands-on tasks. Lastly, assessments methods are integrated to measure student progress and ensure mastery of skills.

Program Directs Learning Activities/Methods of Instruction

The program is conducted by an in-class instructor who engages directly with the students and curriculum under his or her guidance or supervision. These activities are designed to facilitate the acquisition of knowledge and skills through direct interaction with the learning materials or required skills. These direct learning activities include lectures, reading materials, hands-on activities, quizzes, exercises, interactive multimedia, real-world practice, and more.

Student Program Progress Benchmarks

The program includes specific benchmarks to measure and evaluate student progress and this information is entered into each student's permanent record. There are two primary records that document these benchmarks: the student transcript and the student attendance record.

Program Practice with Equipment and Materials

To develop skill proficiency, the program requires sufficient practice is provided with equipment and materials similar to those currently used in the occupation. In order to attain their certificate, a student is required to attain keyboard skills of 40wpm and 100% accuracy, and ten-key skills of 100kpm and 100% accuracy. In addition, students must complete all required hands-on, real-world exercises and practice sets.

Job-Related Health, Safety, and Fire Prevention

The work environment for graduates of this program will involve working in an office. Although office-related health, safety, and fire-prevention is not critical factor in this occupation, the institution's program orientation lecture includes general information in this regard. The school Chief Administrative Officer is responsible for overall policy implementation, resource allocation, and oversight of the institution's health and safety program.

Our instructors are responsible for educating students about health and safety protocols specific to office work environments and for referring them to the institution's Health and Safety Manual in the media room.

Program Technology and Technical Support

The program encompasses technical knowledge and skills required in an office setting. This technical support is provided by the instructor as part of the program. Prior to enrollment, each student must complete a Technology Knowledge Survey in order to assess the student's general computer and software skills. Based on the results of this survey, the instructor will adjust the student's instruction and practice according to his or her skill level. The program also includes intensive instruction and daily hands-on keyboarding and ten-key practice, as well as multiple computer-related exercises.

Evaluating Student Achievement

The program includes a systematic, objective, and equitable method of evaluating student achievement based on learning objectives and required competencies. Student reports of progress, attendance, and grades are summarized daily and at the end of each month. Copies are distributed to the students and appropriate agencies and entered into the student's records monthly. Requirements for Completion: (1) 90% or greater cumulative attendance; (2) minimum cumulative grade-point average of 75%; (3) completion of all exercises/practice sets; and (4) minimum 75% grade on two final exams.

Program Syllabus-Sequential Outline of Subject Matter, Skills to be Learned

WEEK 1: STUDENT ORIENTATION, TYPING/KEYBOARDING, TEN-KEY-BY-TOUCH

Student Orientation; School Disclosures; Student Rights; Career Goals; Tools of the Trade; Typing and Keyboarding; Ten-Key-by-Touch; Ten-Key Worksheets.

WEEK 2: REVIEW OF BASIC BUSINESS MATH

Basic Math Review; Mastering Mental Math; Simple and Compound Interest; Understanding Markups and Margins.

WEEK 3: THE WORLD OF ACCOUNTING

The World of Accounting; Accounting Rules and Concepts; the Accounting Equation; the Two Methods of Accounting;

WEEK 4: THE ACCOUNTING PROCESS, ACCOUNTS, JOURNALS, LEDGERS, FINANCIAL STATEMENTS

The Accounting Process; the World of Accounts; the Chart of Accounts; Journals; the General Ledger; the Balance Sheet and Income Statement.

WEEK 5: OVERVIEW OF ACCOUNTS RECEIVABLE

Introduction to Accounts Receivable; the Accounts Receivable Cycle; Customer Master File; Types of Accounts Associated with Accounts Receivable; Selling to Customers on Account; Customer Sales Invoices vs Statements; Customer Subsidiary Ledgers; Calculating Average Daily Sales Outstanding; Estimating Collectability of Outstanding Accounts Receivable.

WEEK 6: COOPERATING WITH SALES STAFF

Importance of Sales and Accounts Receivable Relationship; What AR Can Do to Help the Sales Staff; Tips and Techniques for Maintaining the Relationship; Educating the Sales Staff about Accounts Receivable; Keeping Sales from Selling to Noncreditworthy Customers.

WEEK 7: ACCOUNTS RECEIVABLE TRANSACTION PROCESSING

The Importance of Time, Dates, the Calendar Customer Sale Invoices; Customer Cash Receipts; Customer Adjustments; the Sales Journal; the Cash Receipts Journal; the General Journal; Entering Customer Invoices, Receipts, and Adjustments into Journals Exercise.

WEEK 8: CUSTOMER MASTER FILE

Importance of Customer Master File; File Maintenance; Customer Types; Tax Identification Numbers; Contact Individual; Credit Score; Customer Payment and Credit Terms; Sales Tax Exempt or Non-Exempt Status; Billing and Payment History.

WEEK 9: CUSTOMER RELATIONS

The Customer's Accounts Payable and Purchasing Departments; The Value of Establishing Good Relations with a Customer's Purchasing and Accounts Payable Staff; Customer Purchase Orders; Customer P-Cards or Procurement Cards (ProCards); Customer Letters of Credit; How AP Associates Can Affect When Payment is Made

WEEK 10: ACCOUNTS RECEIVABLE BILLING AND MONTH-END EXERCISES

Accounts Receivable Customer Sales Invoice Billing Exercise; Accounts Receivable Month-end Aging of Accounts Exercise; Calculating Average Daily Sales Outstanding Exercise; Estimating Collectability of Outstanding AR and Adjusting the Allowance for Doubtful Accounts Exercise.

WEEK 11: ACCOUNTING FOR CASH RECEIPTS

Definition, Importance, and Nature of Cash; Types of Cash and Cash Equivalents; Controlling Cash; Cash Receipt and Payment Journals; the General Ledger Cash Account; Cash Receipt and Payments Processing Using Debits and Credits.

WEEK 12: SALES AND USE TAXES

Introduction to Sales and Use Taxes; Definitions of Sales and Use Tax; History and Purpose; the Difference between Sales and Uses Taxes; Bookkeeping for Sales and Use Taxes; Overview of State Laws and Regulations; Sales and Use Tax Return Exercise.

WEEK 13: CUSTOMER CREDIT

The Importance of Credit in Business; Definition, Types, and Uses of Credit; Business Credit vs. Consumer Credit; Credit Ratings, Credit Scores, and Credit Rating Agencies; Laws and Regulations Controlling the Credit Industry.

WEEK 14: CUSTOMER COLLECTIONS

The Art and Principles of Collection; the Collection Process and Methods for Improving Collections; Collection Rules According to the Federal Fair Debt Collection Practice Act; Preparing Friendly, Diplomatic, Demand Collection Letters; Collection Agencies and How they Work; Skip Tracing; Credit and Collection Professional and Trade Associations.

WEEK 15: BUSINESS LAW AND ACCOUNTS RECEIVABLE

The Legal Structure and Nature of Business Entities; Sole Proprietors; Partnerships; Corporations; Understanding Basics of Business Entity Legal Liability; Becoming Familiar with the Uniform Commercial Code.

WEEK 16: INTERNAL CONTROL AND ETHICS

Definition of Internal Control; Objective of Internal Control; How to Achieve Strong Internal Control; How to Apply Control over Cash Receipts and Payments; the Practical Realities of Internal Control; Understand the Nature Finance Ethics.

How Student Skills are Measured

Student reports of progress, attendance, and grades are summarized and published at the end of each month. Copies are distributed to the students and entered into the student's records. Requirements for Completion: (1) 90% or greater cumulative attendance; (2) minimum cumulative grade-point average of 70%; and (3) completion of all exercises and practice sets.

Payroll Specialist Objectives

Course Description

This training program is a non-degree certificate program designed to provide practical, hands-on, and real-world job skills as an entry-level Payroll Specialist. Payroll specialists collect timekeeping information of employees, manage benefit packages with payroll software and accurately calculate pay according to the hours worked.

They also manage any employee complaints and questions regarding payroll and investigate and resolve any errors in payroll in a timely manner.

A payroll specialist job duties also include, but not limited to: maintaining payroll information by collecting, calculating, and entering data; updating payroll records by entering changes in exemptions, insurance coverage, savings deductions, and job title and department transfers; preparing reports by compiling summaries of earnings, taxes, deductions, leave, disability, and nontaxable wages; determining payroll liabilities by calculating employee federal and state income and social security taxes and employer's social security, unemployment, and workers compensation payments; resolving payroll discrepancies by collecting and analyzing information; providing payroll information; maintaining payroll operations by following policies and procedures; and protect payroll operations by keeping information confidential.

Educational Objectives

By the end of this course, you will have the basic skills to obtain an entry-level position as a payroll clerk specialist and have a good understanding of the following:

- Federal payroll laws & regulations
- Prepare and process a payroll
- Complete forms for new employees
- Create employee earnings record
- Identify various pay period options
- Determine employee pay
- Calculate commissions and bonuses
- Identify employee deductions
- Determine taxable earnings
- Calculate income tax withholding

Length and Sequence/Frequency of Classes

The organization of syllabi, lesson plans, competency tests, and other instructional materials is used to define a sequence for the achievement of objectives. The program is 288 clock hours: evenings Mon-Thurs, 4.5 hours per day, mornings Tues-Thurs 6 hours per day, 18 clock hours per week. Total length is 16 weeks (288 clock hours ÷ 18 clock hours per week) covering 112 calendar days and 4 months. Each week of instruction builds on the accumulative knowledge and skills acquired by the previous weeks to attain the desired student educational and occupational objectives and skills.

Schedule of Total Charges for a Period of Attendance and Estimated Total Charges for Entire Program

The total charges for a period of attendance are based on the number of hours of student attendance times the average hourly estimated total tuition charge of 18.52 ($7,000 \div 378$ hours). The estimated total charges for the entire program are 7,500, including tuition, registration 100, books 200, and supplies 200.

Methods of Instruction

Onsite Method of Instruction

Onsite class sessions are conducted by a dedicated instructor at the school's four-classroom facility located in the central San Diego City area of Kearny Mesa. The site is located in a professionally maintained business

park with sufficient student parking and special needs access. The inside of the school is configured in a modern, clean, and professional office setting with adequate heating and cooling systems, natural light, etc.

Training Resources and Materials

The training program utilizes both proprietary and third-party training materials and resources for both the onsite and online programs. The proprietary curriculum was developed and designed by the CPA owner, operator, and instructor with over fifty years of accounting and finance experience. The third-party educational resources the payroll manual and online materials developed by Labyrinth Learning of Berkeley, California, entitled Payroll Accounting, A Practical, Real-World Approach, 7th Edition, by Eric A. Weinstein, CPA.

Program Syllabus-Sequential Outline of Subject Matter, Skills to be Learned

WEEK 1: ORIENTATION, WORLD OF PAYROLL, TYPING, 10-KEY-BY-TOUCH, BASIC MATH

Student Orientation; School Disclosures; Student Rights; Career Goals; World of Payroll; Tools of the Trade; Ten-Key-by-Touch; Ten-Key Worksheets; Basic Math; Mastering Mental Math.

WEEK 2: OVERVIEW AND INTRODUCTION TO THE PAYROLL PROFESSION

The Size, Scope, and Nature of the Payroll Profession; Job Descriptions of a Payroll Clerk and Payroll Supervisor; History of Payroll in the U.S., Laws that Affect Employers in their Payroll Operations; Records Required by Law and Regulation; Importance of a Thorough Payroll Records System; Overview of Employee Hiring Procedures and Typical Payroll Processes and Procedures.

WEEK 3: CATEGORIES OF WORKERS, PAYROLL TRANSACTIONS, RECORDS, DEFINITIONS, WAGES AND DEDUCTIONS

The Six Categories of Workers; Difference Between Employees and Independent contractors; Difference Between Exempt and Non-Exempt Employees and the Four Categories of Exempt Employees; Recording payroll transactions; Payroll Definitions, and Records Used in Payroll Accounting;

WEEK 4: CATEGORIES OF WORKERS, PAYROLL TRANSACTIONS, RECORDS, DEFINITIONS, WAGES AND DEDUCTIONS - Continued

Calculation of Regular and Overtime Pay, 'Comp-Time' and Federal and State Tax Deductions; Determining when Wages are Taxable; The Rules for Depositing Federal and State Payroll Tax Deposits; Preparation of a Manual Small Business Payroll for Five employees.

WEEK 5: PROCESSING A NEW EMPLOYEE

The Employee Paystub; Summary of Tax Rates; The Fair Labor Standards Act; The Federal Minimum Wage; Calculating Overtime Wages; Child Labor Restrictions; Circular E and Form SS-4; Employer Identification Number; Hiring an Employee; The Personal Responsibility and Work Opportunity Reconciliation Act of 1996; Forms SS-5 and W-4;

WEEK 6: PROCESSING A NEW EMPLOYEE - Continued

The Immigration Reform and Control Act of 1986; Form I-9; Workers' Compensation Insurance; Payroll Certifications; Utilizing a Payroll Service; Employee Earnings Record; Self-Assessment; Practice Sets A and B; Continuing Payroll Problem.

WEEK 7: CALCULATING EMPLOYEE WAGES

Pay Periods and Workweeks; Pay Period Options; Defining the Workweek; Wage Determination Issues; The Equal Pay Act of 1963 (EPA); State Minimum Wages; Timecards; Salaries and Wages; Calculating Overtime Pay; Converting to Hourly Rates; Weekly Wage Conversions; Annual Salary Conversions;

WEEK 8: CALCULATING EMPLOYEE WAGES - Continued

Commissions, Bonuses, and Incentive Plans; Paying Commissions; Awarding Bonuses; Offering Incentive

Plans; Alternative Pay Considerations; Self-Employment Income; Tipped Employees; Utilizing Piecework Systems; Payroll Register; Self-Assessment; Practice Sets A and B; Continuing Payroll Problem

WEEK 9: FEDERAL AND STATE INCOME TAX WITHHOLDING

Deductions from Employee Earnings; Mandatory Deductions; Voluntary Deductions; Distinguishing Between Gross Pay and Taxable Pay; Federal Income Tax Withholding; The Wage-Bracket Method; The Percentage Method; Other Federal Income Tax Withholding Considerations;

WEEK 10: FEDERAL AND STATE INCOME TAX WITHHOLDING – Continued

Deceased and Terminated Employees; Changing the W-4 Form; State Income Tax Withholding; Local Income Tax Withholding; The Payroll Register; Self-Assessment; Practice Sets A and B; Continuing Payroll Problem.

WEEK 11: FICA TAXES AND VOLUNTARY DEDUCTIONS

FICA Taxes and Voluntary Deductions; Social Security Tax; The Social Security Wage Base; Taxable Earnings for Social Security Tax; Calculating Social Security Tax; Medicare Tax; Additional Medicare Tax; Additional Withholding Tax Considerations; State Disability Insurance; Wage Garnishments.

WEEK 12: FICA TAXES AND VOLUNTARY DEDUCTIONS – Continued

Contributing to Retirement Plans; Cafeteria Plans; Dependent Care Benefits; Charitable Contributions, Union Dues, and Insurance Premiums; Completing the Payroll Register; Accounting for Payroll (Employees); Self-Assessment; Practice Sets A and B.

WEEK 13: FEDERAL AND STATE UNEMPLOYMENT TAXES

Federal Unemployment Tax (FUTA); Credit Reduction States; Making FUTA Tax Payments; State Unemployment Tax (SUTA); SUTA Experience Rating; Matching Social Security, Medicare Tax;

WEEK 14: FEDERAL AND STATE UNEMPLOYMENT TAXES – Continued

Accounting for Payroll (Employer); Nonemployee Compensation; Independent Contractors; Forms W-9, 1099-MISC, and 1096; The Self-Employment Contributions Act (SECA); Statutory Nonemployees.

WEEK 15: FEDERAL AND STATE UNEMPLOYMENT TAXES – Continued

Self-Assessment; Practice Sets A and B; Continuing Payroll Problem.

WEEK 16: PERIODIC AND YEAR-END PAYROLL REPORTING

Accounting for Payroll (Periodic Entries); Submitting Unemployment Tax Payments; Voluntary Withholding Payments; Employer's Quarterly Federal Tax Return Form 941; The Electronic Federal Tax Payment System;

How Student Skills are Measured

Student reports of progress, attendance, and grades are summarized and published at the end of each month. Copies are distributed to the students and entered into the student's records. Requirements for Completion: (1) 90% or greater cumulative attendance; (2) minimum cumulative grade-point average of 70%; and (3) completion of all exercises and practice sets.

Tax Preparer/Enrolled Agent Objectives

Course Description/Academic Competencies

Appropriate, applicable, and relevant academic competencies are integrated into this occupational program.

The program curriculum and material are covered at a basic to intermediate level. Students are not required to have any prerequisite courses or training. The applicable academic competencies are integrated into the occupational program. They will learn and master the practical, real-world knowledge and skills they will encounter on the job.

Educational/Occupational Objectives and Skills

The program provides instruction in the occupational skills essential to success in the occupation, including job knowledge, work habits, and attitudes. The Tax Prepared/Enrolled Agent training program and related study materials are designed to teach students federal income tax laws, regulation, and procedures in order to obtain an entry-level tax preparer job, and to become sufficiently knowledgeable to pass the Internal Revenue Service's Special Enrollment Examination (SEE). Students learn to prepare tax returns and research tax issues for federal individuals, partnerships, corporations, estates, and trusts. The curriculum and material are covered at a basic to intermediate level.

Sequence of Instruction/Student Learning Outcomes

The program provides applicable instruction required for completion determined by desired student learning outcomes. The proprietary curriculum consists of a mountain of training materials, including over fifty comprehensive PowerPoint lectures and many quizzes, tests, exercises, study guides, manuals, etc. covering all the major bookkeeping and accounting areas. Students learn real-world knowledge by working on and completing multiple manual and QuickBooks accounting practice sets consisting of realistic-looking and colorful source documents: customer sales invoices, vendor invoices, cash receipts and disbursements, employee time sheets and paychecks, bank statements, etc. They learn how to reconcile bank statements, prepare financial statements, and more. In addition, students master keyboarding and ten-key at an advanced level of proficiency, and learn professional work habits and attitudes.

Program Descriptions/Requirements/Student Assessments

The program includes course descriptions, learning objectives, course requirements and learning outcomes in order to facilitate quality assurance and the assessment of student learning. The student's program progress of the required detailed above and their attendance are monitored and recorded at the end of each session. Their grades and scores are entered into their transcript and attendance record the following day. Student reports of progress, attendance, and grades are summarized and published at the end of each month. Copies are distributed to the students and entered into the student's records. Requirements for Completion: (1) 90% or greater cumulative attendance; (2) minimum cumulative grade-point average of 75%; and (3) completion of all exercises/practice sets; and (4) minimum 75% grade on two final exams.

Program Curriculum/Outcomes and Achievement of Objectives

The organization of syllabi, lesson plans, competency tests, and other instructional materials is used to define a sequence for the achievement of objectives. The program is 288 clock hours: evenings Mon-Thurs, 4.5 hours per day, mornings Tues-Thurs 6 hours per day, 18 clock hours per week. Total length is 16 weeks (288 clock hours ÷ 18 clock hours per week) covering 112 calendar days and 4 months. Each week of instruction builds on the accumulative knowledge and skills acquired by the previous weeks to attain the desired student educational and occupational objectives and skills.

Program Organization

The program is organized to guide the delivery of instruction. The program should be designed to effectively guide the delivery of instruction by following a structured framework. It is based on the institution's assessment and identification of the specific skills and knowledge required by the target industry or occupation. The curriculum development is tailored to meet these needs, incorporating both theoretical and hands-on training components. Clear learning objectives, aligned with industry standards, are established for the program. Additionally, the program incorporates progressive skill-building, allowing our students to start

with foundational concepts and gradually advance to more complex, hands-on tasks. Lastly, assessments methods are integrated to measure student progress and ensure mastery of skills.

Program Directs Learning Activities/Methods of Instruction

The program is conducted by an in-class instructor who engages directly with the students and curriculum under his or her guidance or supervision. These activities are designed to facilitate the acquisition of knowledge and skills through direct interaction with the learning materials or required skills. These direct learning activities include lectures, reading materials, hands-on activities, quizzes, exercises, interactive multimedia, real-world practice, and more.

Student Program Progress Benchmarks

The program includes specific benchmarks to measure and evaluate student progress and this information is entered into each student's permanent record. There are two primary records that document these benchmarks: the student transcript and the student attendance record.

Program Practice with Equipment and Materials

To develop skill proficiency, the program requires sufficient practice is provided with equipment and materials similar to those currently used in the occupation. In order to attain their certificate, a student is required to attain keyboard skills of 40wpm and 100% accuracy, and ten-key skills of 100kmp and 100% accuracy. In addition, students must complete all required hands-on, real-world exercises and practice sets.

Job-Related Health, Safety, and Fire Prevention

The work environment for graduates of this program will involve working in an office. Although office-related health, safety, and fire-prevention is not critical factor in this occupation, the institution's program orientation lecture includes general information in this regard. The school Chief Administrative Officer is responsible for overall policy implementation, resource allocation, and oversight of the institution's health and safety program.

Our instructors are responsible for educating students about health and safety protocols specific to office work environments and for referring them to the institution's Health and Safety Manual in the media room.

Program Technology and Technical Support

The program encompasses technical knowledge and skills required in an office setting. This technical support is provided by the instructor as part of the program. Prior to enrollment, each student must complete a Technology Knowledge Survey in order to assess the student's general computer and software skills. Based on the results of this survey, the instructor will adjust the student's instruction and practice according to his or her skill level. The program also includes intensive instruction and daily hands-on keyboarding and ten-key practice, as well as multiple computer-related exercises.

Evaluating Student Achievement

The program includes a systematic, objective, and equitable method of evaluating student achievement based on learning objectives and required competencies. Student reports of progress, attendance, and grades are summarized daily and at the end of each month. Copies are distributed to the students and appropriate agencies and entered into the student's records monthly. Requirements for Completion: (1) 90% or greater cumulative attendance; (2) minimum cumulative grade-point average of 75%; (3) completion of all exercises/practice sets; and (4) minimum 75% grade on two final exams.

The Tax Prepared/Enrolled Agent training program and related study materials are designed to teach students federal income tax laws, regulation, and procedures in order to obtain an entry-level tax preparer job, and to become sufficiently knowledgeable to pass the Internal Revenue Service's Special Enrollment Examination (SEE). Students learn to prepare tax returns and research tax issues for federal individuals, partnerships, corporations, estates, and trusts. The curriculum and material are covered at a basic to intermediate level.

The training program utilizes proprietary institution materials, federal income tax resources, as well as third-party training materials. The third-party educational materials were developed by Surgent Professional Education, the largest independent provider of continuing education for colleges, universities, CPAs, and other financial professionals in the United States. Surgent is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of CPE on the National Registry of CPE Sponsors and as a QAS Self-Study provider, as well as an approved Continuing Education provider by the IRS, the CFP® Board, and CTEC. Our courses are accepted for CPE credit in all 50 states and in Washington, D.C. The instructor and students use Surgent's Enrolled Agent review Premier Pass comprehensive training resources and materials.

PART ONE - INDIVIDUALS

Week 1: Introduction to Federal Income Taxes; Review of IRS Individual 1040 Instructions; Review of IRS 1041 Estates and Trusts Instructions; Surgent Chapter 1 - Income Tax Return; Filing Requirements; U.S. Citizens and Residents Living Outside the U.S.; Dependents; Nonresident Aliens; Extensions of Time to File; Filing Status; Personal Exemptions and Dependents.

Week 2: Surgent Chapter 2 - Income; Wages, Salaries, Tips, and other Earnings; Interest Income; Dividends and Other Corporate Distributions; Rental Income and Expenses; Passive Activities; Retirement Plans, Pensions, and Annuities; Traditional IRAs; Roth IRAs; Social Security; Foreign Source Income & Foreign Earned Income Exclusion; Other Income; Canceled Debts; Bartering; Partnership Income; Court Awards and Damages; Scholarships and Fellowships.

Week 3: Surgent Chapter 3 - Gains and Losses; Basis of Property; Purchase of Property; Property Received by Gift; Inherited Property; Property Received for Services; Stock Dividends, Rights and Splits; Property Transfers Between Spouses; Capital Gains and Losses; Holding Period; Net Capital Gain Computation; Gifted Property Sales; Sale of Inherited Property; Capital Loss Limitations and Carryovers; Nonbusiness Bad Debt; Section 1244 Stock; Sale to Related Parties; Installment Sales; and Sale of Residence.

Week 4: Surgent Chapter 4 - Adjustments to Income; Individual Retirement Arrangements (IRAs); Qualified Plans; Simplified Employee Pension; 401(k) Plans; Moving Expenses; Alimony and Child Support; Health Savings Account; Student Loan Deduction; Tuition and Fees Deduction; Penalty on Early Withdrawal; Other Adjustments to Income.

Week 5: Surgent Chapter 5 - Standard Deductions and Itemized Deductions; Medical Expenses; Taxes; Interest Expenses; Charitable Contributions; Nonbusiness Casualty and Theft Losses; Employee Business Expenses; Work-Related Education Expenses; Miscellaneous Itemized Deductions.

Week 6: Surgent Chapter 6 - Credits; Earned Income Credit (EIC); Child and Dependent Credit; Child Tax Credit; Education Credits; Credit for the Elderly or the Disabled; Foreign Tax Credit; Adoption Credit; Retirement Savings Contributions; Credit for Prior Year Minimum Tax.

Week 7: Surgent Chapters 7 and 8 - Taxes; Alternative Minimum Tax; Self-Employment Tax; Household Employment Taxes; Estimated Tax Payments; Estate and Gift Tax; Estate Tax Return; Gift Tax Return.

PART TWO - BUSINESSES

Week 8: Surgent Chapter 1 - Business Entities; Employer Identification Number; Accounting Periods; Accounting Methods; Cash Basis; Accrual Basis 8 Related Parties; Change in Accounting Method; Inventories; Uniform Capitalization Rules.

Week 9: Surgent Chapter 2 - Partnerships; Formation; Family Partnerships; Filing Requirements; Organization Expenses; Tax Year; Partners' Distributive Share of Income, Expenses, Gains and Losses;

Partnership Distribution; Partner's Gain/Loss; Partner's Basis-Distributed-Property; Transactions Between Partnership and Partners; Guaranteed Payments; Sale/Exchange of Property to Related Parties; Contribution of Property; Basis of Partner's Interest; Disposition of Partner's Interest; Sale, Exchange or Other Transfer; Unrealized Receivables/Inventory Items; Liquidation-Partner's Retirement or Death.

Week 10: Surgent Chapter 3 - C Corporations; Businesses Taxed as Corporations; Property Exchanged for Stock; Services Exchanged for Stock; Return Filing and Payment Requirements; Estimated Tax Payments and Extensions; Organizational and Start-Up Expenses; Business Income and Deductions; Related Party Transactions; Dividends-Received Deduction; Below-Market Loans; Charitable Contributions; Capital Gains; Capital Losses; Net Operating Losses; Tax Calculations; Controlled Group of Corporations; Earnings and Profits; Reconciliation of Income (Schedule M-1); Accumulated Earnings Tax; Distributions to Shareholders; Reporting Dividends and Other Distributions; Withholding Taxes; Stock Redemptions; Corporate Liquidations.

Week 11: Surgent Chapters 4 and 5 - S Corporations; The Election; Termination of S Corporation Status; Shareholder's Basis; Losses; Capital Gains; Pass Through Items; Taxes; Distributions to Shareholders; Business Income and Expenses; Information Returns; Self-Employment Income; Employees' Pay; Interest Expenses; Bad Debts; Travel and Entertainment; Insurance Expenses; Business Gifts; Casualty and Theft Losses; Taxes; Rent Expense; Other Business Expenses; Depreciation, and Depletion Deduction; Depreciable Property; Section 179 Deduction; Depletion; General Business Credit; Work Opportunity Credit; Credit for Small Employer Pension Startup Costs; Disabled Access Credit; Employer-Provided Childcare Facilities and Service Credit; Limitation on Losses; Net Operating Losses; Not-for-profit; Passive Activity Limits; At-Risk Rules.

Week 12: Surgent Chapter 6 - Business Assets; Basis of Property; Purchase of Property; Property Received by Gift; Inherited Property; Property Received for Services; Property Received in Nontaxable Transactions; Stock Dividends, Rights and Splits; Property Transfers Between Spouses; Adjustments to Basis; Goodwill; Gains and Losses on Sales of Business Property; Section 1231 Property; Section 1245 Property; Section 1250 Property; Nontaxable Property Transactions.

Week 13: Surgent Chapter 7 - Estates and Trusts; Final Return for Decedent-Form 1040; Income Tax Return of an Estate-Form 1041; Filing Requirements; Income, Exemptions and Deductions; Credits, Tax, and Payments; Distribution to Beneficiaries from an Estate (Distributive Net Income); Trusts.

Week 14: Chapter 8 and 9 - Tax-Exempt Organizations; Application, Approval, and Appeal Procedures; Filing Requirements; Retirement Plans for Businesses; Qualified Plans;

Week 15: Chapter 10 - Application, Approval, and Appeal Procedures; Filing Simplified Employee Pension (SEP) Savings Incentive Match Plans for Employees (SIMPLE); 401(k) Plans; Farm Accounting.

PART THREE– REPRESENTATION, PRACTICE, AND PROCEDURES

Week 16: Chapter 1 - Tax Practices and Procedures; Tax Preparer Rules; Due Diligence; Tax Preparer Penalties; Practice Before the IRS; Becoming an Enrolled Agent; Requirements for Enrolled Agents.

Week 17: Chapter 1 - Continued

Renewal of Enrollment; Sanctions against Enrolled Agents; Continuing Professional Education (CPE); Practice by Unenrolled Persons;

Week 18: Chapter 2 - Representation before the IRS; Power of Attorney; Legal Authority and References; Examination of Returns; Appeal Rights and Procedures

Student/Instructor Ratio

Overview

The accounting, bookkeeping, administrative assistance, and taxation fields are new to most students and it requires learning new concepts and principles, as well as the ability to grasp many new specific tasks and procedures.

By its very nature, this knowledge, tasks, and procedures require a good work ethic, average intelligence, attention to detail and an ability to accomplish the required tasks efficiently and accurately.

As a result, the programs include a significant number of hours of hands-on, real-world, practical applications requiring the instructor to be constantly available for one-on-one assistance as the students complete their work.

It is for these reasons that the school strives to maintain relatively small number of students in each session to maintain a relatively low student-to-instructor ratio.

Maximum Enrollment for Each Classroom and Program

The maximum number of students for each onsite classroom and program is fifteen (15) in each of the four classrooms.

Student-to-Instructor Ratio

The maximum onsite student-to-instructor ratio is fifteen (15) students to one (1) instructor, and twenty (20) students to one (1) instructor for online classes and programs.

Admissions Requirement

General Admission Requirements

Overview

The school accepts only those applicants who are capable of successfully completing the training program offered. Eligible students are those who have a high school diploma or General Education Diploma (GED) Certificate or its equivalent. The school does not discriminate based on race, color, creed, religion, sex, sexual orientation, ancestry, national origin, age, disability, or any other characteristic that lawfully cannot be the basis for an employment decision by state, local or federal law.

Applicants are to have graduated from high school or have a recognized equivalent of a high school diploma. Recognized equivalents of a high school diploma include:

- (1) A General Education Development Certificate (GED);
- (2) A State-authorized homeschool diploma or other State-approved homeschool completion document.
- (3) A foreign diploma that has been evaluated by an agency approved by the U.S. Department of Education that is at a minimum the qualitative and quantitative equivalent of a high school diploma issued in the United States;
- (4) A State certificate received by a student after the student has passed a State-authorized examination that the State recognizes as the equivalent of a high school diploma; or
- (5) An academic transcript of a student who has successfully completed at least a two-year program that is acceptable for full credit toward a bachelor's degree

Veterans Administration Students

The school is approved by the Department of Veterans Affairs to provide educational training for covered

individuals using benefits under chapter 30, 31, 32, 33, or 35 of title 38, U.S.C., or chapter 1606 of title 10, U.S.C. See Veterans information section below.

International Students

The school is approved by the Department of Homeland Security and U.S. Immigration and Custom Enforcement (ICE) to enroll international students via the Student and Exchange Visitor Program (SEVP). Visa services are not provided, and the institution does not vouch for student status or any associated charges.

Ability-to-Benefit Students

The school does not offer specialized testing of prospective students who have not earned a high school diploma or GED. These prospective 'ability- to-benefit' students are therefore not qualified for admission to the training program.

Age

The minimum age for admission to the training program is 17 years old. A prospective student may be admitted prior to attaining 17 years of age if the student will reach the minimum age within the first half of the program. There is no maximum age limit for admission to the program.

Testing

A prospective student must complete and pass an entrance examination. The exam is a basic intelligence test which assesses basic clerical skills in the areas of math, grammar and spelling, and general cognitive abilities. If a student fails the test, he or she may request a re-test within two weeks after the failed test. A second failure will preclude admission to the program.

Pre-Enrollment Assessment Interview

A prospective student is required to meet with the School Director prior to enrollment for a pre-enrollment interview. The Director will assess the student's relative degree of individual integrity and character, evaluate the student's potential for gaining true benefit from the program and make a determination with respect to the student's chances of success in the accounting profession.

Transfer and Articulation Agreements

The Accounting Academy has not entered into transfer or articulation agreements with any college or university that provides for the transfer of credits earned in the program of instruction.

Evaluation of the validity of a High School Diploma

Regulation 34 CFR 668.16 (p) requires Title IV schools to establish policies and procedures to confirm the authenticity of high school diplomas in the event that the school or the Secretary of the U.S. Department of Education has reason to question the validity of a student's high school diploma.

- The school may require further documentation in the form of a certified copy of final high school transcripts for the high school in question or information from a company that evaluates foreign diplomas (in the case of a foreign diploma) and translate them into English. The Accounting Academy will then confirm that the student is eligible for Postsecondary instruction. Student self-certification is not considered sufficient proof of validity. In addition to checking online for further information about the school issuing the diploma and its accreditation, the school may also contact the Department of Education in the state in which the diploma was issued to determine if the school listed on the diploma is on the state list of recognized schools.

Level of English Language Proficiency Required of Students

Overview of English Language Proficiency

The American Council on the Teaching of Foreign Languages (ACTFL) definition of proficiency is derived from mandates issued by the U.S. Government. These directives indicate that a limited English proficient student is one who comes from a non-English background and who has sufficient difficulty speaking, reading, writing, or understanding the English language and whose difficulties may deny such an individual the

opportunity to learn successfully in classrooms where the language of instruction is English or to participate fully in our society.

General Definitions of English Language Proficiency

Language proficiency levels aren't always easy to define. Translators, interpreters, and linguists define different levels of language proficiency with different terms: bilingual, fluent, proficient, native speaker, and others.

The term native speaker is equal to that of "mother tongue," and it is generally safe to use these two terms interchangeably. A fluent speaker of a language is comfortable with the language; however, it is not necessarily their first, native tongue. A proficient English language person refers to a speaker who, while very skilled in the use of a language, uses the language with greater formality and less familiarity than a native or fluent speaker.

The School's Required Level of English Language Proficiency

The above attempts to clarify English language proficiency, but they are by no means concrete definitions. The school must test a student's basic proficient level of English language since the training program is conducted in that language. Students must be able to write, speak, read, and listen in English in order to be eligible for enrollment to the school.

Documentation of the Required Level of English Language Proficiency Students for whom English is not their native language and/or their second language, a Test of Language as a Foreign Language will be administered in order to document their English proficiency. Failure to pass this test will preclude the student from enrolling into the school's training program.

The school utilizes the Association of Classroom Teacher Tester's (ACTT) Combined English Language Skills Assessment (CELSA) testing program to verify English proficiency in three areas: reading comprehension; sentence structure and grammar; and sentence and syntax skills.

The student must attain an average combined score of 70% or better to demonstrate English proficiency. If the student scores less than the standard passing grade, he or she may re-take the test within five days. If the student again fails the testing, he or she must wait 90 days to re-take the test.

Credit for Prior Experiential Learning

Prior Experiential Learning

Experiential learning is a process through which students develop knowledge, skills, and values from direct experiences outside a traditional academic setting. Experiential learning encompasses a variety of activities including internships, service learning, undergraduate research, study abroad, and other creative and professional work experiences.

This type of learning stimulates academic inquiry by promoting interdisciplinary learning, civic engagement, career development, cultural awareness, leadership, and other professional and intellectual skills.

School Policy Regarding Assessment of Prior Experiential Learning

It is the policy of the school to provide an opportunity for students to document acquired learning from life/work experiences in a format that can be assessed for awarding general program credit. This assessment identifies their learning from life experiences that correlate with certificate-level job-training achievement in the specific programs available at the school.

School Procedures Regarding Assessment of Prior Experiential Learning

The school utilizes a comprehensive survey and checklist to assess a student's general and specific life experiences and prior experiential learning activities. The checklist rates the student's knowledge of the

specific programs available at the school using a comprehensive list of questions rated on a scale of 1 to 5, where 1 is no knowledge or confidence and 5 is expert knowledge and confident. Based on the results of this assessment, the school Education Director will make a determination if prior experiential learning credit will be awarded.

Provisions for Appeal

Students can appeal a prior experiential learning assessment decision by the Education Director within ten days following his decision. The appeal must be in writing stating the specific reasons for the appeal. Appeals filed after ten days will not be considered. The Education Director will respond with his final decision within ten days from the date of the student filed the appeal.

Charges a Student May be Required to Pay

Students will not incur or be required to pay or reimburse the school for any charges with respect to the assessment of prior experiential learning.

Transfer of Credit Policy

Overview

It is the policy of the school to ensure fair and equitable treatment of students relative to transfer of credit. The criteria used by the school to evaluate transfer of credits are the quality of the credits earned relative to comparability and applicability to the school's training curriculum.

Generally, the school will only accept credits earned from an accredited institution recognized by the U.S. Department of Education, or if not accredited, an institution whose program is specifically aligned and consistent with established, recognized industry training standards, or whose acceptance is required by a state of federal approving agency. The school maintains a written record of the previous education and training of eligible persons, veterans, and others, and with the record clearly indicating that credit was or was not granted, with appropriate notification given to each person, veteran, and others.

Requirements for Transfer of Credits

1. The credits must be a component of a college or university curriculum related to core courses in accounting that formed the basis for earning a four-year bachelor's degree in business administration.
2. Earning credit through examination is applicable only to students who have successfully passed the national Certified Public Accountant (CPA) exam.
3. The minimum acceptable grade and/or grade point average is 80% or better; equivalent to a 'B' average.
4. Students must be able support grade point averages, degrees, and other credit-related items by submitting the appropriate official documentation.

Transfer of Students Between Programs

The purpose of this policy is to ensure a fair and transparent process that facilitates smooth transitions for students while maintaining the academic integrity of the institution. Transfer requests will be considered based on the availability of space in the desired program, academic performance, and other program-specific criteria. Students on academic probation or facing disciplinary actions may not be eligible for program transfers until such issues are resolved. Due to the relatively short duration of the institution's programs, students will not receive credit applicable to the program from which the student transfers.

Procedures for Requesting Transfer of Credit

Students requesting acceptance of transfer of credits must submit a written request along with supporting documentation 30 days prior to the beginning of the first training session. The school will make a determination of the acceptability of credits and inform the student prior to the first session.

Transfer and Articulation Agreements

The Accounting Academy has not entered into transfer or articulation agreements with any college or university that provides for the transfer of credits earned in the program of instruction.

Procedures for Appealing Transfer of Credit Decision

Students have a right to appeal transfer of credit decisions by submitting a written response within three business days to the School Director outlining in detail the reasons for objecting to the decision. The response should include appropriate documentation in support of the objection. The School Director shall have three business days to review the appeal and submit to the student a written final determination.

How Transfer of Credits Adjust Total Program Charges

To the extent a student is granted transfer credit based on the above policies, procedures and requirements, total program charges will be adjusted as follows:

College or University Core Accounting Courses

Students who have completed a full-semester college or university core accounting course will be credited a one credit adjustment for each completed course; such total credit adjustments to be applied against total charges.

Successfully Passing the National CPA Exam

In addition to transfer credits applicable to college/university core accounting courses, students who have successfully passed the national CPA examination will be credited with additional five percent (5%) credit adjustment to be applied against total program charges.

How Transfer of Credit Adjusts Financial Aid

To the extent a student is granted transfer credit as described above and had qualified for local, state, or federal financial aid, the same credit adjustments applicable to non-financial aid students apply to financial aid students.

Transfer of Credit to other Institutions

The school will assist students when requesting transfer to other institutions, including providing guidance, counseling, official transcripts, and syllabi with other institutions, colleges, or universities.

Fees Assessed for Evaluating and Granting Transfer of Credit or Verification of Student Identity.

The school does not charge students for testing, evaluating, granting transfer of credit, or costs related to validation of student identity.

Transfer and Articulation Agreements

The Accounting Academy has not entered into transfer or articulation agreements with any college or university that provides for the transfer of credits earned in the program of instruction.

Admission Policies for Students with Special Needs

Students with Special Needs

Students with special needs who meet the entrance criteria are encouraged to consider our training program. By working to create an accessible learning environment, the President/Director and faculty of the school

endeavor to provide a program that will enable students with special needs to approach their training more effectively and to enhance understanding of student special needs within the school.

Special Needs Policy

The school strives to provide a fair and supportive learning environment for academically qualified students with special needs. To this end, the school seeks ways to develop and provide services which support the endeavors of students with special needs.

Special Needs Procedures

While students and faculty are expected to follow the procedures listed below, it is understood that allowances will be made for extenuating circumstances. In situations where there are no extenuating circumstances and the student has not followed these procedures; the policy will not apply.

Students

Prior to submitting an application, prospective students with special needs should meet with the School Director to discuss whether or not desired assistance is available and whether adaptations to teaching or evaluation procedures are needed and can be accommodated. There may be requests that the school is unable to meet.

Faculty

Instructors are expected to ask students with special needs to present themselves to discuss requested adaptations to teaching or evaluation procedures, and if appropriate, develop a process for implementing the accommodations.

Transfer and Articulation Agreements

The Accounting Academy has not entered into transfer or articulation agreements with any college or university that provides for the transfer of credits earned in the school's programs of instruction.

Financial Aid Assistance

Overview

The school is currently not an approved training provider by the U.S. Department of Education under Title IV and it does not participate in any federal aid programs as administered by that agency.

However, the school is an approved training provider for several other federal and state agencies as described below. These agencies offer educational grants-in-aid to qualifying individuals based on available funding and other factors.

U.S. Immigration and Customs Enforcement Student & Exchange Visitor Program (SEVP)

The Student and Exchange Visitor Program (SEVP) is a part of the National Security Investigations Division and acts as a bridge for government organizations that have an interest in information on nonimmigrants whose primary reason for coming to the United States is to be students.

U.S. Veterans Administration Educational Benefit Program

The school is an approved training provider for the Veterans Administration's benefits under chapter 30, 31, 32, 33, or 35 of title 38, U.S.C., or chapter 1606 of title 10, U.S.C.

U.S. Veteran Rapid Retraining Assistance Program (VRRAP)

VRRAP was part of the American Rescue Plan, a 1.9 trillion economic stimulus package, with aid targeted to assist individuals and businesses recover from the effects of the COVID-19 pandemic.

U.S. Department of Defense MyCAA Program

The school is an approved training provider for the Department of Defense's Military Spouse MyCAA

Educational Benefit program.

U.S. Department of Labor

The school is an approved training provider for the Department of Labor's Rehabilitation Educational Benefit program. The department pays for job training for injured federal employees.

U.S. Workforce Innovative Opportunity Act (WIOA)

The school is an approved for the federal WIOA program. It is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy.

California Employment Development Department-CalJobs

The school is an approved training provider for the California Employment Development Department via the Workforce Partnership Career Centers.

Veteran Information

San Diego County is home to the largest population of active duty military and the third largest veteran population in the United States. There are approximately 209,000 veterans in the San Diego area. The Accounting Academy supports our veterans and honors their service to our country.

The Accounting Academy participates in the educational assistance programs of the Department of Veterans Affairs (VA). These students earned benefits under chapter 30, 31, 32, 33, or 35 of title 38, U.S.C., or chapter 1606 of title 10, U.S.C. Our institution supports and subscribes to the VA Principles of Excellence as outlined in the President's April 27, 2012, EXECUTIVE ORDER outlined below.

VA Principles of Excellence

These principles require educational institutions receiving funding pursuant to Federal military and veterans educational benefits to:

- (1) Prior to enrollment, provide prospective students who are eligible to receive Federal military and veterans educational benefits with a personalized and standardized form, as developed in a manner set forth by the Secretary of Education, working with the Secretaries of Defense and Veterans Affairs, to help those prospective students understand the total cost of the educational program, including tuition and fees; the amount of that cost that will be covered by Federal educational benefits; the type and amount of financial aid they may qualify for; their estimated student loan debt upon graduation; information about student outcomes; and other information to facilitate comparison of aid packages offered by different educational institutions.
- (2) Inform students who are eligible to receive Federal military and veterans educational benefits of the availability of Federal financial aid and have in place policies to alert those students of their potential eligibility for that aid before packaging or arranging private student loans or alternative financing programs.
- (3) Prevent fraudulent and unduly aggressive recruiting techniques on and off military installations, as well as misrepresentation, and payment of incentive compensation.
- (4) Obtain the approval of the institution's state approving agency and state veterans administration approving agency for new course or program offerings before enrolling students in such courses or programs, provided that such approval is appropriate under the substantive change requirements of these respective agencies.
- (5) Allow service members and reservists to be readmitted to a program if they are temporarily unable to attend class or have to suspend their studies due to service requirements and take additional steps to accommodate short absences due to service obligations, provided that satisfactory academic progress is being

made by the service members and reservists prior to suspending their studies.

(6) Implement an institutional refund policy that is aligned with the refund of unearned student aid rules applicable to Federal student aid provided through the Department of Education under Title IV of the Higher Education Act of 1965 when students withdraw prior to course completion.

VA Principles of Excellence

(7) Provide student educational plans for all individuals using Federal military and veterans educational benefits that detail how they will fulfill all the requirements necessary to graduate and the expected timeline of completion.

(8) Designate a point of contact for academic and financial advising (including access to disability counseling) to assist service members and veteran students and their families with the successful completion of their studies and with their job searches.

New VA Isakson & Roe Section 1018 of Public Law 116-315W Implementing VA Principles of Excellence

Institution Disclosure Requirements for VA Covered Individuals

Overview

Johnny Isakson and David P. Roe, M.D. Veterans Health Care and Benefits Improvement Act of 2020, added new requirements for educational institutions participating in the educational assistance programs of the Department of Veterans Affairs (VA). These new provisions became effective June 15, 2021 and apply to Institutions of Higher Learning and Non-College Degree institutions beginning August 1, 2021. Many of the requirements are consistent with the President's 2012 Principles of Excellence Executive Order. However, there are new requirements in addition to those embodied in the Principles of Excellence that schools must also satisfy to maintain approval for GI Bill® participation. These are documented below and on the following pages.

The Accounting Academy provides each student using benefits under chapter 31 and 33 of title 38, U.S.C., or chapter 1606 of title 10, U.S.C. with the following personalized shopping sheet that contains:

The Accounting Academy estimated total cost of the course that includes tuition, fees, books, supplies, and any other additional costs.

Program	TUITION				FEES			TOTAL COST		
	Clock Hours	In-State	Out-of-State	Inter-national	Reg. Fee	Books	Supplies	In-State	Out-of-State	Inter-national
Small Business Accounting & Bookkeeping Training Program	432	9,000	9,000	9,000	100	400	400	9,500	9,500	9,500
Administrative Assistant	288	6,000	6,000	6,000	100	200	200	6,500	6,500	6,500
Accounts Receivable Specialist	288	6,000	6,000	6,000	100	200	200	6,500	6,500	6,500

Accounts Payable Specialist	288	6,000	6,000	6,000	100	200	200	6,500	6,500	6,500
Payroll Specialist	288	6,000	6,000	6,000	100	200	200	6,500	6,500	6,500
Enrolled Agent	288	6,000	6,000	6,000	100	200	200	6,500	6,500	6,500

The above total student cost is inclusive; there are no additional other student fees or costs applicable to use of institution computers and other equipment, parking, or other student-related activities.

Estimated Cost of Living Expenses Near the School

The school is located in Southern California, in the County and City of San Diego, approximately nine miles north of downtown San Diego, in an area known as Kearny Mesa. It is just east of Interstate 805 between Balboa Blvd and Clairemont Mesa Blvd at 7283 Engineer Road Suite H, San Diego, California 92111.

Approximate Cost of Housing and Apartments Near the School

The most recent housing market trend indicators for the Kearny Mesa area of San Diego show median sales price for homes at 387 per square foot or 509,500, and median apartment monthly average, cheapest, and highest apartment rents as shown below:

Bedrooms	Average Rent	Cheapest Rent	Highest Rent
Studio Apartments	\$1,897	\$1,351	\$3,834
1 Bedroom Apartments	\$2,257	\$1,320	\$3,220
2 Bedroom Apartments	\$2,698	\$1,750	\$4,394
3 Bedroom Apartments	\$3,159	\$2,485	\$3,932

Approximate Cost of Airbnb Housing, Hotels, and Extended-Stay Prices Near the School

The most recent housing market trend indicators for the Kearny Mesa area of San Diego show Airbnb daily pricing ranging from 22 to 93 for a studio or one-bedroom apartment. The most recent housing market trend indicators for the Kearny Mesa area of San Diego for hotels show daily pricing ranging from 89 to 259. The most recent housing market trend indicators for the Kearny Mesa area of San Diego for extended-stay prices show daily pricing ranging from 112 to 120.

Housing

The school has no responsibility to find or assist a student in finding housing and it does not maintain housing for students, nor does it make recommendations regarding housing. Required school statement by California Education Code Section 94909 Regulation 571810(b)(13)(A): the school does not have dormitory facilities under its control.

Amount of costs above that are covered by VA Education Benefits.

The total cost per program as described above is covered entirely by a VA student's educational benefits.

Other types of Federal financial aid, not administered by VA that is offered by the institution, that the individual may be qualified to receive.

None.

Estimated amount of student loan debt the individual would have upon graduation.

Not applicable.

Information regarding graduation rates.

The Accounting Academy is required annually to report graduation rates to the California Bureau for Private Postsecondary Education, and to its institutional accreditor, the Council on Occupational Education. The institution's Annual School Performance Fact Sheet is given to the student upon admission, which the student must review, sign, and date.

Information regarding job-placement rates for graduates, if available.

The Accounting Academy is required annually to report job placement rates for graduates to the California Bureau for Private Postsecondary Education, and to its institutional accreditor, the Council on Occupational Education. The institution's Annual School Performance Fact Sheet is given to the student upon admission, which the student must review, sign, and date.

Information regarding the acceptance of transfer credits including military credits.

Prior to enrollment veteran students must complete the institution's Veterans Record & Evaluation of Previous Education and Training form. The completed form is discussed and reviewed by an authorized school official and the student to evaluate the student's previous education and training with the goal of determining credit for these accomplishments.

Any additional requirements including training, experience, or examinations that are required to obtain a license, certification, or approval for which the course of education prepares the individual.

Not applicable. No licensing requirements for the programs.

Other information to facilitate comparison by the individual about aid packages offered by different educational institutions.

Not applicable. The institution is not currently affiliated with the U.S. Department of Education and it does not offer federal finance aid.

Financial Aid Shopping Sheet

Not applicable

Availability of federal financial aid, not administered by VA that is offered by the institution.

Not applicable.

Potential eligibility for other federal financial aid before packaging or arranging student loans or alternative financing.

Not applicable

Automatic renewal of a covered individual in a course and/or programs.

Not applicable.

Assurance veteran covered individual approvals of the enrollment in a course.

The Accounting Academy requires students to apply to be admitted to a program. Once admitted, the student must enroll, and once enrolled, the student is continuously enrolled unless he/she requests to withdraw.

Reenrollment of members of the Armed Forces, including reserve components and National Guard if such members are temporarily unavailable or must suspend enrollment by reason of serving in the Armed Forces, and accommodation of short absences for such services in the Armed Forces.

The Accounting Academy allows for students to suspend enrollment for the reason of serving in the Armed Forces and provides for reenrollment, including reserve components and National Guard if such members are temporarily unavailable or must suspend enrollment by reason of serving in the Armed Forces, and accommodation of short absences for such services in the Armed Forces.

Provide covered individuals with the requirements for graduation and a graduation timeline.

All students are provided graduation requirements and timelines. General requirements are outlined in the School Catalog and Veterans Bulletin distributed to the veteran student during the enrollment process.

Accredited education institutions agree to obtain approval of the respective accrediting agency for each new course or program.

The Accounting Academy is accredited by the Council on Occupational Education which requires approval of each new course or program.

Designated employee of the educational institution to serve as a point of contact for covered individuals and family members seeking assistance

The designated employee of the educational institution that serves as a point of contact for covered individuals and family members seeking assistance is the School Certifying Official.

The SCO is Mr. William Setterlund, the President, and Chief Administrative Officer. He is the point of contact for assistance with academic, financial, disability, and other counseling and information regarding completing the institution's educational programs.

VA Student Admission Requirements

Prior to enrollment, veteran-students are required to meet with school admission staff and/or the School Certifying Official to determine their VA Chapter 31 or 33 eligibility by providing a Certificate of Eligibility (COE), assess their educational goals and objectives, evaluate their prior education and training, and to confirm their ability to understand and acquire the training, principles, and procedures in the institution's training programs, and the Va 'Shopping List' form.

[VA Student Bill of Rights](#)

This document is given to enrolling veterans and eligible persons when using GI Bill education benefits at private postsecondary institutions approved for the training of veterans by the **California State Approving Agency**. It is provided for informational purposes only and is intended to give the veteran-student guidance in order to optimize the use of their VA education benefits.

You have the right to investigate training alternatives. Be aware that tuition charged by institutions offering similar training programs can vary greatly. You may also seek payment of GI Bill benefits for other types of training or career objectives, including Apprenticeships and Entrepreneurships.

You have the right to fully explore a program prior to enrolling. You may check out the school's facilities and equipment, inquire about instructors' qualifications and class sizes, observe a class, and talk to current students. You may also ask to contact recent graduates to learn about their experiences with the school.

You have the right to check with the Better Business Bureau, or other consumer protection agency, to find out if complaints have been filed against the school. You also have the right to verify the school's standing with any accrediting association and/or licensing agency.

You have the right to clear information about the value of the training. Are the credits transferable to other institutions you may attend in the future? Will the training satisfy requirements for employment, or is it necessary for the position you are seeking?

You are entitled to clear data about the program's success rate. The institution will provide you with the completion and placement rates for the most recent years for which data is available. You will be given the definition of a "placement," including the length of time in the position. You will also be provided with the average starting salary.

You are entitled to a clear statement of the total cost for completion of the program, including tuition, equipment, and fees.

You are entitled to a clear explanation, without coercion, of all financial aid options, before you sign up for any student loans. You are responsible for paying off a loan whether or not you complete the program. Failure to pay off a loan can lead to financial problems, including inability to get a future loan or grant for another training program, inability to get credit to buy a car or home, or garnishment of wages through the employer. You must begin repayment of the loan in accordance with the terms detailed within the financial aid documents. You have the right to read and understand the contract, and all other materials, before signing up.

You are entitled to a clear explanation of the school's cancellation and withdrawal policy and procedures, to understand how to withdraw or cancel, and be informed of any financial obligations you will incur.

You are entitled to a clear explanation of the school's refund policy, which can vary greatly. If you withdraw from a course after the first day of class, an overpayment of VA benefits can result. It is not uncommon for schools to charge the entire tuition cost at the point when you have completed just 60 percent of the program. If an overpayment is assessed, the VA will send you a debt letter for the cost of the training you did not receive. For example, you may drop at the 60 percent point, and be asked by the VA to repay 40 percent of the cost of the tuition. A debt related to payment of the housing allowance may also be assessed. Ensure that you review the school's refund policy to understand the consequences of withdrawing before the end of the term.

You have the right to contact the California State Approving Agency at www.csaave.ca.gov or the state consumer protection agency if you are unable to resolve a complaint with the school.

VA Law Regarding Educational Progress

This document is given to enrolling veterans and eligible persons when using GI Bill education benefits at private postsecondary institutions approved for the training of veterans by the **California State Approving Agency**. It is provided for informational purposes only and is intended to give veteran-students guidance and information with respect to the Code of Federal Regulations, Part 4, Chapter regarding unsatisfactory attendance, progress, or conduct.

VIEW OF VA LAW REGARDING EDUCATIONAL PROGRESS

The law requires that educational assistance benefits to Veterans and other eligible persons be discontinued when the student ceases to make satisfactory progress toward completion of their training objective.

When a student has failed to maintain the prescribed standard of attendance, progress, or conduct, the school must notify VA so that VA can discontinue benefit payments in accordance with the law. Schools should notify VA within 30 days when they have determined the student has failed to maintain the prescribed standards.

If a student's progress or conduct becomes unsatisfactory, the termination date assigned by the school will be the last day of the term, or other evaluation period in which the student's progress or conduct became unsatisfactory. In situations involving unsatisfactory attendance, benefits will be discontinued based on the student's last date of attendance as reported by the school.

SCHOOL POLICY REGARDING VETERAN EDUCATIONAL PROGRESS

Veterans and other eligible persons are required to meet Veterans Standards of Progress at the end of each monthly evaluation period. The policy of the school is to comply with VA standards and requirements, and to provide students with adequate warning if they are in danger of benefit termination.

Students who do not meet the Veterans Standards of Progress will be forewarned via a series of the notification steps as outlined below:

1. A **WARNING** notice will be issued when a student's cumulative GPA falls below 75% and/or the student's cumulative attendance falls below 90%. While on **WARNING** status, students will continue to receive their GI bill benefits.
2. A **PROBATION** notice will be issued if either or both of the above conditions occur for two consecutive months. While on **PROBATION** status, students will continue to receive their GI bill benefits.
3. A **SUSPENSION** notice will be issued, the student's GI bill benefits will be terminated, and the school will notify the V.A. of unsatisfactory academic progress if the student does not raise his/her cumulative G.P.A. to 75% and his/her cumulative attendance above 90% by the end of the month following **PROBATION** status.

SCHOOL POLICY REGARDING REINSTATEMENT

When a veteran or other eligible individual is suspended from the school's program there is no procedure or provision for reinstatement back into that program. This is due to the short-term nature of the school's programs.

When the VA discontinues GI bill educational benefits because of a student's unsatisfactory attendance and progress, their benefits stop. Students would need to reapply in a subsequent new program.

Veteran Information - continued

VA Student Record and Evaluation of Previous Education and Training

This document is given to enrolling veterans and eligible persons when using GI Bill education benefits at private postsecondary institutions approved for the training of veterans by the **California State Approving Agency**. It is provided for informational purposes only and is intended to evaluate a veteran-student's previous education and training in order to determine the level of credit to be awarded for any applicable and relevant courses and programs.

Veterans Record & Evaluation of Previous Education and Training

Instructions:

Students receiving VA educational benefits are required to have their previous education and training reviewed. All previous education and training completed prior to enrolling in this program must be provided to the school for review. If credit is being claimed for postsecondary education, a transcript must be provided. Credit will be given only for previous *directly related* education and training completed by the student within six months of the start of this program.

VA Leave of Absence Policy

Active Duty or Active Service

The school will provide a leave of absence to students who are affected individuals for any portion of a period of instruction such student was unable to complete, or for which such individual did not receive academic credit because he or she was called up for active duty or active service; and, if affected individuals temporarily withdraw from our course of study as a result of such active duty or service, the school will make every effort to minimize deferral of enrollment or reapplication requirements and will provide great flexibility with respect to administrative deadlines related to those reapplications.

In addition, the institution allows for students to suspend enrollment for the reason of serving in the Armed Forces and provides for reenrollment, including reserve components and National Guard if such members are temporarily unavailable or must suspend enrollment by reason of serving in the Armed Forces, and accommodation of short absences for such services in the Armed Forces.

Other Leaves of Absence

A student must request the leave of absence in writing in advance of the beginning date of the leave of absence unless unforeseen circumstances prevent the student from doing so. If a student does not request a leave of absence within the time frame described below, he or she must be withdrawn from the program.

A leave of absence is limited to 14 calendar days within the six-month scheduled period of the student's training program. Multiple leaves of absence may be permitted provided the total of the leaves does not exceed fourteen (14) class days.

The student must sign and date the leave of absence request and specify a reason for the leave. The reason must be specified in order for the school to have a reasonable expectation of the student's return within the time frame of the leave of absence as requested.

The student must attest to understanding the procedures and implications for returning or failing to return to the training program. The school is required to document its approval of the leave of absence request in accordance with the above policies. The school will not assess the student any additional charges as a result of a leave of absence. An approved leave of absence may be extended for an additional period of time provided that the extension request meets all of the above requirements, and the total length of the leave of absence does not exceed the specified limit as noted above.

VA Withdrawal and Refund Policy

Overview of Veterans Administration Refund Policy

It is the policy of the school to comply with and conform to all applicable Department of Veterans' Administration laws and regulations, as well as those of the California State Approving Agency for Veterans Education, and to clearly state these policies to prospective veteran student enrollees and others before enrollment, and to consistently apply these policies.

VA and CSAAVE Refund Policy

The institution adheres to Veterans Administration Refund Policy 38 CFR 21.4255(a)(6) which states: *"Prompt refund. In the event that the veteran, spouse, surviving spouse or child fails to enter the course or withdraws or is discontinued therefrom at any time prior to completion of the course, the unused portion of the tuition, fees, and other charges paid by the individual shall be refunded promptly. Any institution which fails to forward any refund due with 40 days after such a change in status, shall be deemed, prima facie, to have failed to make a prompt refund, as required by this paragraph."*

The school will provide a full and/or pro rata refund to students who are affected individuals for that portion of a period of instruction such student was unable to complete, or for which such individual did not receive academic credit, because he or she was called up for active duty or active service; and, if affected individuals withdraw from our course of study as a result of such active duty or active service, the school will make every effort to minimize deferral of enrollment or reapplication requirements and will provide the greatest flexibility possible with administrative deadlines related to those applications.

A full refund includes a refund of required tuition and fees, or a credit in a comparable amount against future tuition and fees. A full refund is a 100% pro-rata refund, including a non-refundable registration fee of 10 applicable to veterans and other eligible persons.

Example of a VA/CSAAVE Pro Rata Refund

The following sets forth an example of the amount of refund to which a student would be entitled if a student withdrew from the programs after completing a period of course hours, days, or weeks of instruction equivalent to 10%, 25%, 50% and 60 % of the program of instruction, respectively.

VA Cancellation period:

A student may cancel through attendance at the first class session or until the seventh calendar day after enrollment, whichever is later. The school must refund 100% of institutional charges paid, less a disclosed application fee or deposit not exceeding \$250.

VA Withdrawal after the cancellation period:

A student who withdraws after the cancellation period but completes 60% or less of the period of attendance is entitled to a pro rata refund. After completing more than 60%, no refund is required.

VA Student's Right to Cancel

A student has the right to cancel the enrollment agreement and obtain a refund of 100% of the amount paid for institutional charges, less a reasonable application fee or deposit not exceeding \$250, through attendance at the first class session or the seventh calendar day after enrollment, whichever is later.

Notice of cancellation or withdrawal must be submitted in writing to the School Director at The Accounting Academy by personal delivery, mail, or email. The notice becomes effective no later than the date it is received by the institution. A student may also be withdrawn by the institution in accordance with the attendance, academic-progress, conduct, or dismissal policies stated in this catalog.

VA Withdrawal and Pro-Rata Refund Policy

A student who withdraws after the applicable cancellation period and has completed 60 percent or less of the program's scheduled hours is entitled to a pro-rata refund of unearned institutional charges. A student who has completed more than 60 percent of the program's scheduled hours is not entitled to a refund.

The amount of the refund owed to the student equals the total charges paid by the student, minus the daily or hourly tuition charge for the program (total institutional charge minus any non-refundable charges, divided by the number of days or hours in the program), multiplied by the number of days or hours the student attended prior to withdrawal, and minus any non-refundable charges. Any hours or days prior to the student's last day of attendance for which the student was scheduled to attend but was absent shall be included in the calculation of days or hours attended. The institution will pay or credit any refund due within 45 days following the student's cancellation or withdrawal.

The \$400 equipment fee is included in the refundable institutional charges used in the pro-rata calculation. The \$100 registration/application fee is nonrefundable after the applicable cancellation period. During the statutory cancellation period, the institution shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not exceeding \$250, as required by CEC § 94920(b).

Pro-rata refund policy

A student who withdraws after the cancellation period and completes 60% or less of the program is entitled to a pro-rata refund. Once a student completes more than 60% of the program, no refund is due.

Use “more than 60%,” rather than “61% or more.” For example, 60.1% is already more than 60%.

The refund calculation

Scheduled hours before the student’s last date of attendance are included even if the student was absent.

Refund Formula

The amount of the refund owed to the student shall be calculated as follows:

Refund=Total Amount Paid–(Hourly Charge×Hours Attended or Scheduled) –
Permitted Nonrefundable Charges

The hourly charge is calculated as follows:

$$\text{Hourly Charge} = \frac{\text{Total Institutional Charges} - \text{Permitted Nonrefundable Charges}}{\text{Total Program Hours}}$$

Refundable institutional charges:

$$\$9,500 - \$100 = \$9,400$$

Hourly rate:

$$\$9,400 \div 432 = \$21.759259$$

The institution may retain only those nonrefundable charges permitted by applicable law and specifically identified as nonrefundable in the enrollment agreement and this catalog.

24-week program — 432 hours

Refundable institutional charges:

$$\$9,500 - \$100 = \$9,400$$

Hourly rate:

$$\$9,400 \div 432 = \$21.759259$$

The institution may retain only those nonrefundable charges permitted by applicable law and specifically identified as nonrefundable in the enrollment agreement and this catalog.

Hourly rate:

Completion	Hours used for calculation	Earned refundable charges	Refund
0%	0	\$0.00	\$9,400.00
10%	43.2	\$940.00	\$8,460.00
25%	108	\$2,350.00	\$7,050.00
50%	216	\$4,700.00	\$4,700.00
60%	259.2	\$5,640.00	\$3,760.00

More than 60% More than 259.2 — \$0.00

Because actual attendance is usually recorded in whole hours:

- 259 hours is approximately 59.95% and remains eligible for a refund.
- 260 hours is approximately 60.19% and is not eligible for a refund.

16-week program — 288 hours

Hourly rate:

Refundable institutional charges:

$$\$6,500 - \$100 = \$6,400$$

Hourly rate:

$$\$6,400 \div 288 = \$22.222222$$

Completion	Hours used for calculation	Earned refundable charges	Refund
0%	0	\$0.00	\$6,400.00
10%	28.8	\$640.00	\$5,760.00
25%	72	\$1,600.00	\$4,800.00
50%	144	\$3,200.00	\$3,200.00
60%	172.8	\$3,840.00	\$2,560.00
More than 60%	More than 172.8	—	\$0.00

Using whole attendance hours:

- 172 hours is approximately 59.72% and remains eligible for a refund.
- 173 hours is approximately 60.07% and is not eligible for a refund.

All 8-week and 16-week programs are subject to the same pro-rata refund policy. A student who withdraws after the applicable cancellation period and completes **60% or less** of the program's scheduled hours is eligible for a pro-rata refund. The refund will be calculated using the program's hourly tuition rate and the number of scheduled hours completed through the student's last date of attendance, including scheduled hours during which the student was absent.

For 8-week, 80-hour programs, refund eligibility applies through **48 scheduled hours**. For 16-week programs, eligibility applies through **60% of the program's total scheduled hours**. A student who completes more than 60% of the program's scheduled hours is not entitled to a refund. Any permitted nonrefundable charges will be identified in the enrollment agreement and deducted in accordance with applicable BPPE requirements.

VA Title 38 USC3679 E Compliance

Pending VA Payments

In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following additional provisions for any students using U.S. Department of Veteran Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31) benefits, while payment to the institution is pending from the VA, the institution will not:

- Prevent the veteran student's enrollment.
- Assess a late penalty fee.
- Require the veteran-student secure alternative or additional funding.
- Deny veteran-students access to any resources (access to classes, libraries, or other institutional facilities) available to other students.

VA Service Members Priority Registration

The institution offers eligible Veterans and Service Members the opportunity to receive priority course enrollment dates assigned by admission status. This priority applies to service members who have served or are currently serving on active duty under honorable conditions in the U.S. armed forces. Priority enrollment does not extend to spouses or dependents.

Service members interested in priority enrollment must submit eligible documents verifying service member status to institution's admission staff and/or School Certifying Official. Once initial eligibility for priority registration has been established, students will be assigned a priority enrollment appointment based on their admission status.

VA Discounts and Scholarships and Non-Discrimination

Nondiscrimination has been the policy of the school since its founding in 2006. As stated above, this applies to race, sex, age, religion, national or ethnic origin, sexual orientation, disability, marital status, employment status.

The institution's non-discrimination policy also applies qualified individuals with a disability. These students will not be denied access to and/or participation in services, programs, and activities of the school, as well as to the awarding of educational discounts and scholarships.

In addition, educational discounts and scholarships offered by the institution are on a case-by-case basis, regardless of race, sex, age, religion, national or ethnic origin, sexual orientation, disability, marital status, employment status, and category/type of students serviced. Student discounts and educational scholarships are evaluated and awarded based on the facts of each individual student's personal situation based on consistent non-discriminatory standards.

Student Performance Policies

Satisfactory Academic Progress

Overview

The school monitors the academic progress of each student to evaluate and determine that he or she is making satisfactory academic progress toward understanding the training materials, is grasping, and effectively using newly obtained skills, and is meeting the minimum achievement standards of the program. The instructors monitor and document student academic progress and attendance daily. This information is accumulated on a weekly basis and forwarded to administration at the end of the month. If a student's attendance or progress drops significantly, the instructor notifies administration immediately.

Quantitative Progress Toward Program Completion

Students are required to make quantitative progress toward program completion. To be making satisfactory academic progress, a student must attend at least 90% of the scheduled class hours on a cumulative basis during each monthly evaluation period.

Qualitative Progress Toward Program Completion

Students are required to make qualitative progress toward program completion. To be making satisfactory academic progress, a student must maintain at least a minimum grade point average of 75% at the conclusion of each evaluation period.

Maximum Time Frame

The student must complete the program within the maximum timeframe to graduate. Maximum timeframe is

defined as 1.5 times (150%) the published length of the program (in weeks).

For students taking a Leave of Absence, both the contract period and the maximum time frame will be extended by the same number of days as elapsed on the Leave of Absence.

For students withdrawing from their program and subsequently reentering the program within 180 days, the maximum timeframe period will not be extended for the elapsed time that they were out of the program.

The original maximum timeframe period will thus apply to students withdrawing and reentering the program during the maximum timeframe period. Students who do not complete their program within the maximum timeframe will be terminated from their program.

The maximum time frame for completing for the school's programs are as follows:

Small Business Accounting & Bookkeeping Training Program, 33 weeks; Administrative Assistant, 17 weeks; Tax Preparer/Enrolled Agent, 21 weeks; Accounts Receivable Specialist, 17 weeks; Accounts Payable Specialist, 17 weeks; and Payroll Specialist, 21 weeks.

Monthly Student Evaluation Attendance and Progress Reports

Student academic attendance and progress reports are prepared for all onsite and online programs on a cumulative basis at the end of each month. The reports are maintained in each student's file and copies are distributed to students within five days of month end.

Approximate Number of Days Between the School's Receipt of Student Quizzes, Exercises, Practice Sets, Etc. and the School's Distribution or Mailing of Evaluations

The approximate time or number of days that will elapse between a student's completion of quizzes, exercises, and practice sets, and the school's reporting of the results to each student is similar for both the onsite and online programs. For quizzes, students receive their results immediately after completing true/false, multiple-choice, or fill-in quizzes; for exercises, it varies from one to several hours depending on the type of exercise assigned; and, for practice sets, reporting back evaluation results to students can range from two to three days.

Consequences of Failure to Meet Satisfactory Academic Progress Standards

If a student fails to meet the cumulative 90% attendance or 75% grade average at their evaluation point, he or she will be deemed ineligible for the next evaluation period. Students may appeal this status. Failure to achieve Satisfactory Academic Progress at the end of the Probation period will result in the administrative withdrawal of the student.

Students will be notified in writing when they are deemed to not be making Satisfactory Academic Progress and of the steps necessary to appeal that status. Students will also receive attendance or academic counseling from the School Director, as appropriate, when they are placed on warning. The school will notify a student by certified mail if he or she is being administratively withdrawn for unsatisfactory academic progress. Students failing Satisfactory Academic Progress are no longer eligible for Federal Student Aid for the next payment period UNLESS they Appeal their status and that Appeal is approved.

Appeal Process

The student may submit a written appeal of his or her Probation within five calendar days of their receipt of the Probation notice. The appeal must be accompanied by documentation of the mitigating circumstances that have prevented the student from attaining satisfactory academic progress and evidence that changes have occurred to allow the student to now meet standards of satisfactory academic progress. Only extraordinary circumstances will be considered, such as death or severe illness in the immediate family.

Before an Appeal may be granted, a written academic plan must be provided to the student which clearly identifies a viable plan for the student to successfully complete the program within the maximum time frame

allowed. The School Director will assess all Appeals and determine whether the student may be permitted to continue in school on a warning status, despite not meeting the satisfactory progress requirements. The student will be sent the written decision within ten days of the school's receipt of the appeal. The decision of the School Director is final.

Students reinstated upon Appeal are on a probationary status for the next evaluation period, during which time they must meet the terms and conditions set out in the School Director's letter granting the appeal. At the end of the evaluation period, and at the end of every evaluation period thereafter, the student's academic status will be reviewed.

The student may continue on Probation as long as he or she meets the terms of the academic plan approved at the time the student's appeal was granted, and/or until such time as satisfactory academic progress status is regained. The student reinstated after dismissal and appeal is not eligible for financial aid until he or she regains satisfactory progress status by meeting the minimum satisfactory academic progress standards.

Attendance and Makeup Policy

Overview

The student has the right to cancel and obtain a refund of charges paid through attendance from the first-class session, or the seventh day after enrollment, whichever is later.

Minimum Attendance Standard

The school expects students to attend every training session every scheduled day. When you miss a class, you not only fall behind on new material, but you also miss the hands-on repetition that is so important in learning and developing your new skills. Employers are looking for graduates with perfect or near- perfect attendance.

The school's minimum attendance standard for graduation is ninety percent (90%) cumulative attendance in the classroom. Students are expected to call the school when they will not be in attendance so that the instructor can be advised.

Attendance Tracking

The student is required to sign at the start of each attendance day then sign out at the end of each attendance day in the attendance log-in sheet located near the entry to the school.

Each day the instructor records the student's class hour data in the student's electronic records. The cumulative attendance information is summarized on a progress report given to all students at each month-end.

If a student does not agree with any of the attendance data, he or she must submit a written appeal to the School Director within one week of the progress report distribution. At the end of the month after progress end date, the attendance data becomes permanent and can no longer be challenged.

Tardiness and Early Departures

The school's attendance policy expects students to be in class on time for every scheduled session. Late arrivals not only miss the material that has been presented, but it is disruptive both to the instructor and to fellow students.

If you consistently arrive late and/or depart early, the instructor will record a tardy and/or early departure. If a student is tardy and/or departs more than five times in a month, he or she will be placed on probation for the remainder of the session and will be required to meet with the School Director for counseling

Attendance Probation

If a student does not maintain a cumulative attendance of at least ninety (90%) throughout the program, he or she will be placed on Attendance Probation. The student must meet with the School Director and abide by the terms outlined in the Attendance Probation notice.

At the end of the attendance probation period, a student must be making progress toward meeting the ninety (90%) cumulative attendance requirement and must have met all of the terms of the Attendance Probation. Failure to do so may result in termination from the school.

Makeup Class Work

All makeup class work must be prearranged with the instructor and must be completed outside normally scheduled class hours. Only time spent on instructor approved activities will count as makeup hours. Such activities may include completing class exercises, quizzes, viewing class lectures, videos, or other program-related assignments.

Students will have a ten-calendar-day period in which to make up class work. If the class work is not made up within the ten-day period, the applicable class work will be dropped five percent (5%) for each day not made up.

Consecutive Absences

A student who is absent for eight consecutive class days or fourteen consecutive calendar days without an approved leave of absence will be terminated.

Dismissal/Reinstatement

Any student dismissed for attendance related reasons such as consecutive absences, failure to maintain the ninety (90%) cumulative attendance, excessive tardiness or early departures, failure to meet the terms of attendance probation, or failure to return from a leave of absence, may be reinstated back into the program with the School Director's written authorization accompanied by the student's documentation of the makeup of all missed class work.

Dismissal and probation policy

Accounting Academy is committed to supporting student success while maintaining academic integrity, professionalism, attendance standards, and compliance with institutional policies. Students are expected to maintain satisfactory academic progress and conduct themselves in a professional manner at all times.

ACADEMIC PROBATION

A student may be placed on Academic Probation for any of the following reasons:

1. Failure to maintain satisfactory academic progress as outlined in the school catalog.
2. Failure to maintain the minimum required cumulative grade point average (GPA).
3. Excessive absences or failure to meet attendance requirements.
4. Failure to complete coursework, assignments, or examinations in a timely manner.
5. Violations of school policies, procedures, or standards of conduct.

Students placed on probation will receive written notification outlining:

- The reason(s) for probation;
- Conditions required to remain enrolled;

- Required corrective actions;
- The probationary period timeframe; and
- Consequences for failure to improve performance.

During the probationary period, students may be required to meet regularly with school administration or academic staff to evaluate progress.

Dismissal Policy

A student may be dismissed from Accounting Academy for any of the following reasons:

1. Failure to meet the conditions of academic probation.
2. Failure to maintain satisfactory academic progress after the probationary period.
3. Excessive absenteeism or failure to comply with attendance requirements.
4. Academic dishonesty, including cheating, plagiarism, or falsification of records.
5. Disruptive, abusive, threatening, or inappropriate conduct toward students, faculty, or staff.
6. Violation of school policies, rules, or regulations.
7. Failure to fulfill financial obligations owed to the institution.
8. Any conduct deemed detrimental to the educational environment or the reputation of the institution.

Prior to dismissal, the institution may provide the student with written notice and an opportunity to discuss the matter with school administration, unless immediate dismissal is warranted due to serious misconduct or safety concerns.

Re-Admission After Dismissal

A dismissed student may request consideration for re-admission by submitting a written appeal to school administration. Approval of re-admission is at the sole discretion of Accounting Academy and may include specific conditions for re-enrollment.

Appeal Process

Students have the right to appeal a probation or dismissal decision. Appeals must be submitted in writing within ten (10) calendar days of receiving notice of the action.

The written appeal should include:

- The reason for the appeal;
- Any supporting documentation; and
- A proposed plan for improvement, if applicable.

School administration will review the appeal and provide a written decision within a reasonable timeframe. The decision of the institution shall be considered final.

Non-Discrimination

All probation and dismissal decisions are administered fairly and consistently without discrimination on the basis of race, color, national origin, religion, sex, age, disability, sexual orientation, gender identity, or any other protected status under applicable law.

General Leave of Absence General Policy

Definition of Leave of Absence

A leave of absence is a temporary break in a student's attendance during which he or she is considered to be continuously enrolled.

Leave of Absence Policy

A student must request the leave of absence in writing in advance of the beginning date of the leave of absence unless unforeseen circumstances prevent the student from doing so. If a student does not request a leave of absence within the time frame described below, he or she must be withdrawn from the program.

A leave of absence is limited to 14 calendar days within the six-month scheduled period of the student's training program. Multiple leaves of absence may be permitted provided the total of the leaves must not exceed fourteen (14) class days.

The student must sign and date the leave of absence request and specify a reason for the leave. The reason must be specified in order for the school to have a reasonable expectation of the student's return within the time frame of the leave of absence as requested.

The student must attest to understanding the procedures and implications for returning or failing to return to the training program. The school is required to document its approval of the leave of absence request in accordance with the above policies. The school will not assess the student any additional charges as a result of a leave of absence.

An approved leave of absence may be extended for an additional period of time provided that the extension request meets all of the above requirements, and the total length of the leave of absence does not exceed the specified limit as noted above.

Return to Title IV (R2T4)

Students who receive financial assistance from Title IV Programs (Federal Pell Grant, Direct loans, PLUS loans) and withdraw from school prior to completing 60% or more of the scheduled hours in the payment period are subject to the Return of Title IV funds requirements of the U.S. Department of Education.

The Last Date of Attendance (LDA) will be used in the calculation of funds returned to Title IV. The Date of School Determination (DOD) will be no later than 14 calendar days from the LDA. Accounting Academy will notify the student within 30 days of the DOD and make any required refunds no later than 45 days from the DOD. If a student does not return from an approved Leave of Absence (LDA) the DOD will be set as the date the student was scheduled to return from the LOA. The school calculates R2T4 on a payment period basis.

The Return of Title IV Funds procedure is as follows:

1. The percentage of the payment period completed is determined. To determine the percentage, divide the clock hours scheduled to have been completed as of the withdrawal date (last date of attendance) in the payment period by the total clock hours in the payment period.
 - (a) If this percentage is greater than 60%, the school retains 100%.
 - (b) If this percentage is less than or equal to 60% multiply the percentage of the Title IV aid earned times the total of the Title IV aid disbursed plus the Title IV aid that could have been disbursed for the payment period as of the date the student withdrew (LDA)
2. The amount earned to the amount disbursed is compared. If less aid was disbursed than was earned, the student may receive a post withdrawal disbursement for the difference. Note: the disbursement will be

made from grant funds before available loan funds. If more aid was disbursed than was earned, the difference is refunded back to Title IV programs.

The student, or in the case of parent PLUS loans, will be provided notice within 30 days of Accounting Academy's determination that the student withdrew requesting confirmation of any post-withdrawal disbursement of loan funds that Accounting Academy wishes to credit to the student's account. The notice will identify the type and amount of those loan funds and explain that a student, or parent in the case of a parent PLUS loan, may accept or decline some or all of those funds. It will also advise the student, or parent in the case of a parent PLUS loan, that if they do not respond within 14 days of the date of notification or otherwise does not respond, no portion of the post-withdrawal disbursement of loan funds that Accounting Academy wishes to credit to the student's account, nor any portion of loan funds that would be disbursed directly to the student, or parent in the case of a parent PLUS loan, will be disbursed.

3. Responsibility for returning unearned aid between the school and the student is allocated. Students who receive living expenses would be responsible for repayment of any unearned aid. If the student's share of the unearned funds that must be returned are attributed to a Title IV Loan program, then repayment will still be based under the terms and conditions of the promissory note. If the student's share of the unearned funds that must be returned are attributed to a Title IV Grant Program, the initial amount to return will be reduced by 50%.

4. The unearned aid of the payment period back to the Title IV Programs is distributed.

Refunds at this School will be returned in the following order:

1. Federal Direct Unsubsidized Loan
2. Federal Direct Subsidized Loan
3. Federal Direct PLUS Loan
4. Federal Pell Grant Program

Refunds less than 1.00 will not be made to Title IV Programs.

Please be advised that this is only the Return to Title IV refund. Once Accounting Academy determines the amount of Title IV aid that it may retain, the college will then calculate any additional returns according to the Accounting Academy, state and/or accrediting agency's refund policies.

Student Services

Student Conduct and Termination Policy

Student Conduct

Students shall be responsible for their personal conduct while attending classes. School rules must be followed at all times. School administration maintains the right to dismiss students for violation of school rules or for conduct which reflects unfavorably on the reputation or operation of the school.

Rules of Conduct

Students are required to maintain a clean and neat working area and maintain good personal grooming and attire.

All educational materials must be returned to the designated, proper places at the end of each class session.

Creating distractions during class sessions which impairs the reasonable freedom of other persons to pursue their studies is not acceptable.

Leaving the classroom during class hours without authorization from the instructor and/or School Director is

not allowed.

Damaging or wrongfully dealing with any school property, including intellectual property, is grounds for dismissal.

Cheating during examinations and/or plagiarism of work product is subject to counseling, disciplinary action.

Students attending class under the influence of alcohol or prohibited drugs will not be allowed in class and will be subject to automatic dismissal.

Termination

If a student is terminated for any reason, subsequent readmittance will be determined on an individual basis at the sole discretion and assessment by the School Director.

Minimum Requirements for Completion

Overview

The minimum requirements for completion of the Accounting Academy's six programs: The Small Business Accounting & Bookkeeping Training Program; Administrative Assistant; Accounts Receivable Specialist; Accounts Payable Specialist; Payroll Specialist; and Tax Preparer/Enrolled Agent requires students to master real-world, hands-on, practical job skills. Thus, a major portion of the programs consists of becoming proficient at several specific small, medium, and large exercises, projects, and practice sets. This is in addition to maintaining a minimum cumulative grade-point average on quizzes and finals.

Exercises, Projects, and Practice Sets

All required projects must be completed to school standards including all manual and all computerized accounting and bookkeeping practice sets. Students can also volunteer for extra credit by completing additional practice sets that are available.

Tests and Grading Scale

The training program also consists of many tests, quizzes, and exercises. Students must maintain an average cumulative grade of 75% or better to graduate from the program. The grading scale is as follows:

Grade	Performance	Points	Value
A	Excellent	4.0	90-100%
B	Good	3.0	80-89%
C	Average	2.0	75-79%
F	Fail	>2.0	0-74%

Ten-Key Proficiency

Accountants and bookkeepers must be proficient and productive using the ten-key calculator and computer using all their fingers while still looking at the data and detail from which they are entering figures. A student must attain and maintain an average of 100 keystrokes per minute and at least 99% accuracy using the school's ten-key software testing program in order to be awarded a certificate of completion.

Final Exams

Students must score at least 75% on any required final exam in order to graduate from a program. If a student fails a final exam, he or she will be able to re-take the exam within one week of failing. A second exam failure will preclude a student from receiving a certificate of completion.

Notice Of Eligibility for Licensure

The Accounting Academy programs are not designed to lead to positions in a profession, occupation, trade, or career field requiring licensure in California.

Type of Credential Earned

Students who meet all the training program academic quantitative, qualitative and proficiency standards as outlined in the school's minimum requirements for completion will be awarded the following Certificate of Completion for the program successfully completed:

Notice Of Eligibility for Licensure

The Accounting Academy programs are not designed to lead to positions in a profession, occupation, trade, or career field requiring licensure in California.

Student Placement Assistance Services

Overview

The mission of the school is to prepare students for entry-level employment full-time, part-time, temporary agency placement, self-employment and/or to enhance current job skills in accounting and bookkeeping and related fields.

Therefore, to ensure the value and effectiveness of the program and to validate the quality of the training services, the school is committed to providing placement assistance services necessary for student success. To achieve this goal, the school provides these services both before and after graduation as described below.

Interviewing Skills and Techniques

The school devotes an entire session to teaching and instructing students on how to develop strong and effective interviewing skills and techniques.

Cover Letter and Resume Building

School staff assist and instruct students on how to prepare a professional and customized cover letter and resume which effectively highlights the specific accounting and bookkeeping job skills acquired during the program.

Employment and Occupational Information

Students will have access to current employment and occupational-related area job information from local newspapers, periodicals, and websites.

Internet Strategies

Students will learn how to post their cover letter and resume online and learn how to locate and evaluate job openings on the major career websites.

Employer Relationships and Referrals

The school continues to develop business relationships with potential employers, and job referrals are communicated to the students and alumni.

Temp Agencies and Recruiters

The school maintains relationships with temporary placement agencies and with recruiters who specialize in the accounting and bookkeeping field.

Individual Job Counseling and Assessment

The school also offers individual job counseling and assessment for those students who request it. Career and job placement advice is personalized to each student in order to develop a rational and effective plan for achieving his or her current and long-term career objectives.

Student Records Maintenance, Production, and Retention

Student Records Overview

The Accounting Academy adheres to the requirements of California Education Code Section 94900 and 5, and California Code of Regulations Sections 71810, 71920, and 71930 with respect to maintenance, production, and retention of **STUDENT** records. Accordingly, the school has adopted the following policies:

Student Records Policies

The school will maintain a file for each student who enrolls in the institution whether or not the student completes the educational service. These files will contain all of the following pertinent records:

1. Written records and transcripts of any formal education or training, testing, or experience that are relevant to the student's qualifications for admission to the institution or the institution's award of credit or acceptance transfer credits.
2. Personal information regarding a student's age, gender, and ethnicity if that information has been voluntarily supplied by the student.
3. Copies of all documents signed by the student, including contracts, instruments of indebtedness, and documents relating to financial aid.
4. Records of the dates of enrollment and, if applicable, withdrawal from the institution, leaves of absence, and graduation.
5. Student transcripts showing: (a) the courses or other educational programs that were completed, or were attempted but not completed, and the dates of completion or withdrawal; (b) credit awarded for prior experiential learning, including the course title for which credit was awarded and the amount of credit; (c) credit for courses at other institutions; (d) credit based on any examination of academic ability or educational achievement used for admission or college placement purposes; (e) the name, address, website address, and telephone number of the institution.
6. A copy of documents relating to student financial aid that are required to be maintained by law or by a loan guarantee agency.
7. Documents showing the total amount of money received from or on behalf of the student and the date or dates on which the money was received.
8. Documents specifying the amount of a refund, including the amount refunded for tuition and the amount

for other itemized charges, the method of calculating the refund, the date the refund was made, and name and address of the person or entity to which the refund was sent.

9. Copies of any official advisory notices or warning regarding the student's progress; and complaints received from the student.

ALL Records Maintenance, Production, and Retention

All Records Overview

The Accounting Academy adheres to the requirements of California Education Code Section 94900 and 5, and California Code of Regulations Sections 71810, 71920, and 71930 with respect to maintenance, production, and retention of **ALL** records. Accordingly, the school has adopted the following policies:

All Records Policies

The school will maintain all records required by the above laws and regulations, including permanently retaining a transcript as required by section 94900(b) of the Code, and shall maintain for a period of five years the pertinent student records described in the above referenced Section 71920 from the student's date of completion or withdrawal, as well as the following:

1. The school will maintain records relating to federal financial aid programs as provided by federal law.
2. Records are considered current for three years following a student's completion or withdrawal. Records will be stored as hard copy files and on computer disks. These hard copy and computer disks records will be stored and secured to insure:
 - (a) No loss of information or legibility for the period within which the record is required to be maintained.
 - (b) For records that are current, the school will maintain functioning devices that can immediately reproduce exact, legible printed copies of stored records. The devices will be maintained in reasonably close proximity to the stored records at the school's primary administrative location in California.
 - (c) For non-current records, the school will insure the reproduction of exact, legible printed copies withing two (2) business days.
 - (d) School personnel will be scheduled to be present at all times during normal business hours who know how to operate the devices and can explain the operation of the devices to any person authorized by law and regulations to inspect and copy the records.
 - (e) Any person authorized by law and regulations to inspect and copy records will be given immediate access to the document reproduction devices for the purpose of inspecting and copying the stored records for a nominal fee.
3. The school will maintain one set of all academy and financial records required by applicable law and regulation and will maintain these records in a manner secure from damage or loss, including storage in fire resistant cabinets.
4. All records that the school is required to maintain by CEC§94900 and 5, CCR§ 71810, 71920, and CCR§71930 will be made immediately available by the school for inspection and copying during normal business hours by the Bureau and any entity authorized to conduct investigations.

Student Rights to Access to Records and Privacy Policy

The Accounting Academy adheres to a policy of compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA). Educational records as defined by FERPA include all records that schools or education agencies maintain concerning their students. FERPA affords students certain rights with respect to their education records.

Summary of Rights

The right to inspect and review their records. Students should contact the Director's Office to determine the location of appropriate records and the procedure for reviewing such records.

The right to request that any records believed to be inaccurate or misleading be amended. The request should be submitted in writing to the Director's Office. If the request for change is denied, the student has a right to a hearing on the issue.

The right to consent to disclosures of personally identifiable information contained in the student's education records. The school must have written permission from the student before releasing any information from the student's record.

The right to file a complaint with the U.S. Department of Education, the Institution's accrediting agency, the Council on Occupational Education, and/or the California Bureau for Private Postsecondary Education if they feel their rights are being violated. Complaints should be in writing and sent to:

U. S. Dept. of Education
400 Maryland Avenue SW
Washington, D.C. 20202-4605

Council on Occupational Education
7840 Roswell Road Building 300 Suite 325
Atlanta, Georgia 30350

CA Bureau for Private Postsecondary Education

1747 N. Market Blvd. Ste 225
Sacramento, CA 95834

Upon request, the school will disclose education records without consent of officials of another school in which the student seeks or intends to enroll. The school may also disclose general 'directory' information without the student's prior consent. Directory information consists of:

Student Name	Dates of Attendance	Date Certificate Awarded
Student Address	Certificate Awarded	Enrollment Status
Telephone/Email	Primary Field of Study	Previous Education

Students have the right to prevent directory information from being released. In order to maintain directory information as confidential, a student must submit a written request prior to the end of his or her program training.

Student right to Cancel, Withdrawals and Refunds

STUDENT'S RIGHT TO CANCEL

A student has the right to cancel the enrollment agreement and obtain a refund of 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed two hundred fifty dollars (\$250), if the notice of cancellation is made through attendance at the first-class session or the seventh day after enrollment, whichever is later.

A notice of cancellation shall be in writing. The written notice may be delivered personally, electronically, or by mail to the institution at: 2655 Camino Del Rio N Suite 203 San Diego CA, 92108. The notice is effective when delivered or when deposited in the mail, properly addressed with postage prepaid.

If the student cancels within the cancellation period, the institution will refund the applicable amount paid for institutional charges within 45 days after receiving the notice of cancellation.

Rejection of Student Applicant

If a student application is rejected for enrollment by the school, a full refund of tuition monies paid will be made to the applicant.

School Program Cancellation

If the school cancels a program after a student's enrollment, the school will refund all monies paid by the student.

Student Withdrawal or Cancellation Prior to Start of Class or No Show

If an applicant accepted by the school cancels prior to the start of scheduled classes or never attends class (no-show), the school will refund all monies paid, less than the non-refundable 100 registration fee as described within this catalog and in the school's enrollment agreement.

Student Withdrawal or Cancellation from First Session through the First Seven (7) Days

Students have a right to withdraw or cancel their enrollment agreement for school, without any penalty or obligation, within the seventh day from the first day of attendance of the first class session. A withdrawal or cancellation notice must be submitted in writing to the school Education Director.

Student Refund Re Withdrawal or Cancellation after 7th Day of First Session

Students have a right to withdraw or cancel training at the school at any time after the seventh day of the first session and have a right to receive a refund for that part of the course not taken on a pro-rata basis in accordance with Section 71750 of the California Private Postsecondary Education Act of 2009 herein.

School Closures

If the school closes before a student graduates, a student may be entitled to a refund. Contact the Bureau for Private Postsecondary Education at 1747 North Market Blvd. Suite 225, Sacramento, CA 95834, web site address at www.bppe.ca.gov, telephone (916) 574-8900, or fax number (916) 263-1897.

Student Refunds

(a) The school will make refunds that are no less than the refunds required under Section 71750 of the California Private Postsecondary Education Act of 2009.

(b) The school will not enforce any refund policy that is not specified in the school catalog as required pursuant to section 94909(a)(8)(B) of the California Education Code, and it will refund all institutional charges upon student's withdrawal.

Withdrawal policy procedures pursuant to section 94909(a)(8)(B) of the Code include, at a minimum: the acceptable methods of delivery of a notice to withdraw; whether withdrawal can be accomplished by conduct, and if so, how; the positions to whom the notice to withdraw must be delivered; and the date that the notice to withdraw is considered effective, which shall be no later than the date received by the institution.

(c) A pro rata refund pursuant to section 94919(c) or 94920(d) or 94927 of the Code will be no less than the total amount owed by the student for the portion of the educational program provided subtracted from the amount paid by the student, calculated as follows:

(1) The amount owed equals the daily charge for the program (total institutional charge, divided by the number

of days or hours in the program), multiplied by the number of days student attended, or was scheduled to attend, prior to withdrawal.

(2) Except as provided for in subdivision (a)(3) of this section, all amounts paid by the student in excess of what is owed as calculated in subdivision (a) (1) will be refunded.

(3) Except as provided herein, all amounts that the student has paid will be subject to refund unless the enrollment agreement and the refund policy outlined in the catalog specify amounts paid for an application fee or deposit not more than 250.00, books, supplies, or equipment, and specify whether and under what circumstances those amounts are non-refundable. Except when an institution provides a 100% refund pursuant to section 94919(d) or section 94920(b) of the Code, any assessment paid pursuant to section 94923 of the Code is non-refundable.

(4) For purposes of determining a refund under the Act and this section, a student will be considered to have withdrawn from an educational program when he or she withdraws or is deemed withdrawn in accordance with the withdrawal policy stated in its catalog.

(5) If the institution has collected money from a student for transmittal on the Student's behalf to a third party for a bond, library usage, or fees for a license, application, or examination and the institution has not paid the money to the third party at the time of the student's withdrawal or cancellation, the institution will refund the money to the student within 40 days of the student's withdrawal or cancellation.

(6) The institution will refund any credit balance on the student's account within 40 days after the date of the student's completion of, or withdrawal from, the educational program in which the student was enrolled.

Procedure to Cancel Enrollment Agreement or Withdraw from the Institution and Obtain a Refund

The student has the right to cancel and obtain a refund of charges paid through attendance from the first class session and have a right to receive a refund for that part of the course not taken on a pro-rata basis in accordance with Section 71750 of the California Private Postsecondary Education Act of 2009.

Cancelling on or Before the First Day of Class

If tuition and fees are collected in advance of the start date of classes and you do not begin classes or withdraw on the first day of classes, the school will retain the non-refundable registration fee and will process a refund for all other tuition and fees paid. Refunds will be paid within 40 days.

Cancelling During the First Seven (7) Days After Enrollment

1. Students have the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, whichever is later.
2. Cancellation shall occur when you give written notice of cancellation to the Education Director at 2655 Camino Del Rio N Suite 203, San Diego CA, 92108.
3. Written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with postage pre-paid.
4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that you no longer wish to be bound by the Agreement
5. Refunds will be paid within 40 days after your notice of cancellation is received.
6. If you have received federal student financial aid funds, you are entitled to a refund of monies not paid from federal student financial aid program funds.

Withdrawing After the First Seven (7) Days After Enrollment

1. You have the right to withdraw from the program of instruction at any time.
2. The school will provide a pro rata refund of nonfederal student financial aid program monies paid to students who have completed 60% or less of the period of attendance within the current term. The period of attendance is defined according to the program's approved enrollment period.

Students who withdraw from the program are not financially obligated beyond the current term.

3. If you withdraw from the course after midnight of the seventh day after enrollment, the school will calculate the amount you owe for the time you attended according to the following formula:

The amount you owe shall be determined on a pro rata basis if you have completed 60% or less of the period of attendance depending on how many days/hours remain at the time you withdrew from the course. After we compute the amount you owe for the time you attended, we will keep the non-refundable registration fee.

4. For the purpose of determining a refund, the student shall be deemed to have withdrawn from a program of instruction when any of the following occurs: (a) the student notifies the Education Director in writing or via email of the date of intent to withdraw; (b) the institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; and/or failure to meet financial obligations to the school; (c) The student does not return from a leave of absence; (d) the student fails to attend classes for seven consecutive days.

5. For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the daily charge for the program (total institutional charge, minus nonrefundable fees, divided by the number of days in the program), multiplied by the number of days scheduled to attend, prior to withdrawal.

6. For programs beyond the current payment period, students who withdraw prior to the next payment period, all charges collected for the next period will be refunded. If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan.

If the student has received federal student financial aid funds, the student is entitled to a refund of monies not paid from federal student financial aid program funds.

7. If the amount paid is more than the amount owed for the time attended, then a refund will be issued within 40 days. If the amount owed is more than the amount paid, arrangements must be made to pay the balance due.

Withdrawal and Pro-Rata Refund Policy

A student who withdraws after the applicable cancellation period and has completed 60 percent or less of the program's scheduled hours is entitled to a pro-rata refund of unearned institutional charges. A student who has completed more than 60 percent of the program's scheduled hours is not entitled to a refund.

The amount of the refund owed to the student equals the total charges paid by the student, minus the daily or hourly tuition charge for the program (total institutional charge minus any non-refundable charges, divided by the number of days or hours in the program), multiplied by the number of days or hours the student attended prior to withdrawal, and minus any non-refundable charges. Any hours or days prior to the student's last day of attendance for which the student was scheduled to attend but was absent shall be included in the calculation of days or hours attended. The institution will pay or credit any refund due within 45 days following the student's cancellation or withdrawal.

The \$400 equipment fee is included in the refundable institutional charges used in the pro-rata calculation. The \$100 registration/application fee is nonrefundable after the applicable cancellation period.

During the statutory cancellation period, the institution shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not exceeding \$250, as required by CEC § 94920(b).

Pro-rata refund policy

A student who withdraws after the cancellation period and completes 60% or less of the program is entitled to a pro-rata refund. Once a student completes more than 60% of the program, no refund is due.

Use “more than 60%,” rather than “61% or more.” For example, 60.1% is already more than 60%.

The refund calculation

Scheduled hours before the student’s last date of attendance are included even if the student was absent.

Refund Formula

The amount of the refund owed to the student shall be calculated as follows:

Refund=Total Amount Paid–(Hourly Charge×Hours Attended or Scheduled) –
Permitted Nonrefundable Charges

The hourly charge is calculated as follows:

$$\text{Hourly Charge} = \frac{\text{Total Institutional Charges} - \text{Permitted Nonrefundable Charges}}{\text{Total Program Hours}}$$

Refundable institutional charges:

$$\$9,500 - \$100 = \$9,400$$

Hourly rate:

$$\$9,400 \div 432 = \$21.759259$$

The institution may retain only those nonrefundable charges permitted by applicable law and specifically identified as nonrefundable in the enrollment agreement and this catalog.

24-week program — 432 hours

Refundable institutional charges:

$$\$9,500 - \$100 = \$9,400$$

Hourly rate:

$$\$9,400 \div 432 = \$21.759259$$

The institution may retain only those nonrefundable charges permitted by applicable law and specifically identified as nonrefundable in the enrollment agreement and this catalog.

Hourly rate:

Completion	Hours used for calculation	Earned refundable charges	Refund
0%	0	\$0.00	\$9,400.00
10%	43.2	\$940.00	\$8,460.00
25%	108	\$2,350.00	\$7,050.00
50%	216	\$4,700.00	\$4,700.00
60%	259.2	\$5,640.00	\$3,760.00

More than 60% More than 259.2 — \$0.00

Because actual attendance is usually recorded in whole hours:

- 259 hours is approximately 59.95% and remains eligible for a refund.
- 260 hours is approximately 60.19% and is not eligible for a refund.

16-week program — 288 hours

Hourly rate:

Refundable institutional charges:

$$\$6,500 - \$100 = \$6,400$$

Hourly rate:

$$\$6,400 \div 288 = \$22.222222$$

Completion	Hours used for calculation	Earned refundable charges	Refund
0%	0	\$0.00	\$6,400.00
10%	28.8	\$640.00	\$5,760.00
25%	72	\$1,600.00	\$4,800.00
50%	144	\$3,200.00	\$3,200.00
60%	172.8	\$3,840.00	\$2,560.00
More than 60%	More than 172.8	—	\$0.00

Using whole attendance hours:

- 172 hours is approximately 59.72% and remains eligible for a refund.
- 173 hours is approximately 60.07% and is not eligible for a refund.

All 8-week and 16-week programs are subject to the same pro-rata refund policy. A student who withdraws after the applicable cancellation period and completes **60% or less** of the program's scheduled hours is eligible for a pro-rata refund. The refund will be calculated using the program's hourly tuition rate and the number of scheduled hours completed through the student's last date of attendance, including scheduled hours during which the student was absent.

For 8-week, 80-hour programs, refund eligibility applies through **48 scheduled hours**. For 16-week programs, eligibility applies through **60% of the program's total scheduled hours**. A student who completes more than 60% of the program's scheduled hours is not entitled to a refund. Any permitted nonrefundable charges will be identified in the enrollment agreement and deducted in accordance with applicable BPPE requirements.

Other Student Services

Student Advisor Services

Student advising is part of the teaching process and the delivery of supportive services provided to students. The School Director and the instructors are available to advise students and, if possible, assist them to overcome any difficulties they may encounter in the school. Students are encouraged to take advantage of this service whenever difficulties arise and when available.

Career Services

While the school provides assistance with job placement, no guarantee for employment or income level is made. Agencies and companies contact the school for likely candidates for employment. The School Director provides graduates with job leads and may arrange for an interview with prospective employers.

Housing

The school has no responsibility to find or assist a student in finding housing and it does not maintain housing for students, nor does it make recommendations regarding housing. However, there are a variety of accommodations available throughout the community. See Table of Contents for page number of this catalog for information about housing reasonably close to the school.

Transportation

Public transportation is available with stops located close to the school. It may also be possible for students to arrange for transportation by another student if schedules are compatible.

Reference Materials

The school maintains a number of reference materials, including books, trade publications, magazines and other pertinent and related audio and visual instructional aides. Reference materials are kept for use at the school and/or arrangements can be made with the School Director for home use.

Financial Aid

The school is currently not an institution recognized by the United States Department of Education and/or approved to offer financial aid in connection with Title IV programs.

Student Rights and Grievances and Complaint Policy and Procedure

The Accounting Academy designates the Education Director to receive and resolve student grievances complaints. The Director is regularly accessible for reasonable periods of time before and after class sessions and during the range of time students are scheduled to attend.

Specific information with respect to the student complaint designee's name, title, address, and other contact information, is contained on a document entitled **Student Complaint Designee and Record of Student Complaint**. A copy of the signed and dated form is included on the next page and it is distributed to each student on the first day of class.

The School Director has the authority and duty to: investigate complaints thoroughly; reject complaints if, after investigation, they are determined to be unfounded; record a summary of the complaint and its disposition; notify appropriate agencies if the complaint is valid and involves a violation of law; determine effect on other students if complaint is valid; implement policies and procedures to avoid similar complaints in the future; and communicate directly with any person in control regarding complaints.

A student may lodge a grievance or complaint by communicating orally or in writing to any staff member of the Academy who is then obligated to transmit it as soon as possible to the designated complaint officer. Oral complaints must be resolved within a reasonable time or before a second complaint is lodged. The Academy may require the complaint be submitted in writing, in which case the Academy will provide the student with a written response, including a summary of its investigation and disposition, within ten (10) days of receiving the complaint.

A student complaint more than ninety (90) days after the event(s) and/or incident(s) will be considered invalid and will not be accepted for resolution by the School Director.

A student's participation in the complaint procedure and the disposition of a student's complaint will not limit or waive any of the student's rights or remedies. Any document signed by a student that purports to limit or waive his or her rights and remedies is void.

A student or any member of the public may file a grievance or complaint about this institution by contacting the following California State licensing agency:

Bureau for Private Postsecondary Education

1747 N. Market Blvd. Ste 225

Sacramento, CA 95834

Web site Address: www.bppe.ca.gov

Tel: (888) 370-7589 Fax (916) 263-1807

If a student or a member of the public has a questions, problems, grievance, or complaint about any aspect of the training or the administration of the school, that inquiry should be directed to the Education Director immediately.

If the issue is not resolved within at least two weeks of the grievance to the person's satisfaction by means of open discussion, the person may register a formal complaint in writing addressed to the school President.

The letter will be reviewed in private by the President and a written response will be forwarded to the person involved.

If the problem is still not resolved to the person's satisfaction, a formal meeting will be scheduled after school hours. The meeting will offer the person a chance to voice the complaint or problem, and any other party involved in the matter. The meeting will be a closed, private meeting and will not be open to the general population. Upon conclusion of the meeting, a formal written response will be given to the person that will recap the results of the meeting and any resolutions made to address the issue.

A student or any member of the public may file a complaint about this institution with the following California State licensing agency:

The Bureau for Private Postsecondary Education

Address: 1747 N. Market Blvd. Ste 225

Sacramento, CA 95834

Web site Address: www.bppe.ca.gov

Tel: (888) 370-7589 Fax (916) 263-1807

Complaints should be in writing and mailed, faxed, or emailed to the Bureau for Private Postsecondary Education. In addition to the complaint, copies of relevant supporting documentation should be forwarded.

Complaints received by phone will be documented and the complainant will be requested to submit the complaint in writing. See the grievance and complaint form on the next page for suggested information that should accompany the written document.

STUDENT COMPLAINT DESIGNEE & RECORD OF STUDENT COMPLAINT

INSTRUCTIONS: Before submitting this form to the School Director, please read the school's Student Complaint Policy given to you at the start of your first session. Please provide all information requested. Be specific when discussing the complaint. Attach additional materials as needed. Do not use this form for academic or disciplinary appeals.

Student Refund and Withdrawal Policy

The institution maintains the following fair and equitable student refund policies and procedures designed to provide financial fairness to students in case of unforeseen circumstances or changes in enrollment, and to adhere to the regulatory requirements of the California Private Postsecondary Education Act of 2009. The basic components of the school's refund policy are as follows:

- The policy applies consistently to all students, regardless of the reason for withdrawal, ensuring fairness and avoiding discrimination.
- The policy provides for special or extenuating circumstances, where additional flexibility or considerations may apply.
- Student refunds are proportional to the time spent in the institution's programs, precluding students from losing their entire tuition if they withdraw prior to graduation.
- The policy strives for clear communication about the refund policy to avoid student confusion.
- Student refunds, when due, are made by the institution without requiring a request from the student.
- Refunds, when due, are made within 45 day of the last day of attendance if written notification has been provided to the institution by the student, or from the date the institution terminates the student or determines withdrawal by the student.
- The institution ensures that this refund policy is included in its official publications and easily accessible to all students via the institution's website and school catalog.
- Retention of tuition and fees collected by the institution in advance for a student who does not commence class does not exceed 100.
- The institution adheres to the regulatory requirements of the California Private Postsecondary Education Act of 2009 with respect to student withdrawals and refunds as described below.

California Private Postsecondary Education Act of 2009 Withdrawals and Refunds

Student right to Cancel, Withdrawals and Refunds

STUDENT'S RIGHT TO CANCEL

A student has the right to cancel the enrollment agreement and obtain a refund of 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed two hundred fifty dollars (\$250), if the notice of cancellation is made through attendance at the first-class session or the seventh day after enrollment, whichever is later.

A notice of cancellation shall be in writing. The written notice may be delivered personally, electronically, or by mail to the institution at: 2655 Camino Del Rio N Suite 203 San Diego CA, 92108. The notice is effective when delivered or when deposited in the mail, properly addressed with postage prepaid.

If the student cancels within the cancellation period, the institution will refund the applicable amount paid for institutional charges within 45 days after receiving the notice of cancellation.

Rejection of Student Applicant

If a student application is rejected for enrollment by the school, a full refund of tuition monies paid will be made to the applicant.

School Program Cancellation

If the school cancels a program after a student's enrollment, the school will refund all monies paid by the student.

Student Withdrawal or Cancellation Prior to Start of Class or No Show

If an applicant accepted by the school cancels prior to the start of scheduled classes or never attends class (no-show), the school will refund all monies paid, less than the non-refundable 100 registration fee as described within this catalog and in the school's enrollment agreement.

Student Withdrawal or Cancellation from First Session through the First Seven (7) Days

Students have a right to withdraw or cancel their enrollment agreement for school, without any penalty or obligation, within the seventh day from the first day of attendance of the first class session. A withdrawal or cancellation notice must be submitted in writing to the school Education Director.

Student Refund Re Withdrawal or Cancellation after 7th Day of First Session

Students have a right to withdraw or cancel training at the school at any time after the seventh day of the first session and have a right to receive a refund for that part of the course not taken on a pro-rata basis in accordance with Section 71750 of the California Private Postsecondary Education Act of 2009 herein.

School Closures

If the school closes before a student graduates, a student may be entitled to a refund. Contact the Bureau for Private Postsecondary Education at 1747 North Market Blvd. Suite 225, Sacramento, CA 95834, web site address at www.bppe.ca.gov, telephone (916) 574-8900, or fax number (916) 263-1897.

Student Refunds

(a) The school will make refunds that are no less than the refunds required under Section 71750 of the California Private Postsecondary Education Act of 2009.

(b) The school will not enforce any refund policy that is not specified in the school catalog as required pursuant to section 94909(a)(8)(B) of the California Education Code, and it will refund all institutional charges upon student's withdrawal.

Withdrawal policy procedures pursuant to section 94909(a)(8)(B) of the Code include, at a minimum: the acceptable methods of delivery of a notice to withdraw; whether withdrawal can be accomplished by conduct, and if so, how; the positions to whom the notice to withdraw must be delivered; and the date that the notice to withdraw is considered effective, which shall be no later than the date received by the institution.

(c) A pro rata refund pursuant to section 94919(c) or 94920(d) or 94927 of the Code will be no less than the total amount owed by the student for the portion of the educational program provided subtracted from the amount paid by the student, calculated as follows:

(1) The amount owed equals the daily charge for the program (total institutional charge, divided by the number of days or hours in the program), multiplied by the number of days student attended, or was scheduled to attend, prior to withdrawal.

(2) Except as provided for in subdivision (a)(3) of this section, all amounts paid by the student in excess of what is owed as calculated in subdivision (a) (1) will be refunded.

(3) Except as provided herein, all amounts that the student has paid will be subject to refund unless the enrollment agreement and the refund policy outlined in the catalog specify amounts paid for an application fee or deposit not more than 250.00, books, supplies, or equipment, and specify whether and under what circumstances those amounts are non-refundable. Except when an institution provides a 100% refund pursuant to section 94919(d) or section 94920(b) of the Code, any assessment paid pursuant to section 94923 of the Code is non-refundable.

(4) For purposes of determining a refund under the Act and this section, a student will be considered to have withdrawn from an educational program when he or she withdraws or is deemed withdrawn in accordance with the withdrawal policy stated in its catalog.

(5) If the institution has collected money from a student for transmittal on the Student's behalf to a third party for a bond, library usage, or fees for a license, application, or examination and the institution has not paid the

money to the third party at the time of the student's withdrawal or cancellation, the institution will refund the money to the student within 40 days of the student's withdrawal or cancellation.

(6) The institution will refund any credit balance on the student's account within 40 days after the date of the student's completion of, or withdrawal from, the educational program in which the student was enrolled.

Procedure to Cancel Enrollment Agreement or Withdraw from the Institution and Obtain a Refund

The student has the right to cancel and obtain a refund of charges paid through attendance from the first class session and have a right to receive a refund for that part of the course not taken on a pro-rata basis in accordance with Section 71750 of the California Private Postsecondary Education Act of 2009.

Cancelling on or Before the First Day of Class

If tuition and fees are collected in advance of the start date of classes and you do not begin classes or withdraw on the first day of classes, the school will retain the non-refundable registration fee and will process a refund for all other tuition and fees paid. Refunds will be paid within 40 days.

Cancelling During the First Seven (7) Days After Enrollment

1. Students have the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, whichever is later.
2. Cancellation shall occur when you give written notice of cancellation to the Education Director at 2655 Camino Del Rio N Suite 203, San Diego CA, 92108.
3. Written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with postage pre-paid.
4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that you no longer wish to be bound by the Agreement
5. Refunds will be paid within 40 days after your notice of cancellation is received.
6. If you have received federal student financial aid funds, you are entitled to a refund of monies not paid from federal student financial aid program funds.

Withdrawing After the First Seven (7) Days After Enrollment

1. You have the right to withdraw from the program of instruction at any time.
2. The school will provide a pro rata refund of nonfederal student financial aid program monies paid to students who have completed 60% or less of the period of attendance within the current term. The period of attendance is defined according to the program's approved enrollment period.

Students who withdraw from the program are not financially obligated beyond the current term.

3. If you withdraw from the course after midnight of the seventh day after enrollment, the school will calculate the amount you owe for the time you attended according to the following formula:

The amount you owe shall be determined on a pro rata basis if you have completed 60% or less of the period of attendance depending on how many days/hours remain at the time you withdrew from the course. After we compute the amount you owe for the time you attended, we will keep the non-refundable registration fee.

4. For the purpose of determining a refund, the student shall be deemed to have withdrawn from a program of instruction when any of the following occurs: (a) the student notifies the Education Director in writing or via email of the date of intent to withdraw; (b) the institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; and/or failure to meet financial obligations to the school; (c) The student does not return from a leave of absence; (d) the student fails to attend classes for seven consecutive days.

5. For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the daily charge for the program (total institutional charge, minus nonrefundable fees, divided by the number of days in the program), multiplied by the number of days scheduled to attend, prior to withdrawal.

6. For programs beyond the current payment period, students who withdraw prior to the next payment period, all charges collected for the next period will be refunded. If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan.

If the student has received federal student financial aid funds, the student is entitled to a refund of monies not paid from federal student financial aid program funds.

7. If the amount paid is more than the amount owed for the time attended, then a refund will be issued within 40 days. If the amount owed is more than the amount paid, arrangements must be made to pay the balance due.

Student Debt Collection Policy

Purpose

The school adopts as its collection goal the full collection of all outstanding student loans according to industry performance and professional standards. The purpose of this policy is to ensure that there is a consistent understanding of the process regarding the payment of student charges and how the school will deal with non-payment. Default rates will be maintained that are equal to or better than industry standards.

Policy

The school offers internal financing based on a student's reasonable assurance that he or she has the means and resources to repay any charges financed by the school.

Students who request tuition financing must complete a student loan and credit application prior to enrollment. The responsibility for ensuring payment of all financed charges remain the responsibility of the student.

Students who qualify for a monthly installment loan are required to enter into a Retail Installment Contract which obligates the student in accordance with the terms and conditions contained in the contract and with all federal and state 'truth-in-lending' regulations.

Students are required to adhere to the terms and conditions of the Retail Installment Contract, including timely payment of monthly installments. A monthly installment payment coupon book will be provided to students for their convenience. The school will mail statements each month showing the status of the account.

If any required monthly installment payment is more than ten (10) business days past due, the loan may be declared in default by the school.

The following action may be taken against a student with past-due debt:

- A 10 late fee will be assessed for each late monthly payment.
- The entire outstanding loan balance may become due and payable.
- Academic progress reports may be withheld.
- Students may be unable to graduate and receive a certificate.

Student installment loans more than ninety (90) days past due may be placed with either a collection agency or an attorney at the discretion of the school and a 1,500 fee added to the outstanding balance to reimburse the school for collection related expenditures.

Student Copyright Infringement Policy

Overview

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). As a general matter, copyright infringement occurs when a copyrighted work is reproduced, distributed, performed, publicly displayed, or made into a derivative work without the permission of the copyright owner.

The purpose of copyright law is to promote creativity, innovation, and the spread of knowledge. The law does this by balancing the right of both copyright holders and users of copyright materials.

GI Bill Trademark Attribution Citation

“GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.”

GI Bill Trademark Terms and Uses

Third-party use of the GI Bill trademark is restricted and subject to the following:

- The GI Bill trademark is not to be incorporated or included in company or product names, trademarks, logos, or internet domain names.
- The term “GI Bill®” is to be used solely to promote official VA benefit programs and services and must include the proper trademark symbol.
- Use of the trademark attribution notice, indicating that the mark and all associated services belong to VA, is required and shall be taken as evidence that use of the mark is in good faith.
- No entity shall use the GI Bill trademark in any manner that directly or indirectly implies a relationship, affiliation, or association with VA that does not exist.
- Disparagement or misrepresentations of VA services through use of the mark, or by the use of confusingly similar wording, are strictly prohibited.

Copyrighted School Educational Materials

The Accounting Academy training program is a privately-owned institution. It is the original creator and author of all the educational and training materials utilized in the program and it is the sole copyright owner. Identifiers with respect to copyrights have been affixed to the training materials. The school has not assigned any portion of its copyright to another person or persons.

Penalties

Penalties for copyright infringement include civil and criminal penalties. Anyone found liable for civil copyright infringement may be ordered to pay either actual damages or 'statutory' damages at not less than 750 and not more than 30,000 per work infringed. For 'willful' infringement, a court may award up to 150,000 per work infringed. In addition, courts, at their own discretion, may assess costs and attorney's fees.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to 250,000 per offense. For more detailed information, see the U.S. Copyright Office website at: www.copyright.gov

Student Tuition Recovery Fund

Purpose of STRF

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an

educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

Non-Eligibility for STRF

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.” (b) In addition to the statement required under subdivision (a) of this section, a qualifying institution shall include the following statement in its school catalog: “It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school.

Questions regarding the STRF may be directed to:

Bureau for Private Postsecondary Education at:

Address: 1747 N. Market Blvd. Ste 225, Sacramento, CA 95834

P.O. Box 980818, West Sacramento, CA 95798-0818

Web site Address: www.bppe.ca.gov

Tel: (888) 370-7589 Fax: (916) 263-1807

(916) 574-8900 or by fax (916) 263-1807

Eligibility for STRF

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans. To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

Revived Student Loans

A student whose loan is revived by a loan holder or debt collector after a period of no collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible,

the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Student Tuition Recovery Fund (STRF) Assessment Fees

Effective April 1, 2024, the Student Tuition Recovery Fund (STRF) assessment rate changed from two dollars and fifty cents (2.50) per one thousand dollars (1,000) of institutional charges to zero dollar (0.00) per one thousand dollars (1,000) of institutional charges, rounded to the nearest thousand dollars, from each student in an educational program who is a California resident or is enrolled in a residency program.

Questions regarding the STRF may be directed to:

Bureau for Private Postsecondary Education at:

Address: 1747 N. Market Blvd. Ste 225, Sacramento, CA 95834

P.O. Box 980818, West Sacramento, CA 95798-0818

Web site address: www.bppe.ca.gov

Tel: (888) 370-7589 Fax: (916) 263-1807

(916) 574-8900 or by fax (916) 263-1807

Career Occupational Outlook

Dept. of Labor Job Classifications Each Program Prepares Graduates For

Overview

In order to report gainful employment of its graduates, the school is required to identify the job classifications each program prepares its graduates for using the United States Department of Labor's Standard Occupational Classification Codes, at the Detailed Occupation (six-digit) level. *U.S. Department of Labor Standard Occupational Classification Codes for each of the School's Programs each Program Prepares Graduates For:*

Small Business Accounting & Bookkeeping Training Program – Soc 13-000 Business & Financial Operations Occupations

Dept. of Labor SOC	Dept of Labor Occupation Description
13-2011	Accountants and Auditors
13-2031	Budget Analysts
13-2041	Credit Analysts
43-3011	Bill and account Collectors
43-3021	Billing and Posting Clerks
43-3031	Bookkeeping, Accounting, And Auditing Clerks

Administrative Assistant – Soc 43-000 Office & Administrative Support

43-4051	Customer Service Representatives
43-4071	File Clerks

---------	--------------------------------

Occupational Outlook

According to the most recent information obtained from the United States Department of Labor's Bureau of Labor Statistics, the occupational for the institution's training programs is as follows:

Small Business Accounting & Bookkeeping Training Program – SOC 43-3031

The total national employment for this occupation was 1.7 million workers, earning a median wage of 19.92 per hour and 41,230 per year. Projected job openings through 2029 are estimated at 162,100, with an anticipated growth rate of negative one percent.

Administrative Assistant – SOC 43-6014

The total national employment for this occupation was 2.3 million workers, earning a median wage of 18.12 per hour and 37,690 per year. Projected job openings through 2029 are estimated at 195,200, with an anticipated growth rate of negative one percent.

Tax Preparer/Enrolled Agent – SOC 13-2081

The total national employment for this occupation was 57,600 workers, earning a median wage of 26.39 per hour and 54,890 per year. Projected job openings through 2029 are estimated at 4,200, with an anticipated growth rate of negative one percent.

Accounts Receivable Specialist – SOC 43-3011

The total national employment for this occupation was 238,900 workers, earning a median wage of 17.79 per hour and 37,000 per year. Projected job openings through 2029 are estimated at 22,900, with an anticipated growth rate of negative one percent.

Accounts Payable Specialist – SOC 43-3021

The total national employment for this occupation was 484,200 workers, earning a median wage of 18.63 per hour and 38,740 per year. Projected job openings through 2029 are estimated at 48,100, with an anticipated growth rate of positive one to two percent.

Payroll Specialist – SOC 43-3051

The total national employment for this occupation was 149,800 workers, earning a median wage of 22.20 per hour and 46,180 per year. Projected job openings through 2029 are estimated at 13,700, with an anticipated growth rate of negative one percent.

The Accounting Academy New Programs (BPPE Approval as of June 26, 2026)

The Accounting Academy is committed to continuous institutional growth and the expansion of high-quality, workforce-aligned educational programs that support student achievement and meet the evolving needs of employers across business, technology, and healthcare sectors.

The programs outlined in this section represent proposed offerings that are currently pending approval by the California Bureau for Private Postsecondary Education (BPPE). In accordance with BPPE regulations, these programs are not currently offered, and The Accounting Academy does not advertise, enroll students, or collect tuition or fees for these programs until all required approvals have been formally granted.

Each proposed program has been carefully developed in alignment with applicable regulatory standards, including California Code of Regulations (CCR) Sections 71220 and 71710, ensuring that curriculum design, program objectives, and instructional methodologies meet state requirements for quality, rigor, and occupational relevance. Program content has been structured to reflect current industry standards and incorporates certification preparation where applicable, including alignment with recognized third-party credentialing bodies such as Microsoft, Intuit, CompTIA, and the National Healthcare Association (NHA).

The Accounting Academy has designed these programs to support a variety of instructional delivery methods, including in residential, and distance education formats. Distance education components will be delivered through zoom and the institution's Learning Management System (LMS), providing structured, interactive, and measurable learning experiences. These delivery methods have been evaluated to ensure they are appropriate and effective in achieving stated learning outcomes in accordance with **CCR Section 71715(d)(1)**.

Institutional resources, including qualified faculty, curriculum designers, instructional materials, technology infrastructure, and student support services, have been identified and allocated to support the successful implementation of each proposed program upon approval. The institution maintains policies and procedures to ensure compliance with all applicable state regulations, including admissions standards, attendance policies, satisfactory academic progress, and student services.

The Accounting Academy affirms that no instruction, training, or representation of program availability will occur until BPPE approval is obtained. Upon approval, programs will be offered in accordance with all regulatory requirements and institutional policies as outlined in this catalog.

These proposed programs reflect the institution's strategic commitment to expanding access to career-focused education, enhancing student employability, and supporting workforce development through relevant skills-based training.

MOS 101 –CATALOG PROGRAM

Catalog Update

Microsoft Office Suites - Word, Excel and PPT – MOS 101

Program Length: 8 Weeks

Delivery Method: In Residence or Distance Education

Total Courses: 1

Credential Awarded: Certificate of Completion

Program Overview

The Microsoft Office Applications (Introductory) program prepares students for entry-level administrative and business support roles by providing foundational training in Microsoft Word, Excel, and PowerPoint. The program focuses on developing essential digital literacy skills required in modern workplace environments.

Students learn to create professional documents, manage and organize data, and design effective presentations using industry-standard Microsoft Office applications. Instruction emphasizes hands-on learning through guided simulations and real-world application exercises delivered through the Labyrinth Learning eLab Learning Management System (LMS).

The program is designed to prepare students for entry-level positions requiring basic office and administrative competencies, as well as for Microsoft Office Specialist (MOS) certification.

Program Learning Outcomes

Upon successful completion of the program, graduates will be able to:

1. Demonstrate foundational knowledge of Microsoft Word, Excel, and PowerPoint
2. Create and format professional business documents
3. Organize and analyze data using Excel tools and formulas
4. Develop effective presentations using PowerPoint
5. Apply problem-solving skills in business-related tasks
6. Demonstrate accuracy and efficiency in office applications
7. Exhibit readiness for entry-level administrative roles

Program Structure

The program is delivered over 8 weeks and consists of one course:

Course Number	Course Title	Duration
MOS 101	Microsoft Office Suites - Word, Excel and PPT	8 Weeks

Course Description

MOS 101 – Microsoft Office Suites - Word, Excel and PPT

This course introduces students to Microsoft Word, Excel, and PowerPoint. Students develop foundational skills in document formatting, spreadsheet management, and presentation design. Instruction includes hands-on exercises, simulations, and applied assignments designed to reflect real-world business tasks.

Program Schedule

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM		
Delivery Option	On-Campus Instruction	Online Synchronous Instruction	Online Asynchronous Instruction	Total Program Hours
100% On-Ground Option	80 hours	0 hours	0 hours	80 hours
100% Online Option	0 hours	80 hours	0 hours	80 hours

- Weekly modules and assignments
- Interactive simulations and exercises
- Self-assessments and projects

Instruction is asynchronous with structured weekly progress expectations.

Program Curriculum Table

Course	Delivery	Total Hours	Weeks
MOS 101	In Resident or Distance Education	80 Hours	8

Certification Preparation

The program prepares students for:

- Microsoft Word Certification
- Microsoft Excel Certification
- Microsoft PowerPoint Certification

Graduation Requirements

Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program.

1. Successful completion of the MOS 101 course
2. Achieving a minimum grade of 70%
3. Completion of all assignments and assessments
4. Fulfillment of financial obligations
5. Compliance with institutional policies

Microsoft Advanced (Microsoft Word and Excel Expert) – MOS 102 Catalog Update

Program Length: 8 Weeks

Delivery Method: In Residence or Distance Education

Total Courses: 1

Credential Awarded: Certificate of Completion

Program Overview

The Microsoft Office Applications (Advanced) program prepares students for advanced administrative and analytical roles by developing high-level skills in Microsoft Word and Excel. The program emphasizes data analysis, document automation, and workflow efficiency.

Students learn advanced functions including PivotTables, macros, data visualization, and document automation tools. Instruction is delivered through simulation-based learning aligned with workplace expectations and MOS certification standards.

Program Learning Outcomes

1. Demonstrate advanced proficiency in Microsoft Word and Excel
2. Analyze and interpret data using advanced tools
3. Create automated documents and reports
4. Develop dashboards and data visualizations
5. Apply workflow automation techniques
6. Improve productivity using advanced Office tools
7. Solve complex business problems using data

Program Structure

Course Number	Course Title	Duration
MOS 102	Advanced Excel & Word	8 Weeks

Course Description

This course builds on foundational skills and introduces advanced features including formulas, PivotTables, macros, and document automation. Students complete real-world projects and simulations to demonstrate competency.

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

MOS 102	In Residence or Distance Education	8

Certification Preparation

- Microsoft Excel Expert
- Microsoft Word Expert

Admission Requirements

Applicants must:

1. Meet general admissions requirements
2. Demonstrate prior Microsoft Office knowledge (MOS 101 or equivalent)
3. Complete admissions interview
4. Demonstrate intermediate computer literacy
5. Have required technology and software

Graduation Requirements: Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program.

Students must:

1. Complete MOS 102 successfully
2. Earn minimum 70%
3. Complete all coursework
4. Meet institutional policies

Microsoft Office Project Management – MOS 103

Program Length:

8 Weeks

Delivery Method:

In Residence or Distance Education

Total Courses: 1

Program Overview

The Microsoft Office Project Management (MOS 103) program provides students with the knowledge and practical skills necessary to plan, execute, and manage projects using Microsoft Project and integrated Microsoft Office tools.

The program emphasizes project planning, scheduling, resource management, budgeting, performance tracking, and stakeholder communication. Students gain hands-on experience using Microsoft Project, Excel, Word, and Teams to manage project workflows in real-world business scenarios.

Instruction includes simulation-based learning, guided exercises, and applied project assignments. Students develop and manage project plans, analyze project data, and produce reports to support decision-making

throughout the project lifecycle.

Program Learning Outcomes

Upon successful completion of this program, students will be able to:

1. Create and manage project plans using Microsoft Project
2. Apply project management principles in business environments
3. Manage project resources, timelines, and scheduling
4. Monitor and evaluate project performance using reports and dashboards
5. Apply budgeting and cost management techniques
6. Utilize Microsoft Office tools for collaboration and communication
7. Analyze project risks and implement problem-solving strategies
8. Demonstrate readiness for entry-level project coordination roles

Program Structure

Course Number	Course Title	Duration
MOS 103	Microsoft Office Project Management	8 Weeks

Course Description

This course provides comprehensive training in project management using Microsoft Project and integrated Microsoft Office tools. Students learn to create project plans, define tasks and dependencies, allocate resources, manage budgets, track progress, and generate reports.

The course emphasizes hands-on application through real-world scenarios, enabling students to develop practical skills in project coordination, workflow management, and performance tracking.

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours

- Microsoft Project Management Certification (Microsoft Office Specialist pathway)

Catalog Update

Entrepreneurship and Small Business Certification – ESB 100

Program Length: 8 Weeks

Delivery Method: In Residence or Distance Education

Total Courses: 1

Credential Awarded: Certificate of Completion

Program Overview

The Entrepreneurship and Small Business Certification program provides students with the knowledge and practical skills required to start, manage, and grow a small business. The program emphasizes business planning, marketing, financial management, operations, and legal compliance.

Students develop a comprehensive business plan and present a final business concept. Instruction includes case studies, simulations, and real-world business applications.

Program Learning Outcomes

1. Develop and evaluate business ideas
2. Create a comprehensive business plan
3. Apply financial management principles
4. Design marketing strategies
5. Understand legal requirements
6. Utilize digital tools
7. Demonstrate leadership skills
8. Present a business concept

Program Structure

Course Number	Course Title	Duration
ESB 100	Entrepreneurship & Small Business	8 Weeks

Course Description

This course covers all aspects of small business development including planning, marketing, finance, operations, and legal compliance. Students complete a business plan and final presentation.

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM

100% Online Option	0 hours	80 hours	0 hours	80 hours

Program Curriculum Table

Course	Delivery	Weeks
ESB 100	In Residence or Distance Education	8

Certification Preparation

Aligned with entrepreneurship certification standards (ESB certification optional).

Admission Requirements

Applicants must:

1. Be at least 18
2. Have high school diploma or equivalent
3. Complete admissions interview
4. Demonstrate basic computer literacy
5. Have access to required technology

Graduation Requirements: Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program.

Students must:

1. Complete ESB 100
2. Achieve minimum 70%
3. Complete business plan and presentation
4. Meet institutional requirements

Business – Intuit QuickBooks Online

Program Overview

The Business – Intuit QuickBooks Online Program is designed to provide students with the knowledge and practical skills required to manage business financial operations using cloud-based accounting systems in modern business environments.

This program prepares students for entry-level roles in bookkeeping, accounting support, and small business financial management across industries such as retail, professional services, healthcare, and entrepreneurship.

The curriculum emphasizes the real-world application of accounting and bookkeeping processes, including company setup, chart of accounts management, financial transaction recording, accounts receivable and payable management, bank reconciliation, and financial reporting. Students develop practical competencies through hands-on labs, simulations, and scenario-based exercises aligned with industry expectations and Intuit QuickBooks Online standards.

Program Learning Outcomes

Upon successful completion of the Business – Intuit QuickBooks Online Program, graduates will be able to:

1. Configure and manage company accounts within a cloud-based accounting system.
2. Record, classify, and manage financial transactions in accordance with basic accounting principles.
3. Manage accounts receivable and accounts payable processes to support business operations.
4. Perform bank and credit card reconciliations to ensure financial accuracy and integrity.
5. Generate and analyze financial reports to support business decision-making.
6. Utilize cloud-based accounting tools to improve efficiency and accuracy in financial management.
7. Apply bookkeeping and accounting concepts in real-world business scenarios.
8. Demonstrate readiness for entry-level bookkeeping roles and certification attainment.

Program Structure

The program is delivered over 8 weeks and consists of one course:

Course Number	Course Title	Duration
QB 101	Business – Intuit QuickBooks Online	8 Weeks

Course Description

QB 101 – Business – Intuit QuickBooks Online

This course provides foundational and applied training in cloud-based accounting using Intuit QuickBooks Online. Students learn how to set up and manage company accounts, record financial transactions, manage accounts receivable and payable, perform reconciliations, and generate financial reports. Instruction includes hands-on simulations, guided exercises, and real-world business scenarios using Labyrinth Learning eLab.

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours per course

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM		
Delivery Option	On-Campus Instruction	Online Synchronous Instruction	Online Asynchronous Instruction	Total Program Hours
100% On-Ground Option	80 hours	0 hours	0 hours	80 hours
100% Online Option	0 hours	80 hours	0 hours	80 hours

Distance education components are delivered through live lecture via zoom and:

- Labyrinth Learning eLab Learning Management System (LMS)
- Intuit QuickBooks Online software environment

Program Curriculum Table

- Program Length: 8 Weeks
- Total Clock Hours: 80 Hours
- Delivery Method: In Residence or Distance Education

Instructional Methods

Instruction is delivered using:

- Guided eLab simulations and exercises
- Hands-on QuickBooks Online system training
- Scenario-based bookkeeping activities
- Financial data entry and reconciliation exercises
- Case studies (small business accounting environments)
- Certification preparation activities

The curriculum is aligned with Intuit QuickBooks Online objectives.

Students are prepared to sit for the QuickBooks Online certification examination (optional; additional fees may apply).

Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program.

Career Outcomes

Graduates may pursue roles including:

- Bookkeeper
- Accounting Clerk
- Accounts Payable/Receivable Specialist
- Payroll Support Specialist
- Small Business Financial Assistant

Admission Requirements

Applicants must:

1. Be at least 18 years of age
2. Possess a high school diploma or equivalent (or meet ability-to-benefit requirements, if applicable)
3. Complete an admissions interview
4. Demonstrate basic computer literacy, including familiarity with Microsoft Office
5. Have access to a computer with internet connectivity capable of running Microsoft Office applications

Graduation Requirements: Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program.

To successfully complete the program, students must:

1. Complete all required coursework (MOS 103)
2. Achieve a minimum cumulative grade of 70%
3. Complete all required eLab assignments, projects, and assessments
4. Successfully complete the final assessment or certification preparation exam
5. Meet all institutional academic and attendance requirements

Instructional Resources Students will utilize:

- Labyrinth Learning Microsoft Project eLab Courseware
- Labyrinth Learning eLab LMS
- Microsoft Office 365 (Project, Excel, Word, Teams)
- Microsoft Learn resources
- Certification-aligned practice materials

Delivery Justification

The program is appropriate for both in residence or distance education delivery as it utilizes zoom and an interactive, simulation-based learning platform (eLab) that allows students to engage in real-time project management tasks. The integration of Microsoft Office tools and applied assignments ensures that students develop practical, job-ready skills in a structured online environment consistent with industry practices.

Program Title: IT 100 - CompTIA Tech + Certification

Program Description

The IT Fundamentals Certificate program is designed to introduce students to the foundational concepts of information technology and computing systems. This program provides entry-level knowledge of computer hardware, operating systems, networking concepts, cybersecurity fundamentals, and troubleshooting techniques used in modern IT environments.

Students will learn core information technology terminology, understand how computer systems function, and gain exposure to the fundamental skills required in technology support roles. Instruction combines lecture, guided online learning modules delivered through Absorb LMS, and applied exercises designed to reinforce technical knowledge and problem-solving skills.

The curriculum aligns with the knowledge domains associated with the CompTIA IT Fundamentals+ (ITF+) Certification offered by CompTIA and prepares students for further study in information technology certification pathways such as CompTIA A+, Network+, and Security+. This program is intended for individuals who have little or no prior information technology experience and who are interested in pursuing entry-level IT positions or continuing toward additional industry-recognized certifications.

Program Learning Objectives

Upon successful completion of the IT Fundamentals Certificate program, students will be able to:

1. Define basic information technology concepts and industry terminology.
2. Identify computer hardware components and describe their functions.
3. Install and configure basic software applications and operating systems.
4. Explain networking concepts, devices, and communication protocols.
5. Identify common cybersecurity threats and describe preventative security practices.
6. Recognize mobile devices and mobile operating systems used in computing environments.
7. Apply basic troubleshooting techniques to diagnose and resolve common technical issues.
8. Demonstrate an understanding of the foundational skills required for entry-level information technology roles.

Program Length

Program Duration: 8 Weeks

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Course Number	Course Title	Weeks
IT 100	IT Fundamentals	8

Course Description

IT 100 – IT Fundamentals

This course introduces students to the fundamental concepts of information technology, including computer hardware, operating systems, software installation, networking basics, cybersecurity principles, and troubleshooting methodologies. Students will learn the terminology and foundational skills used by IT professionals while gaining exposure to real-world technology environments.

The course also introduces mobile device technologies, cloud computing concepts, and IT career pathways. Upon completion, students will have a strong foundational understanding of information technology and be prepared to pursue entry-level IT roles or continue toward industry-recognized certifications.

Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program.

Career Opportunities

Graduates of the IT Fundamentals Certificate program may pursue entry-level opportunities in technology support environments, including roles such as:

- IT Support Assistant
- Help Desk Support Technician
- Computer User Support Specialist
- Technical Support Representative
- Junior IT Technician

This program also provides a foundation for individuals seeking to continue their training toward industry certifications including CompTIA A+, Network+, and Security+.

Equipment and Technology Requirements

Students enrolled in the IT Fundamentals program will have access to computer workstations equipped with current operating systems, internet connectivity, and software necessary to complete course activities and online learning modules. Instructional technology resources are used to simulate real-world IT environments and support applied learning activities.

IT 200 – CompTIA A+ Certification

Program Title: **CompTIA A+ Certification**

Program Description:

The IT 200 – CompTIA A+ Certification (Beginner) program is designed to provide students with foundational knowledge and practical skills necessary for entry-level employment in the field of Information Technology (IT). The program prepares students for the CompTIA A+ certification examinations (Core 1 and Core 2), an industry-recognized credential for IT support professionals.

Instruction includes core competencies in computer hardware, operating systems, networking fundamentals, cybersecurity principles, troubleshooting methodologies, and professional IT support practices. Emphasis is placed on hands-on learning, problem-solving, and real-world application of technical skills in IT environments.

This program is delivered in in-person or distance education. Students participate in classroom-based lectures and guided lab activities while also completing online assignments, simulations, and assessments.

Program Learning Outcomes:

Upon successful completion of the program, students will be able to:

- Identify, install, and configure computer hardware components and peripherals
- Install, configure, and maintain operating systems across multiple platforms
- Explain basic networking concepts, including connectivity, protocols, and devices
- Apply cybersecurity best practices to protect systems and data
- Utilize troubleshooting methodologies to diagnose and resolve technical issues
- Demonstrate professional communication and customer service skills in IT support roles
- Prepare for and successfully attempt the CompTIA A+ certification exams

Program Length:

8 Weeks

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Course Requirements

Course Number	Course Title	Weeks
IT 200	CompTIA A+	8

Admission Requirements:

- High school diploma or equivalent (or ability-to-benefit, if applicable per institutional policy)
- Basic computer literacy recommended

Graduation Requirements: Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program.

To successfully complete the program, students must:

- Achieve a cumulative passing grade of 70% or higher
- Complete all required assignments, quizzes, midterm, and final exam
- Demonstrate competency in foundational IT skills and concepts

Certification Preparation:

This program prepares students to sit for the CompTIA A+ Certification (Core 1 and Core 2) exams. Certification is not included in the program cost unless otherwise stated.

Employment Opportunities:

Graduates of this program may qualify for entry-level positions, including:

- IT Support Specialist
- Help Desk Technician
- Technical Support Specialist
- Desktop Support Technician
- Field Service Technician

Equipment and Technology Requirements:

Students are provided with access to computer workstations, networking tools, and instructional software during in-person sessions. For distance education components, students must have access to a computer with reliable internet connectivity

Program Catalog Description

CompTIA Cloud Essentials+ Certification Program

Program Overview

The CompTIA Cloud Essentials+ Certification Program is designed to provide students with foundational knowledge of cloud computing concepts and the business principles required to evaluate, adopt, and manage cloud technologies within modern organizations. This program emphasizes both technical understanding and business decision-making, preparing students to support cloud-based initiatives across a variety of industries.

The program introduces students to cloud service models, deployment strategies, financial considerations, governance, risk management, compliance, and operational practices. Instruction integrates real-world

business scenarios and cloud technology applications to ensure students develop practical, workforce-ready skills.

Program Objectives

The objectives of the CompTIA Cloud Essentials+ Certification Program are to:

- Provide students with a comprehensive understanding of cloud computing concepts and terminology
- Develop the ability to evaluate cloud solutions based on business needs and organizational goals
- Introduce financial and operational considerations, including cost management and resource optimization
- Prepare students to assess cloud vendors, service models, and service level agreements (SLAs)
- Equip students with knowledge of governance, risk, compliance, and security in cloud environments
- Prepare students for entry-level to mid-level roles supporting cloud-based business operations
- Support preparation for the CompTIA Cloud Essentials+ (CLO-002) certification exam

Program Learning Outcomes

Upon successful completion of the program, students will be able to:

1. Explain cloud computing concepts, including service models and deployment strategies
2. Evaluate the business impact of cloud technologies, including cost, scalability, and efficiency
3. Analyze governance, risk, compliance, and security considerations in cloud environments
4. Interpret cloud service agreements and vendor offerings
5. Apply financial management concepts such as ROI and Total Cost of Ownership (TCO)
6. Describe cloud operations, including monitoring, support, and incident management
7. Develop cloud adoption and migration strategies aligned with business objectives

Program Length

- **Total Clock Hours:** 80 Hours
- **Program Duration:** 8 Weeks

Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

- High school diploma or equivalent (or ability-to-benefit, where applicable)
- Basic computer literacy
- Recommended: Completion of IT Fundamentals or equivalent experience

Program Curriculum

Course Code	Course Title	Duration
IT 300	CompTIA Cloud Essentials+	8 Weeks

Instructional Methods

- Instructor-led lectures (in-person or online)
- Cloud-based simulations and guided labs
- Case study analysis of real-world business scenarios
- Practice certification exams and knowledge checks

Equipment and Technology Requirements

Students are required to have access to:

- Computer with internet connectivity (minimum 8GB RAM recommended)
- Web browser (Chrome or equivalent)
- Access to cloud lab platforms (AWS, Microsoft Azure, or equivalent)
- Office productivity software

Institutional computer labs and classroom technology are available for student use during scheduled instructional hours.

Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program. Upon completion of the program, students will be prepared to sit for the **CompTIA Cloud Essentials+ (CLO-002)** certification exam. Certification is not included in tuition unless otherwise stated.

Career Opportunities

Graduates of this program may pursue entry-level and business-support roles in cloud computing environments, including:

- Cloud Support Specialist
- IT Support Technician (Cloud-focused)
- Business Analyst (Cloud Services)
- Technical Sales Support Specialist
- IT Project Coordinator

Program Outcomes and Employment Focus

The program is designed to support workforce entry into cloud-related roles by developing both technical understanding and business decision-making skills. Instruction aligns with industry-recognized standards and certification competencies to enhance employability in cloud-enabled organizations.

Program Catalog Description

CompTIA Cybersecurity Analyst Certification – (CySA+)

Program Overview

The CompTIA Cybersecurity Analyst Certification – Intermediate (CySA+) program is designed to provide students with the knowledge and practical skills required to detect, analyze, and respond to cybersecurity threats within modern organizational environments. This program focuses on security operations, threat intelligence, vulnerability management, and incident response, preparing students for roles in Security Operations Centers (SOC) and enterprise cybersecurity teams.

The program emphasizes hands-on learning through cybersecurity simulations, log analysis, network monitoring, and incident response scenarios. Instruction integrates real-world case studies and applied exercises to ensure students develop workforce-ready skills aligned with current cybersecurity practices.

The program prepares students for the CompTIA Cybersecurity Analyst (CySA+) (CS0-003) certification.

Program Objectives

The objectives of the CompTIA Cybersecurity Analyst Certification – Intermediate (CySA+) program are to:

- Provide students with a comprehensive understanding of cybersecurity operations and threat detection
- Develop the ability to analyze security data, logs, and network traffic to identify threats
- Introducing vulnerability management practices, including risk identification and remediation prioritization
- Prepare students to respond to cybersecurity incidents using established incident response frameworks
- Equip students with skills in threat intelligence analysis and behavioral detection techniques
- Develop knowledge of security architecture, compliance, and risk management concepts
- Prepare students for entry-level to intermediate roles in cybersecurity operations
- Support preparation for the CompTIA CySA+ (CS0-003) certification exam

Program Learning Outcomes

Upon successful completion of the program, students will be able to:

1. Analyze security monitoring data to identify anomalies, threats, and indicators of compromise
2. Evaluate threat intelligence sources to support cybersecurity investigations
3. Perform vulnerability assessments and prioritize remediation based on risk
4. Analyze network traffic and system logs using cybersecurity tools and platforms
5. Apply incident response procedures, including detection, containment, and recovery
6. Conduct basic threat hunting and malware analysis activities
7. Evaluate security controls, architecture, and organizational risk posture
8. Apply compliance and risk management principles within cybersecurity environments

Program Length

- Program Duration: 16 Weeks

Program Schedule and Program Delivery Method

The program is delivered using an on-ground **or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours per course

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM		
Delivery Option	On-Campus Instruction	Online Synchronous Instruction	Online Asynchronous Instruction	Total Program Hours
100% On-Ground Option	80 hours	0 hours	0 hours	80 hours
100% Online Option	0 hours	80 hours	0 hours	80 hours

Students participate in:

- Instructor-led lectures (in-person and live virtual sessions)
- Interactive discussions and guided instruction
- Hands-on cybersecurity lab simulations
- Threat analysis exercises and case studies

- Certification preparation activities

Admission Requirements

- High school diploma or equivalent (or ability-to-benefit, where applicable)
- Basic computer literacy
- Recommended: Completion of IT Fundamentals, Network+, or equivalent experience

Program Curriculum

Course Code	Course Title	Duration
IT 401	Cybersecurity Analyst I (CySA+ Part I)	8 Weeks
IT 402	Cybersecurity Analyst II (CySA+ Part II)	8 Weeks

Instructional Methods

- Instructor-led lectures (in-person and online)
- Cybersecurity lab simulations (SIEM tools, network analysis, threat detection)
- Incident response exercises and cyber range scenarios
- Case study analysis of real-world cybersecurity events
- Practice certification exams and knowledge checks

Equipment and Technology Requirements

Students are required to have access to:

- Computer with internet connectivity (minimum 8–16 GB RAM recommended)
- Web browser (Chrome or equivalent)
- Access to cybersecurity lab platforms and virtual environments
- Basic office productivity software

Institutional computer labs and cybersecurity environments are available for student use during scheduled instructional hours.

Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program. Upon completion of the program, students will be prepared to sit for the CompTIA CySA+ (CS0-003) certification exam. CompTIA Certification is not included in tuition unless otherwise stated.

Career Opportunities

Graduates of this program may pursue entry-level to intermediate roles in cybersecurity, including:

- Cybersecurity Analyst
- SOC Analyst (Tier I / Tier II)
- Threat Intelligence Analyst
- Security Operations Specialist
- Vulnerability Analyst
- Incident Response Analyst

Program Outcomes and Employment Focus

The program is designed to support workforce entry into cybersecurity roles by developing both technical and analytical skills required in modern security operations. Instruction aligns with industry-recognized certification standards and emphasizes real-world application, critical thinking, and problem-solving.

Graduates will be equipped to support organizations in identifying, analyzing, and responding to cybersecurity threats, contributing to the protection of information systems and digital assets

PROGRAM DESCRIPTION

Program Catalog Description CompTIA Cloud+ Certification

Program Overview

The CompTIA Cloud+ Certification (Cloud+) program is designed to provide students with the knowledge and practical skills required to deploy, manage, secure, and troubleshoot cloud infrastructure in modern enterprise environments. This program focuses on cloud architecture, virtualization, networking, storage, security, automation, and performance optimization. The program emphasizes hands-on learning through cloud-based lab simulations, infrastructure deployment exercises, and real-world scenario-based problem solving. Instruction integrates industry-standard tools and platforms to ensure students develop workforce-ready skills aligned with current cloud computing practices.

The program prepares students for the **CompTIA Cloud+ (CV0-003)** certification.

Program Objectives

The objectives of the CompTIA Cloud+ Certification program are to:

- Provide students with a comprehensive understanding of cloud architecture and service models
- Develop the ability to deploy and manage virtualized cloud environments
- Introduce cloud networking, storage, and infrastructure management concepts
- Prepare students to implement security controls and identity management in cloud systems
- Develop troubleshooting and performance optimization skills
- Introduce automation and Infrastructure as Code (IaC) concepts
- Prepare students for entry-level to intermediate roles in cloud computing and IT infrastructure
- Support preparation for the CompTIA Cloud+ (CV0-003) certification exam

Program Learning Outcomes

Upon successful completion of the program, students will be able to:

1. Design cloud architecture solutions using appropriate service and deployment models
2. Deploy and configure virtual machines and cloud infrastructure components
3. Implement cloud networking, including subnets, routing, and connectivity
4. Manage cloud storage systems and data lifecycle strategies
5. Apply identity and access management (IAM) controls and security best practices
6. Monitor cloud environments and analyze performance metrics
7. Troubleshoot cloud infrastructure, networking, and system issues
8. Implement high availability and disaster recovery strategies
9. Apply automation and Infrastructure as Code (IaC) concepts
10. Evaluate cloud environments for performance, efficiency, and scalability

Program Length

- **Program Duration:** 16 Weeks

Program Schedule and Program Delivery Method

The program is delivered using an on-ground **or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours per course

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM		
Delivery Option	On-Campus Instruction	Online Synchronous Instruction	Online Asynchronous Instruction	Total Program Hours
100% On-Ground Option	80 hours	0 hours	0 hours	80 hours
100% Online Option	0 hours	80 hours	0 hours	80 hours

Admission Requirements

- High school diploma or equivalent (or ability-to-benefit, where applicable)
- Basic computer literacy
- Recommended: Completion of IT Fundamentals, Network+, or equivalent experience

Program Curriculum

Course Code	Course Title	Duration
IT 501	Cloud+ I (Part I)	8 Weeks
IT 502	Cloud+ II (Part II)	8 Weeks

Instructional Methods

- Instructor-led lectures (in-person or online)
- Cloud lab simulations (virtual machines, networking, storage)
- Infrastructure deployment and configuration exercises
- Scenario-based troubleshooting labs
- Case study analysis of real-world cloud environments
- Practice certification exams and knowledge checks

Equipment and Technology Requirements

Students are required to have access to:

- Computer with internet connectivity (minimum 8–16 GB RAM recommended)
- Web browser (Chrome or equivalent)
- Access to cloud lab platforms and virtual environments
- Basic office productivity software

Institutional computer labs and cloud environments are available during scheduled instructional hours.

Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program. Upon completion of the program, students will be prepared to sit for the CompTIA Cloud+ (CV0-003) certification exam. CompTIA certification is not included in tuition unless otherwise stated.

Career Opportunities

Graduates of this program may pursue roles such as:

- Cloud Support Specialist
- Cloud Administrator
- Systems Administrator
- Cloud Operations Technician
- Infrastructure Support Engineer
- DevOps Support Associate

Program Outcomes and Employment Focus

The program is designed to support workforce entry into cloud computing roles by developing both technical and analytical skills required in modern IT environments. Instruction aligns with industry-recognized certification standards and emphasizes real-world application, critical thinking, and problem-

PROGRAM CATALOG DESCRIPTION

CompTIA Linux+ Certification

Program Overview

The CompTIA Linux+ Certification – Intermediate (XK0-005) program is designed to provide students with the technical knowledge and hands-on skills required to administer, secure, and troubleshoot Linux-based systems in modern IT environments. This program prepares students for roles in system administration, technical support, cybersecurity operations, and cloud-based infrastructure environments.

The curriculum emphasizes real-world application of Linux system management, including command-line operations, system configuration, networking, security, automation, and troubleshooting. Students will develop practical competencies through guided labs, simulations, and scenario-based exercises aligned with industry expectations and certification standards.

Program Objectives

The program is structured to ensure that students:

- Develop proficiency in Linux command-line operations and system administration
- Configure and manage users, groups, file systems, and system services
- Implement security best practices, including access controls and system hardening
- Automate administrative tasks using scripting techniques
- Configure networking services and troubleshoot connectivity issues
- Analyze system performance and resolve operational problems
- Apply troubleshooting methodologies in real-world scenarios
- Prepare for the CompTIA Linux+ (XK0-005) certification examination

Program Curriculum

The program consists of two sequential courses:

Course Code	Course Title	Duration
IT 601	CompTIA Linux+ I	8 Weeks
IT 602	CompTIA Linux+ II	8 Weeks

Each course is delivered over 8 weeks and integrates lecture, hands-on labs, simulations, and applied assessments.

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours per course

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM		
Delivery Option	On-Campus Instruction	Online Synchronous Instruction	Online Asynchronous Instruction	Total Program Hours
100% On-Ground Option	80 hours	0 hours	0 hours	80 hours
100% Online Option	0 hours	80 hours	0 hours	80 hours

Career Outcomes

Upon successful completion of the program, graduates may pursue entry- to mid-level roles including:

- Linux Systems Administrator
- Technical Support Specialist
- IT Support Technician
- Junior DevOps Technician
- Cybersecurity Support Analyst

Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program. This program is aligned with the CompTIA Linux+ (XK0-005) certification objectives. Instruction, labs, and assessments are structured to reflect the domains and competencies tested on the certification exam, including system management, security, scripting and automation, and troubleshooting.

PROGRAM DESCRIPTION

CompTIA Network+ Certification – Intermediate

Program Overview

The CompTIA Network+ Certification – Intermediate program is designed to provide students with the technical knowledge and hands-on skills required to install, configure, manage, and troubleshoot wired and wireless networks in modern IT environments.

This program prepares students for entry- to mid-level roles in network support, IT infrastructure, and systems administration across a variety of industries including business, healthcare, government, and technology sectors.

The curriculum emphasizes real-world application of networking concepts, including network architecture, IP addressing, routing and switching, network security, monitoring, and troubleshooting. Students develop practical competencies through guided labs, simulations, and scenario-based exercises aligned with industry expectations and certification standards.

Program Learning Outcomes

Upon successful completion of the CompTIA Network+ Certification – Intermediate program, graduates will be able to:

1. Explain networking concepts, including OSI and TCP/IP models, protocols, and topologies.
2. Design and implement IPv4 and IPv6 addressing schemes, including subnetting.
3. Configure and manage network devices such as routers, switches, and wireless access points.
4. Implement and manage network services including DNS, DHCP, and NAT.
5. Apply network security best practices, including firewalls, VPNs, and access controls.
6. Analyze network traffic and performance using monitoring and diagnostic tools.
7. Troubleshoot network connectivity, configuration, and performance issues.
8. Configure and secure wireless and cloud-based networking environments.
9. Apply structured troubleshooting methodologies in real-world networking scenarios.

Program Curriculum

The program is delivered over 16 weeks and consists of two sequential courses.

Course Number	Course Title	Duration
IT 701	CompTIA Network+ I (Part I)	8 Weeks
IT 702	CompTIA Network+ II (Part II)	8 Weeks

Program Length: 16 Weeks

Total Clock Hours: 80 Hours

Delivery Method: In Residence or Distance Education

Program Schedule and Program Delivery Method

The program is delivered using an on-ground **or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours per course

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM		
Delivery Option	On-Campus Instruction	Online Synchronous Instruction	Online Asynchronous Instruction	Total Program Hours
100% On-Ground Option	80 hours	0 hours	0 hours	80 hours
100% Online Option	0 hours	80 hours	0 hours	80 hours

Course Descriptions

IT 701 – CompTIA Network+ I (Part I)

This course introduces students to foundational networking concepts, including network models, protocols, IP addressing, subnetting, and infrastructure components. Students learn to configure and manage network devices and services while developing practical skills through hands-on labs and simulations.

Topics include network architecture, routing and switching fundamentals, cabling, wireless technologies, and basic network virtualization concepts.

IT 702 – CompTIA Network+ II (Part II)

This course builds on foundational networking knowledge and focuses on network security, monitoring, troubleshooting, and operational management.

Students learn to analyze network performance, implement security controls, diagnose and resolve network issues, and manage enterprise networking environments using industry-standard tools and methodologies.

Distance education components are delivered through the institution's Learning Management System (Absorb LMS) and supported by live virtual instruction via Zoom.

Program Curriculum

Course Number	Course Title	Duration
IT 701	CompTIA Network+ I	8 Weeks
IT 702	CompTIA Network+ II	8 Weeks

Total Weeks: 16

Instructional Methods

Instructions are delivered using a combination of:

- Instructor-led lectures
- Virtual lab environments (Cisco Packet Tracer, Wireshark, cloud-based labs)
- Hands-on networking simulations
- Scenario-based exercises
- Certification preparation activities

Certification Preparation

The curriculum is aligned with the CompTIA Network+ (N10-008 / N10-009) certification objectives.

Students are prepared to sit for the CompTIA Network+ certification examination. Certification is optional and may require additional fees paid directly to the certifying organization.

Career Outcomes

Graduates of the program may pursue entry- to mid-level employment opportunities including:

- Network Support Specialist
- Network Administrator
- IT Support Technician
- Systems Support Analyst
- Infrastructure Technician

Admission Requirements

Applicants seeking enrollment in the CompTIA Network+ Certification – Intermediate program must meet the following requirements prior to admission:

1. Be at least 18 years of age or meet applicable state requirements for enrollment.
2. Possess a high school diploma or equivalent (GED or recognized equivalency).
3. Complete an admissions interview with an institutional representative to review program expectations, schedule, and career goals.
4. Complete all required enrollment documentation, including the enrollment agreement and institutional forms.
5. Demonstrate the ability to participate in instruction delivered in English.
6. Have basic computer literacy and familiarity with operating systems (recommended).

Applicants may be required to provide documentation verifying educational credentials prior to enrollment.

Graduation Requirements: Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program. Students will be awarded a Certificate of Completion in CompTIA Network+ Certification – Intermediate upon successful completion of the following:

1. Successfully complete all required courses (IT 701 and IT 702).
2. Achieve a minimum cumulative grade of 70% or higher in each course.
3. Complete all required assignments, labs, quizzes, and examinations.
4. Fulfill all financial obligations to the institution.
5. Maintain compliance with institutional academic progress and attendance policies.

Graduates will receive a Certificate of Completion indicating successful completion of the program.

Students may choose to pursue the CompTIA Network+ certification examination, which is administered by CompTIA. Certification requirements, eligibility criteria, and exam fees are determined by the certifying organization.

PROGRAM DESCRIPTION

CompTIA Project+ Certification

Program Overview

The CompTIA Project+ Certification program is designed to provide students with the knowledge and practical skills required to successfully manage projects in business and information technology environments.

This program prepares students for entry- to mid-level roles involving project coordination, project management support, and operational leadership across industries including technology, healthcare, finance, government, and business services.

The curriculum emphasizes real-world application of project management principles, including project lifecycle management, scheduling, resource allocation, risk management, communication strategies, and project documentation. Students develop practical competencies through project-based learning, simulations, and scenario-based exercises aligned with industry expectations and certification standards.

Program Learning Outcomes

Upon successful completion of the CompTIA Project+ Certification – Intermediate program, graduates will be able to:

1. Explain project management concepts, frameworks, and lifecycle phases.
2. Develop project charters, define scope, and establish project objectives.
3. Construct work breakdown structures (WBS) and project schedules.
4. Apply project management methodologies, including Agile, Waterfall
5. Manage project resources, timelines, and constraints effectively.
6. Identify and mitigate project risks using structured risk management strategies.
7. Monitor and evaluate project performance using metrics and reporting tools.
8. Manage stakeholder communication and project documentation.
9. Execute project closure activities, including evaluation and lessons learned.

Program Curriculum

The program is delivered over 16 weeks and consists of two sequential courses.

Course Number	Course Title	Duration
IT 801	CompTIA Project+ I	8 Weeks
IT 802	CompTIA Project+ II	8 Weeks

Course Descriptions

IT 801 – CompTIA Project+ I (Intermediate – Part I)

This course introduces students to foundational and intermediate project management concepts, including project lifecycle phases, stakeholder identification, project initiation, scope definition, scheduling, and resource planning. Students develop practical skills through project planning exercises, case studies, and simulations.

IT 802 – CompTIA Project+ II

This course builds on foundational knowledge and focuses on project execution, monitoring, quality management, risk response, change control, reporting, and project closure. Students learn to manage real-world project scenarios using industry-standard tools and methodologies.

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours per course

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM		
Delivery Option	On-Campus Instruction	Online Synchronous Instruction	Online Asynchronous Instruction	Total Program Hours
100% On-Ground Option	80 hours	0 hours	0 hours	80 hours
100% Online Option	0 hours	80 hours	0 hours	80 hours

In Residence or Distance learning activities include:

- Assignments
- Project simulations
- Case studies
- Quizzes
- Discussion activities

Distance education components are delivered through the institution's Learning Management System (Absorb LMS) and supported by live virtual instruction via Zoom.

Instructional Methods

Instruction is delivered using a combination of:

- Instructor-led lectures
- Project-based simulations and real-world scenarios
- Collaborative group exercises
- Project management software tools (e.g., Microsoft Project, Trello, Asana)
- Scenario-based assignments and case studies
- Certification preparation activities

The curriculum is aligned with the CompTIA Project+ (PK0-005) certification objectives.

Students are prepared to sit for the CompTIA Project+ certification examination. Certification is optional and may require additional fees paid directly to the certifying organization.

Career Outcomes

Graduates of the program may pursue entry- to mid-level employment opportunities including:

- Project Coordinator
- Project Support Specialist
- IT Project Assistant
- Operations Coordinator
- Business Project Analyst

ADMISSION REQUIREMENTS

Applicants seeking enrollment in the CompTIA Project+ Certification – Intermediate program must meet

the following requirements prior to admission:

1. Be at least 18 years of age or meet applicable state requirements for enrollment.
2. Possess a high school diploma or equivalent (GED or recognized equivalency).
3. Complete an admissions interview with an institutional representative to review program expectations, schedule, and career goals.
4. Complete all required enrollment documentation, including the enrollment agreement and institutional forms.
5. Demonstrate the ability to participate in instruction delivered in English.
6. Have basic computer literacy and familiarity with operating systems (recommended).

Applicants may be required to provide documentation verifying educational credentials prior to enrollment.

GRADUATION REQUIREMENTS

1. Successfully complete all required courses (IT 801 and IT 802).
2. Achieve a minimum cumulative grade of 70% or higher in each course.
3. Complete all required assignments, projects, quizzes, and examinations.
4. Fulfill all financial obligations to the institution.
5. Maintain compliance with institutional academic progress and attendance policies.

Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program. Students may choose to pursue the CompTIA Project+ Certification certification examination, which is administered by CompTIA. Certification requirements, eligibility criteria, and exam fees are determined by the certifying organization.

PROGRAM DESCRIPTION

CompTIA Security+ Certification

Program Overview

The CompTIA Security+ Certification – Intermediate program is designed to provide students with the knowledge and practical skills required to secure networks, systems, and data in modern information technology environments.

This program prepares students for entry- to mid-level roles in cybersecurity, including security operations, network defense, risk management, and incident response across industries such as technology, healthcare, finance, government, and business services.

The curriculum emphasizes the real-world application of cybersecurity principles, including threat identification, vulnerability assessment, security architecture, incident response, identity and access management, and governance and compliance. Students develop practical competencies through hands-on labs, simulations, and scenario-based exercises aligned with industry expectations and CompTIA Security+ certification standards.

Program Learning Outcomes

Upon successful completion of the CompTIA Security+ Certification – Intermediate program, graduates will be able to:

1. Explain fundamental cybersecurity concepts, including risk management and security controls.
2. Identify and analyze threats, vulnerabilities, and attack vectors in IT environments.
3. Implement mitigation strategies to protect systems, networks, and data.
4. Apply secure architecture and design principles to enterprise environments.
5. Monitor and analyze security events and logs to identify potential incidents.
6. Perform incident response procedures and apply digital forensics fundamentals.
7. Implement identity and access management (IAM) solutions and authentication mechanisms.
8. Evaluate governance, risk, and compliance frameworks (e.g., NIST, ISO).
9. Develop and apply security policies, procedures, and business continuity plans.

Program Curriculum

The program is delivered over 16 weeks and consists of two sequential courses.

Course Number	Course Title	Duration
IT 901	CompTIA Security+ I (Intermediate – Part I)	8 Weeks
IT 902	CompTIA Security+ II (Intermediate – Part II)	8 Weeks

Course Descriptions

IT 901 – CompTIA Security+ I (Intermediate – Part I)

This course introduces foundational and intermediate cybersecurity concepts, including threat actors, vulnerabilities, attack methodologies, and secure network architecture. Students develop practical skills through labs, simulations, and security analysis exercises.

IT 902 – CompTIA Security+ II (Intermediate – Part II)

This course builds on foundational knowledge and focuses on security operations, incident response, identity management, governance, risk management, and compliance. Students apply cybersecurity principles to real-world scenarios through hands-on simulations and capstone exercises.

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM		

Delivery Option	On-Campus Instruction	Online Synchronous Instruction	Online Asynchronous Instruction	Total Program Hours
100% On-Ground Option	80 hours	0 hours	0 hours	80 hours
100% Online Option	0 hours	80 hours	0 hours	80 hours

Learning activities include:

- Hands-on labs and simulations
- Cybersecurity scenario exercises
- Assignments and projects

- Quizzes and assessments
- Discussion-based activities

Instructional Methods

Instruction is delivered using:

- Instructor-led lectures
- Hands-on cybersecurity labs
- Virtual environments (Kali Linux, SIEM tools, network simulations)
- Scenario-based threat analysis (CompTIA-style)
- Case studies (real-world cyber incidents)
- Certification preparation activities

Certification Preparation

The curriculum is aligned with the CompTIA Security+ (SY0-701) certification objectives. Students are prepared to sit for the Security+ certification examination (optional, additional fees may apply).

Career Outcomes

Graduates may pursue roles including:

- Cybersecurity Analyst
- Security Operations Center (SOC) Analyst
- IT Security Specialist
- Network Security Administrator
- Information Security Technician

GRADUATION REQUIREMENTS

1. Successfully complete all required courses (IT 901 and IT 902).
2. Achieve a minimum cumulative grade of 70% or higher in each course.
3. Complete all required assignments, projects, quizzes, and examinations.
4. Fulfill all financial obligations to the institution.
5. Maintain compliance with institutional academic progress and attendance policies.

Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program. Students may choose to pursue the CompTIA Security+ certification examination, which is administered by CompTIA. Certification requirements, eligibility criteria, and exam fees are determined by the certifying organization.

PROGRAM DESCRIPTION

CompTIA Server+ Certification

Program Overview

The CompTIA Server+ Certification – Intermediate program is designed to provide students with the knowledge and practical skills required to install, manage, secure, and troubleshoot servers in modern IT environments.

This program prepares students for entry- to mid-level roles in server administration, data center operations, cloud infrastructure support, and IT systems management across industries such as technology, healthcare, finance, government, and enterprise services.

The curriculum emphasizes the real-world application of server technologies, including hardware installation, operating system deployment, virtualization, storage management, security implementation, troubleshooting, and disaster recovery. Students develop practical competencies through hands-on labs, simulations, and scenario-based exercises aligned with industry expectations and CompTIA Server+ certification standards.

Program Learning Outcomes

Upon successful completion of the CompTIA Server+ Certification – Intermediate program, graduates will be able to:

1. Install, configure, and manage server hardware and operating systems.
2. Implement and administer server roles, services, and virtualization technologies.
3. Configure and manage storage solutions, including RAID and backup systems.
4. Apply server security best practices, including system hardening and access controls.
5. Monitor server performance and analyze system logs for troubleshooting.
6. Diagnose and resolve hardware, software, and network-related server issues.
7. Implement high availability, clustering, and load balancing solutions.
8. Develop disaster recovery and business continuity strategies.
9. Evaluate infrastructure risks and apply appropriate mitigation strategies.

Program Curriculum

The program is delivered over 16 weeks and consists of two sequential courses:

Course Number	Course Title	Duration
IT 1001	CompTIA Server+ I (Part I)	8 Weeks
IT 1002	CompTIA Server+ II (Part II)	8 Weeks

Course Descriptions

IT 1001 – CompTIA Server+ I (Part I)

This course introduces foundational and intermediate server concepts, including server hardware, operating system installation, virtualization, storage systems, and administration. Students develop practical skills through labs, simulations, and infrastructure configuration exercises.

IT 1002 – CompTIA Server+ II (Part II)

This course builds on foundational knowledge and focuses on server security, troubleshooting, monitoring, high availability, and disaster recovery. Students apply server administration principles to real-world scenarios through hands-on simulations and capstone exercises.

Learning activities include:

- Hands-on labs and simulations
- Server configuration exercises
- Assignments and infrastructure projects
- Quizzes and assessments
- Discussion-based activities

Distance education components are delivered through the institution's Learning Management System (Absorb LMS) and supported by live virtual instruction via Zoom.

Instructions are delivered using:

- Instructor-led lectures (on-ground and Zoom)
- Hands-on server labs (physical and virtual environments)
- Virtual platforms (VMware, VirtualBox, cloud sandbox environments)
- Scenario-based troubleshooting (CompTIA-style)
- Case studies (enterprise server environments)
- Certification preparation activities

GRADUATION REQUIREMENTS

6. Successfully complete all required courses (IT 1001 and IT 1002).
7. Achieve a minimum cumulative grade of 70% or higher in each course.
8. Complete all required assignments, projects, quizzes, and examinations.
9. Fulfill all financial obligations to the institution.
10. Maintain compliance with institutional academic progress and attendance policies.

Graduates will receive a Certificate of Completion from the Accounting Academy indicating successful completion of the program. Students may choose to pursue the CompTIA Server++ Certification examination, which is administered by CompTIA. Certification requirements, eligibility criteria, and exam fees are determined by the certifying organization.

The curriculum is aligned with the CompTIA Server+ (SK0-005) certification objectives. Students are prepared to sit for the Server+ certification examination (optional; additional fees may apply).

Career Outcomes

Graduates may pursue roles including:

- Server Administrator
- Systems Administrator
- Data Center Technician
- Infrastructure Support Specialist
- Network and Server Support Technician

Healthcare Programs

Healthcare Certification Program	Courses	Course Name	Term (Wks)	Tuition Cost	Tech Fee	Material Fees	Registration Fee	Program Total

Program: Medical Administrative Assistant

Program Length: 16 Weeks
Delivery Method: In-Residence or Distance Education
Total Courses: 2
Credential Awarded: Certificate of Completion

The Medical Administrative Assistant program prepares students for entry-level administrative positions in healthcare environments such as medical offices, clinics, hospitals, and outpatient care facilities. The program provides foundational training in healthcare systems, medical terminology, professional communication, medical office procedures, and medical records management.

Students learn the administrative skills necessary to support the daily operations of healthcare organizations, including patient reception procedures, appointment scheduling, telephone communication, medical documentation, and patient record management. Instruction also includes training in the use of electronic health record (EHR) systems and best practices for maintaining the confidentiality and security of patient information in accordance with healthcare privacy regulations.

The program is designed to prepare students for administrative healthcare roles and provides knowledge aligned with the competencies tested on the Medical Administrative Assistant (CMAA) certification examination administered by the National Healthcareer Association.

Certification requirements, eligibility criteria, and examination fees are determined by the certifying organization. While NHA certification is encouraged as a valuable industry credential, it is not a requirement for graduation or for earning the Certificate of Completion from the Accounting Academy.

Graduates of the program may pursue entry-level employment opportunities in medical offices, physician practices, urgent care centers, clinics, hospitals, and other healthcare facilities requiring trained administrative personnel.

Program Learning Outcomes

Upon successful completion of the Medical Administrative Assistant program, graduates will be able to:

1. Demonstrate professional verbal and written communication skills appropriate for healthcare administrative settings.
2. Apply medical terminology and basic healthcare administrative knowledge to support medical office operations.
3. Perform front office procedures including patient reception, appointment scheduling, telephone communication, and correspondence management.
4. Organize and maintain patient records using established documentation practices and Electronic Health Record (EHR) systems.
5. Apply healthcare privacy and confidentiality regulations, including compliance with HIPAA requirements.
6. Demonstrate professional and ethical behavior consistent with healthcare administrative workplace standards.
7. Apply administrative skills necessary to support efficient workflow in healthcare offices and clinics.
8. Demonstrate knowledge aligned with competencies required for the Certified Medical Administrative Assistant (CMAA) certification examination.

Program Structure

The program is delivered over 16 weeks and consists of two courses.

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours per course

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM		
Delivery Option	On-Campus Instruction	Online Synchronous Instruction	Online Asynchronous Instruction	Total Program Hours
100% On-Ground Option	80 hours	0 hours	0 hours	80 hours
100% Online Option	0 hours	80 hours	0 hours	80 hours

Course Number	Course Title	Duration
MED 100	Medical Terminology, Law, and Ethics	8 Weeks
MED 109	Medical Records and Communication	8 Weeks

Course Descriptions

MED 100 – Introduction to Medical Assisting and Healthcare Systems

This course introduces students to the healthcare industry and the role of administrative professionals within medical settings. Topics include healthcare systems, medical terminology, professional ethics, patient interaction, and healthcare privacy regulations. Students develop foundational knowledge necessary to support administrative healthcare functions while learning the responsibilities and expectations of medical office personnel.

Instruction also introduces students to medical office workflow, healthcare documentation basics, and the principles of maintaining patient confidentiality in accordance with federal privacy regulations.

MED 109 – Medical Records and Communication

This course focuses on administrative communication and medical records management within healthcare environments. Students develop professional communication skills necessary for interacting with patients, healthcare providers, and administrative staff.

Topics include patient reception procedures, telephone communication techniques, appointment scheduling systems, and healthcare office correspondence. Students also learn methods for organizing and maintaining patient records using both paper filing systems and Electronic Health Record (EHR) platforms.

Instruction includes documentation methods such as Problem-Oriented Medical Records (POMR) and SOAP (Subjective, Objective, Assessment, Plan) documentation formats used in healthcare record keeping. Emphasis is placed on maintaining the accuracy, confidentiality, and security of patient records in accordance with healthcare privacy standards.

The curriculum provides foundational knowledge aligned with the competencies required for the Medical Administrative Assistant certification examination offered by the National Healthcareer Association. Certification is optional and may require additional fees paid directly to the certification organization.

Certification requirements, eligibility criteria, and examination fees are determined by the certifying organization. While NHA certification is encouraged as a valuable industry credential, it is not a requirement for graduation or for earning the Certificate of Completion from the Accounting Academy.

Admission Requirements

Applicants seeking enrollment in the Medical Administrative Assistant program must meet the following requirements prior to admission:

1. Be at least 18 years of age or meet the age requirements for enrollment under applicable state regulations.
2. Possess a high school diploma or its equivalent, such as a GED or recognized high school equivalency certificate.
3. Complete an admissions interview with an institutional representative to review program expectations, scheduling requirements, and career objectives.
4. Complete all required enrollment documentation, including the enrollment agreement and applicable institutional forms.
5. Demonstrate the ability to participate in instruction delivered in English.

Applicants may be required to provide documentation verifying educational credentials prior to enrollment.

Graduation Requirements

Students will be awarded a Certificate of Completion in Certified Medical Administrative Assistant upon successful completion of the following requirements:

1. Successfully complete all required program courses (MED 100 and MED 109).
2. Achieve a minimum cumulative grade of 70% or higher in each course.
3. Complete all required assignments, quizzes, examinations, and course activities.
4. Fulfill all financial obligations to the institution.
5. Maintain compliance with the institution's academic and attendance policies.

Students who successfully complete the program will receive a Certificate of Completion indicating successful completion of the Certified Medical Administrative Assistant program.

Graduates may choose to pursue the Certified Medical Administrative Assistant (CMAA) certification examination offered by the National Health Careers Association. Certification requirements, eligibility criteria, and examination fees are determined by the certifying organization. While NHA certification is encouraged as a valuable industry credential, it is not a requirement for graduation or for earning the Certificate of Completion from the Accounting Academy.

Electronic Health Specialist Program

Program Length: 16 Weeks

Delivery Method: In Residence or Distance Education

Total Courses: 2

Credential Awarded: Certificate of Completion

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with

activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours per course

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM

100% On-Ground Option	80 hours	0 hours	0 hours	80 hours
100% Online Option	0 hours	80 hours	0 hours	80 hours

The Electronic Health Records Specialist program prepares students for entry-level administrative and health information positions in healthcare environments such as medical offices, clinics, hospitals, and outpatient care facilities. The program provides foundational training in electronic health record systems, medical documentation, healthcare communication, and medical office administrative procedures.

Students learn the essential skills required to manage and maintain patient health information within electronic health record (EHR) systems while supporting the daily administrative operations of healthcare organizations. Instruction focuses on patient record management, medical documentation methods, appointment scheduling systems, professional communication, and healthcare privacy and security practices.

Students develop knowledge of healthcare documentation processes including Problem-Oriented Medical Records (POMR) and SOAP (Subjective, Objective, Assessment, Plan) documentation formats commonly used in healthcare record keeping. Training also includes the use of electronic health record systems and best practices for maintaining patient confidentiality and data security in compliance with healthcare privacy regulations such as HIPAA.

The program is designed to prepare students for healthcare administrative roles involving medical records management and electronic health information systems. The curriculum aligns with competencies tested on the Certified Electronic Health Records Specialist (CEHRS) certification examination administered by the National Healthcareer Association (NHA). While NHA certification is encouraged as a valuable industry credential, it is not a requirement for graduation or for earning the Certificate of Completion from the Accounting Academy.

Graduates of the program may pursue entry-level employment opportunities in medical offices, hospitals, outpatient clinics, physician practices, urgent care centers, and healthcare facilities requiring trained health information and administrative support personnel.

Program Learning Outcomes

Upon successful completion of the Electronic Health Records Specialist program, graduates will be able to:

1. Demonstrate knowledge of electronic health record (EHR) systems used in healthcare environments.
2. Organize, maintain, and manage patient medical records in accordance with healthcare documentation standards.
3. Apply medical documentation methods including SOAP and Problem-Oriented Medical Records (POMR).

4. Demonstrate professional communication skills appropriate for healthcare administrative environments.
5. Apply healthcare privacy and confidentiality regulations including compliance with HIPAA requirements.
6. Perform administrative procedures including appointment scheduling, patient intake, and medical office documentation.
7. Utilize electronic systems and office technologies to manage healthcare information and administrative workflow.
8. Demonstrate knowledge aligned with competencies required for the Certified Electronic Health Records Specialist (CEHRS) certification examination.

Program Structure

Course Number	Course Title	Duration
MED 100	Medical Terminology, Law, and Ethics	8 Weeks
MED 106	Medical Billing and Coding	8 Weeks

Course Descriptions

MED 100 – Introduction to Medical Assisting and Healthcare Systems

This course introduces students to the healthcare industry and the role of administrative professionals within healthcare environments. Topics include healthcare systems, medical terminology, professional ethics, patient interaction, and healthcare privacy regulations. Students develop foundational knowledge necessary to support administrative healthcare functions while learning the responsibilities and expectations of healthcare office personnel.

Instruction also introduces students to healthcare documentation practices, administrative workflow in healthcare environments, and the importance of maintaining patient confidentiality and compliance with federal healthcare privacy regulations.

MED 106

This course provides students with the knowledge and practical skills required to perform medical billing and coding functions in healthcare environments. Students learn to accurately assign diagnostic and procedural codes using ICD-10-CM, CPT, and HCPCS Level II coding systems, and apply these codes within the healthcare reimbursement process.

Instruction includes the complete medical billing cycle, including patient registration, insurance verification, coding, claim preparation, claim submission, payment posting, denial management, and collections. Students develop the ability to interpret medical documentation, ensure coding accuracy, and maintain compliance with healthcare regulations.

Emphasis is placed on insurance reimbursement methodologies, compliance with healthcare laws including HIPAA, and the prevention of fraud, waste, and abuse. Students also gain experience completing insurance claim forms (CMS-1500 and UB-04), analyzing Explanation of Benefits (EOBs), and resolving denied or rejected claims.

Upon completion of this course, students will be able to perform entry-level medical billing and coding tasks, support healthcare revenue cycle operations, and demonstrate competencies aligned with certification standards such as the Certified Billing and Coding Specialist (CBCS) credential from the National Healthcareer Association. While NHA certification is encouraged as a valuable industry credential, it is not

a requirement for graduation or for earning the Certificate of Completion from the Accounting Academy.

Admission Requirements

Applicants seeking enrollment in the Electronic Health Records Specialist program must meet the following requirements prior to admission:

1. Be at least 18 years of age or meet the age requirements for enrollment under applicable state regulations.
2. Possess a high school diploma or its equivalent, such as a GED or recognized high school equivalency certificate.
3. Complete an admissions interview with an institutional representative to review program expectations, scheduling requirements, and career objectives.
4. Complete all required enrollment documentation, including the enrollment agreement and applicable institutional forms.
5. Demonstrate the ability to participate in instruction delivered in English.

Applicants may be required to provide documentation verifying educational credentials prior to enrollment.

Graduation Requirements

Students will be awarded a Certificate of Completion in Electronic Health Records Specialist upon successful completion of the following requirements:

1. Successfully complete all required program courses (MED 100 and MED 115).
2. Achieve a minimum cumulative grade of 70% or higher in each course.
3. Complete all required assignments, quizzes, examinations, and course activities.
4. Fulfill all financial obligations to the institution.
5. Maintain compliance with the institution's academic and attendance policies.

Students who successfully complete the program will receive a Certificate of Completion indicating successful completion of the Electronic Health Records Specialist program.

Graduates may choose to pursue the Certified Electronic Health Records Specialist (CEHRS) certification examination offered by the National Health Career Association. Certification requirements, eligibility criteria, and examination fees are determined by the certifying organization.

Billing and Coding Specialist

Program Length: 16 Weeks

Total Courses: 2

Delivery Method: In-residence or Distance Education

CIP Code: 51.0713 – Medical Insurance Coding Specialist

Credential Awarded: Certificate of Completion

Program Description

The Billing and Coding Specialist program prepares students for entry-level roles in medical billing and coding within healthcare settings. The program provides comprehensive training in medical terminology, healthcare law and ethics, insurance processing, and medical billing procedures.

Students develop the knowledge and practical skills required to manage patient records, process insurance claims, and ensure compliance with healthcare regulations. Instruction includes hands-on activities, real-world case studies, and certification preparation aligned with industry standards. Program content includes medical terminology, electronic health records, insurance and payer systems, claims processing, and revenue cycle management.

Program Schedule and Program Delivery Method

The program is delivered using a **on ground or online instructional model**, instructor-led instruction with activities delivered through Absorb LMS. Students participate in instructor-led lectures and guided learning activities while also completing structured online assignments designed to reinforce course topics and provide interactive learning experiences.

Clock Hours / Contact Hours:

Total Program Hours: 80 Clock Hours

Class schedule: MW or T/TH	AM Session Hours	PM Sessions Hours		
Monday/Wednesday	8:30AM-1:30PM	5:00PM-10:00PM		
Tuesday/Thursday	8:30AM-1:30PM	5:00PM-10:00PM		

Delivery Option	On-Campus Instruction	Online Synchronous Instruction	Online Asynchronous Instruction	Total Program Hours
100% On-Ground Option	80 hours	0 hours	0 hours	80 hours
100% Online Option	0 hours	80 hours	0 hours	80 hours

Program Learning Outcomes (PLOs)

Upon successful completion of the Billing and Coding Specialist program, students will be able to apply medical terminology, healthcare laws, regulations, and ethical standards to accurately interpret, document, and manage patient information in clinical and administrative settings.

Students will demonstrate the ability to utilize electronic health records (EHR) systems and medical billing software to maintain accurate patient data, support healthcare operations, and ensure compliance with industry standards, including HIPAA and regulatory requirements.

Graduates will perform medical billing and coding procedures using industry-standard coding systems (ICD-10, CPT, and HCPCS), process insurance claims and reimbursement procedures, and manage components of the healthcare revenue cycle, including billing, collections, and financial record management.

Students will apply compliance and auditing principles to ensure accuracy, prevent fraud, and maintain adherence to healthcare regulations, while demonstrating professional communication skills when interacting with patients, providers, and insurance representatives.

Upon completion, students will be prepared to pursue industry certification as a Billing and Coding Specialist (CBCS) through the National Healthcareer Association (NHA), demonstrating readiness for entry-level roles in medical billing and coding.

Program Schedule

The program is delivered in an in residence or distance education format consisting of either on-ground instruction or distance learning.

Certification Preparation

The curriculum provides foundational knowledge aligned with competencies required for the Electronic Health Records Specialist certification examination offered by the National Healthcareer Association.

Certification is optional and may require additional fees paid directly to the certification organization. While NHA certification is encouraged as a valuable industry credential, it is not a requirement for graduation or for earning the Certificate of Completion from the Accounting Academy.

Program Structure

Course Number	Course Title	Duration
MED 100	Medical Terminology, Law, and Ethics	8 Weeks
MED 115	Electronic Healthcare Records and Medical Office Systems	8 Weeks

Course Description:

MED 100 – Introduction to Medical Assisting and Healthcare Systems

This course introduces students to the healthcare industry and the role of administrative professionals within healthcare environments. Topics include healthcare systems, medical terminology, professional ethics, patient interaction, and healthcare privacy regulations. Students develop foundational knowledge necessary to support administrative healthcare functions while learning the responsibilities and expectations of healthcare office personnel.

Instruction also introduces students to healthcare documentation practices, administrative workflow in healthcare environments, and the importance of maintaining patient confidentiality and compliance with federal healthcare privacy regulations.

MED 115 – Electronic Health Records and Medical Office Administration

This course focuses on the management and administration of patient medical records within healthcare environments. Students learn how electronic health record systems are used to organize, maintain, and secure patient health information.

Topics include medical documentation procedures, electronic record management, healthcare communication, appointment scheduling systems, and administrative workflows used in healthcare offices. Students also learn documentation methods including Problem-Oriented Medical Records (POMR) and SOAP documentation formats used for recording patient information.

Instruction emphasizes the importance of maintaining accurate patient records while ensuring compliance with healthcare privacy and confidentiality standard

Admission Requirements

Applicants must:

1. Be at least 18 years of age or meet state requirements
2. Possess a high school diploma or equivalent
3. Complete an admissions interview and enrollment documentation
4. Demonstrate basic computer literacy
5. Have access to a computer and reliable internet

Graduation Requirements

To successfully complete the program, students must:

1. Complete all required courses (MED 100 and MED 108)
2. Achieve a minimum cumulative grade of 70%
3. Complete all assignments, projects, and assessments
4. Meet institutional academic and attendance requirements
5. Satisfy all financial obligations to the institution

This program prepares students for the:

Certified Billing and Coding Specialist (CBCS) certification through the National Healthcareer Association (NHA)

Certification requirements, eligibility criteria, and examination fees are determined by the certifying organization. While NHA certification is encouraged as a valuable industry credential, it is not a requirement for graduation or for earning the Certificate of Completion from the Accounting Academy.

Regulatory Disclosure

This program is pending approval by the California Bureau for Private Postsecondary Education (BPPE) and is not currently offered at The Accounting Academy. No enrollment, instruction, or collection of tuition will occur until approval has been granted.
